

Quotes About Risking It All

Great Britain. Parliament. House of Commons

The Zen of Gambling Wayne Allyn Root, Paul Pease, 2004

"All Authority Has Been Given To Me" Tim Lehman, 2019-11-20 For much of Christian history, greater focus has been paid to Jesus' death than to his three years of ministry, and his crucifixion has often been understood primarily as a means to salvation in heaven. But retired pastor Tim Lehman contends that we've drastically missed the point by not looking closely at and learning from Jesus' words and actions before his death. As a result, we lose out on the joy and freedom of living fully as his disciples and experiencing salvation already in this life on earth. In this broad study of Matthew's Gospel, Lehman challenges readers to view Jesus' death in light of his life. He urges us not just to believe in Jesus, but to believe Jesus--to take seriously all that he taught and how he lived. As Lehman leads readers along a carefully laid path, Christians and non-Christians alike will have to rethink long-held assumptions: the place of violence in the Christian life; the givenness of division in our modern world; the meaning of atonement, salvation, and the kingdom of heaven; and more. But along the way, we are sure to learn, grow, and, hopefully, come to know more deeply God's unconditional love for all.

The Merchant of Venice William Baker, Brian Vickers, 2005-05-15 The Merchant of Venice has always been regarded as one of Shakespeare's most interesting plays. Before the nineteenth century critical reaction is relatively fragmentary. However between then and the late twentieth century the critical tradition reveals the tremendous vitality of the play to evoke emotion in the theatre and in the study. Since the middle of the twentieth century reactions to the drama have been influenced by the Nazi destruction of European Jewry. The first volume to document the full tradition of criticism of The Merchant of Venice includes an extensive introduction which charts the reactions to the play up to the beginning of the twenty first century and reflects changing reactions to prejudice in this period. Material by a variety of critics appears here for the first time since initial publication. Reactions are included from: Malone, Hazlitt, Jameson, Heine, Knight, Lewes, Halliwell-Phillips, Furnivall, Irving, Ruskin, Swinburne, Masfield, Gollancz and Quiller-Couch.

How Much Do We Deserve? Richard S. Gilbert,2001 Sheds new light on the injustice arising from the widening gap between rich and poor in the United States.

Choice ,2003

European Theatre Performance Practice, 1900 to the Present Geoff Willcocks,2016-12-05 This volume captures the rich diversity of European performance practice evident in the twentieth and early part of the twenty-first century. Written by leading directors, actors, dancers, scenographers and academics from across Europe, the collection spans a broad range of subject areas including dance, theatre, live art, multimedia performance and street protest. The essays are divided into three sections on: performers and performing; staging performance; representation and reception, and document innovations in acting, performance and stagecraft by key practitioners. Articles also explore the ways that performance has been used to stage debates around major preoccupations of the age such as war, the human condition, globalization, the impact of new technologies and identity politics. This volume, which features previously published performance manifestoes, articles, and book chapters on the most frequently discussed and debated topics in the field, is an indispensable reference work for both academics and students.

Unitarian Review and Religious Magazine Charles Lowe, Henry Wilder Foote, John Hopkins Morison, Henry H. Barber, James De Normandie, Joseph Henry Allen, 1876

In Search of Lost Meaning Adam Michnik, 2011-05-23 In this new collection of essays, Adam Michnik—one of Europe's leading dissidents—traces the post-cold-war transformation of Eastern Europe. He writes again in opposition, this time to post-communist elites and European Union bureaucrats. Composed of history, memoir, and political critique, *In Search of Lost Meaning* shines a spotlight on the changes in Poland and the Eastern Bloc in the post-1989 years. Michnik asks what mistakes were made and what we can learn from climactic events in Poland's past, in its literature, and the histories of Central and Eastern Europe. He calls attention to pivotal moments in which central figures like Lech Walesa and political movements like Solidarity came into being, how these movements attempted to uproot the past, and how subsequent events have ultimately challenged Poland's enduring ethical legacy of morality and liberalism. Reflecting on the most recent efforts to grapple with Poland's Jewish history and residual guilt, this profoundly important book throws light not only on recent events, but also on the thinking of one of their most important protagonists.
