

Quotes About Women Of Faith

Mary Horner

Great Women of Faith Sue Stanton,2003

Women of the Bible and Contemporary Women of Faith Jacqueline George,2017-09-22 This book focuses on a selected sample of women of faith from the Bible to contemporary times. It addresses how these women have been change agents in multiple facets of life, including in the family, in politics, and in the wider society. While their underlying connection can be seen as their faith in God and their willingness to serve, their vulnerability has also been evident. For the reader seeking to increase his or her faith in God and develop a closer spiritual walk, and for any whose interest lies in recognizing the similarities between biblical times and the present, this review that ranges from Eve through Mother Teresa through Oprah and Malala should be a must-read.

Encyclopedia of Women and Religion in North America: Women in North American Catholicism Rosemary Skinner Keller,Rosemary Radford Ruether,Marie Cantlon,2006 A fundamental and well-illustrated reference collection for anyone interested in the role of women in North American religious life.

Women of Faith and Courage Mary Walker,2021-01-15 Each of you should use whatever gift you have received to serve others, as faithful stewards of God's grace... (I Peter 4:10). The women whose stories are in these pages display many exceptional traits. They are wise, dependable, thrifty, energetic, and unselfish. They are good wives, mothers, daughters, sisters, and friends. Some will stand out in one or more of these spheres, while others will shine in different areas. But there is one thing they all have in common: they were all very courageous. How do these women show their courage? Many will exhibit grace under fire. They have a strong presence of mind. They are able to act decisively because they are sure of their convictions. A courageous woman can say, I'm sorry, and mean it. She is gracious. Courageous women depend on God. They trust Him and accept His will in their lives. They are willing to accept what God gives them in their lives. When they perceive His will, they put their all into the tasks before them. Brave women are willing to take a stand for what they believe. They will draw a line in the sand and not cross it. Unjust powers, no matter how fearsome, will not deter them from their righteous goals. Courageous women also love others. They are unselfish. They put the needs of others ahead of their own. Their confidence in God's call in their lives is high enough to free them to be able to act independently. Women of courage will share Christ's gospel of peace, forgiveness, joy, and love with others. We live in uncertain times. Only the courageous woman

will get through the perils holding her head up high. In these stories, we have examples before us of how a victorious life can be lived.

Women of Faith Mary Beth Fraser Connolly, 2014-02-03 When the Sisters of Mercy lost their foundress Sister Catherine McAuley in 1841, stories of Mother Catherine passed from one generation of sisters to the next. McAuley's Rule and Constitutions along with her spiritual writings and correspondence communicated the Mercys' founding charism. Each generation of Sisters of Mercy who succeeded her took these words and her spirit with them as they established new communities or foundations across the United States and around the world. In *Women of Faith*, Mary Beth Fraser Connolly traces the paths of the women who dedicated their lives to the Sisters of Mercy Chicago Regional Community, the first Congregation of Catholic Sisters in Chicago. More than the story of the institutions that defined the territory and ministries of the women of this Midwestern region, *Women of Faith* presents a history of the women who made this regional community, whether as foundresses of individual communities in Wisconsin, Iowa, and Illinois in the nineteenth and early twentieth centuries or as the teachers, nurses, and pastoral ministers who cared for and educated generations of Midwestern American Catholics. Though they had no immediate connection with McAuley, these women inherited her spirit and vision for religious life. Focusing on how the Chicago Mercys formed a community, lived their spiritual lives, and served within the institutional Catholic Church, this three-part perspective addresses community, spirituality, and ministry, providing a means by which we can trace the evolution of these women of faith as the world around them changed. The first part of this study focuses on the origins of the Sisters of Mercy in the Midwest from the founding of the Chicago South Side community in 1846 through the amalgamation and creation of the Chicago Province in 1929. The second part examines how the Mercys came together as one province through the changes of Vatican II from 1929 to the 1980s. Part III examines life after the dramatic changes of Vatican II in the 1990s and 2000s. Presenting rich examples of how faith cannot be separated from identity, *Women of Faith* provides an important new contribution to the scholarship that is shaping our collective understanding of women religious.

Women of Faith in Victorian Culture Andrew Bradstock, 2016-02-09 An interdisciplinary study of Victorian women of faith as portrayed in the fiction and non-fiction of the period. The book explores how novelists, biographers and other writers depicted religious women, with special reference to the influence of the ideal of the 'Angel in the House' as embodied in Coventry Patmore's poem of that name. Among those whose work is explored are George Eliot, Elizabeth Gaskell, Christina Rossetti, George Moore and Anne Bront as well as hymnwriters, missionary biographers, non-conformist obituarists and artists of the Aesthetic Movement.

Ancient Israel's Women of Faith Claude F. Mariottini, 2025-11-18 Do You Know the God of Ancient Israel's Women of Faith? Believers today are facing a profound spiritual poverty—an ignorance of the women who shaped their faith and, as a result, an incomplete understanding of the God those women faithfully served.

The inspired writers of the Old Testament mention over one hundred women by name and countless others in passing. Yet how many of us know the stories of these women and the God who wrote them? Sheerah built three cities and had one named after her. Jehosheba executed a covert operation to preserve the Davidic line. Miriam left us a legacy of worship that persists to this day. Then there are the women who proclaimed the good news of God, prophesied truth to power, protected Israel from her enemies, relentlessly interceded for God to act, and passed along a living faith in the God who did. Each of these women and their stories finds a place in God's redemptive plan for his creation. In *Ancient Israel's Women of Faith*, Claude Mariottini introduces readers to a fresh reading of Scripture that takes seriously these stories. In doing so, he challenges anachronistic, modern readings of the text by providing helpful contextual information, including nuances in the original language, histories of translation, and observations on the cultural, political, legal, economic, and religious landscapes of their time. Readers of this title will walk away with new insights, questions, and areas for research, but, more importantly, they'll walk away with a new understanding of the God of ancient Israel's women of faith.
