Sociología e historia de la ciudad desconcentrada Otero Enríquez, Raimundo,2017-12-30 El estudio de las relaciones centrífugas entre la ciudad y sus espacios circundantes ha ocupado tradicionalmente un lugar muy destacado en los escenarios teóricos y empíricos de la sociología urbana y rural. Tales relaciones, o procesos de desconcentración urbana, están generando una ingente cantidad de preguntas difíciles de responder: ¿qué tipos de periferias existen en los tramados metropolitanos actuales?, ¿cómo han evolucionado en los últimos años los suburbios de las megaciudades?, ¿qué elementos caracterizan a los hábitats exurbanos transcontinentales?, ¿hasta qué punto los fenómenos contraurbanos han alterado las interacciones campo-ciudad durante las pasadas décadas? Este libro trata de proponer, mediante un análisis histórico-comparativo que comienza en la Antigüedad, un marco teórico holístico que nos ayude a comprender las complejas variables estructurales y superestructurales que vertebran los procesos de desconcentración urbana. También pretende, a través de un estudio de caso centrado en el sistema territorial español, cuestionar las visiones historicistas y unidireccionales del cambio urbano.

Angela Carter Translator and Translated Martine Hennard Dutheil de la Rochère,Marie Emilie Walz,2025-12-22 Angela Carter Translator and Translated situates the British writer Angela Carter within a global framework by documenting how foreign languages and cultures played a key role in her work, before gaining attention internationally today, notably in translation. A published translator who used translation as a creative method to fashion her fiction, Carter has now been translated into multiple languages. The essays and interviews contained in this volume show that, as it moves between tongues and cultural contexts, Carter's work continues to initiate dialogues and inspire both critical and creative responses. Organised in four parts, it documents her activity as a translator and the generative role it played in her oeuvre and informed her translational poetics, as well as the circulation of her work in translation on several continents, complete with testimonies of translators and adaptors who stress its inspiring force.
