*Will The Real King Assassin Please Stand Up From Sanity to Insanity* Kim Smalls, 2017-09-07 Kim L. Smalls was born to the late Mr. and Mrs. Robert L. Smalls as a baby boomer. She was educated by the public school system when prayer was a part of their protocol. She was baptized at the tender age of seven. Kim later received her Bachelor of Science degree at New York Institute of Technology in 1979 and majored in Sociology. She was a Case Manager by profession, lived the life of parties, drugs, tobacco and alcohol which included the riotous living of men. At the age of twenty, she gave birth to her daughter, Nikeya. Kim is loving, kind and generous to a fault. She is humble, lowly and often taken advantage of by most as a prodigal child of God. She was living and learning the hard life of schizophrenia. God is an active part of Kim's life. She has been delivered, set free and completely sold out to Jesus as a child of God since the year of our Lord 2000. Will the real King assassin please stand up from sanity to insanity sowed while her Christian experience flourished to the height of the Antichrist? Kim could not stand alone in the truth of her sanity as she believed the government waged war. Kim's pursuit of justice was pending and loomed forward redeemed by the Highest God. Terrorism and her black skin mattered against the forces of evil. The powers of darkness again victimized the late great Reverend Dr. Martin King Jr. and Kim was a witness. This is her testimony dared to be given in church and on the couch due to expletives and another new millennium.

*The Oxford English Dictionary* Oxford University Press, 1989 The Oxford English Dictionary is the ultimate authority on the usage and meaning of English words and phrases, and a fascinating guide to the evolution of our language. It traces the usage, meaning and history of words from 1150 AD to the present day. No dictionary of any language approaches the OED in thoroughness, authority, and wealth of linguistic information. The OED defines over half a million words, and includes almost 2.4 million illustrative quotations, providing an invaluable record of English throughout the centuries. The 20-volume Oxford English Dictionary is the accepted authority on the evolution of the English language over the last millennium. It is an unsurpassed guide to the meaning, history, and pronunciation of over half a million words, both present and past. The OED has a unique historical focus. Accompanying each definition is a chronologically arranged group of quotations that trace the usage of words, and show the contexts in which they can be used. The quotations are drawn from a huge variety of international sources - literary, scholarly, technical, popular - and represent authors as disparate as Geoffrey Chaucer and Erica Jong, William Shakespeare and Raymond Chandler, Charles Darwin and John Le Carré. In all, nearly 2.5 million quotations can be found in the OED. Other features distinguishing the entries in the Dictionary are authoritative definitions of over 500,000 words; detailed information on pronunciation using the International Phonetic Alphabet; listings of variant spellings used throughout each word's history; extensive treatment of etymology; and details of area of usage and of any regional characteristics (including geographical origins).
