John Milton Brett Foster, 2009 Presents a collection of critical essays on the works of John Milton.

Remythologizing Theology Kevin J. Vanhoozer, 2010-01-14 Kevin J. Vanhoozer develops a new vision of Christian theism by establishing divine communicative action as the formal and material principle of theology. His contribution revisits long-standing controversies such as the relations of God's sovereignty to human freedom, time to eternity, and suffering to love.

Genesis Myth in Beowulf and Old English Biblical Poetry Joseph St. John, 2024-07-31 *Genesis Myth in Beowulf and Old English Biblical Poetry* explores the adaptation of antediluvian Genesis and related myth in the Old Testament poems *Genesis A* and *Genesis B*, as well as in *Beowulf*, a secular heroic narrative. The book explores how the Genesis poems resort to the Christian exegetical tradition and draw on secular social norms to deliver their biblically derived and related narratives in a manner relevant to their Christian Anglo-Saxon audiences. In this book it is suggested that these elements work in unison, and that the two Genesis poems function coherently in the context of the Junius 11 manuscript. Moreover, the book explores recourse to Genesis-derived myth in *Beowulf*, and points to important similarities between this text and the Genesis poems. It is therefore shown that while *Beowulf* differs from the Genesis poems in several respects, it belongs in a corpus where religious verse enjoys prominence.

The Narrative Functions of Repetition in John Milton's Paradise Regained Angela Reich, 2006 Uncovers iteration as an operational mode of presentation. This work falls into categories such as: the active manipulation of the telling of events through time in anachronic groupings; the re-telling of stories by different characters for the sake of reader perception; and the manipulation of time in the use of prophecy.

Milton's Eyesight and the Chronology of His Works Heinrich Mutschmann, 1924 The author, in a landmark study, traces the advancing deterioration of Milton's eyesight & relates significant passages in his works to various stages in his loss of

Milton's Places of Hope Mary C. Fenton,2017-03-02 In early modern culture and in Milton's poetry and prose, this book argues, the concept of hope is intrinsically connected with place and land. Mary Fenton analyzes how Milton sees hope as bound both to the spiritual and the material, the internal self and the external world. Hope, as Fenton demonstrates, comes from commitment to literal places such as the land, ideological places such as the nation, and sacred, interior places such as the human soul. Drawing on an array of materials from the seventeenth century, including emblems, legal treatises, political pamphlets, and prayer manuals, Fenton sheds light on Milton's ideas about personal and national identity and where people should place their sense of power and responsibility; Milton's politics and where he thought the English nation was and where it should be heading; and finally, Milton's theology and how individuals relate to God.
