Mozart's Piano Music William Kinderman, 2006-11-30 Mozart's emergence as a mature artist coincides with the rise to prominence of the piano, an instrument that came alive under his fingers and served as medium for many of his finest compositions. In *Mozart's Piano Music*, William Kinderman reconsiders common assumptions about Mozart's life and art while offering comprehensive and incisive commentary on the solo music and concertos. After placing Mozart's pianistic legacy in its larger biographical and cultural context, Kinderman addresses the lively gestural and structural aspects of Mozart's musical language and explores the nature of his creative process. Incorporating the most recent research throughout this encompassing study, Kinderman expertly surveys each of the major genres of the keyboard music, including the four-hand and two-piano works. Beyond examining issues such as Mozart's earliest childhood compositions, his musical rhetoric and expression, the social context of his Viennese concertos, and affinities between his piano works and operas,

Kinderman's main emphasis falls on detailed discussion of selected individual compositions.

Playing Beyond the Notes Deborah Rambo Sinn, 2013-05-30 *Playing Beyond the Notes: A Pianist's Guide to Musical Interpretation* demystifies the complex concepts of musical interpretation in Western tonal piano music by boiling it down to basic principles in an accessible writing style. Author and veteran piano instructor Deborah Rambo Sinn tackles a different interpretive principle, explaining clearly, for example, how to play effective ornaments and rubatos. As a whole, the book helps pianists understand concrete ways to apply interpretive concepts to their own playing and gives teachers practical ways to teach interpretation to their students. The book is illustrated with over 200 repertoire excerpts and supplemented by a companion website with over 100 audio recordings. *Playing Beyond the Notes* is essential reading for all performing pianists, independent piano teachers, and piano pedagogy students.
