**Geoffrey Bennett**

**The Price of Disobedience** Eric Grove, 2001 Naval scholar Eric Grove reassesses the first British naval encounter of World War II - the Battle of the River Plate. In late 1939, a force from the Royal Navy engaged the German battleship Graf Spee, which had been raiding commercial shipping in the southwest Atlantic. Though the Graf Spee was outnumbered, it inflicted serious damage to the British ships before taking refuge in the harbor at Montivideo, Uruguay. Four days later her commander, assuming a much superior force waited for him, scuttled his ship and then committed suicide. This controversial story of risk and naval strategy has been told before, but Grove has unearthed previously unpublished sources to provide a definitive account of the battle and throw new light on the motivation of the Graf Spee's captain. A thought-provoking book, it will attract naval historians and others with an interest in World War II.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

**The Battle of the River Plate** Gordon Landsborough, 2016-08-31 A riveting and revelatory history of the first naval battle of the Second World War, when British and German forces clashed off the coast of South America. At dawn on December 13, 1939, smoke was seen on the horizon in the River Plate, an estuary near the shorelines of Argentina and Uruguay. Ordered to investigate, Britain's HMS Exeter reported a chilling discovery by lamp signal: I think it is a pocket battleship. It was. The Deutschland-class heavy cruiser Admiral Graf Spee, marauder of the South Atlantic, was responsible for sinking several merchant ships without resistance. Now, it had sailed into a trap. British light cruisers HMS Ajax and Achilles joined the Exeter in engaging a German warship which—so Adolph Hitler had boasted—could out-maneuver any vessel powerful enough to damage her, and out-gun any ship able to keep up with her. So began The Battle of the River Plate. Gordon Landsborough's true account of this historic conflict details the fateful decisions made by Royal Navy Commodore Henry Harwood and Admiral Graf Spee's Captain Hans Langsdorff that resulted in a British victory. It was a naval encounter in the finest Horatio Nelson tradition—and true to that tradition—the men with the finest armament of all, courage, emerged triumphant, bringing pride and inspiration into the hearts of a nation unwillingly at war once again. Features an Appendix containing the official dispatch detailing the Battle of the River Plate.

The Battle of the River Plate Dudley Pope, 2005-01-01 This tale of the Battle of the River Plate follows the machinations of the German war machine as Kapitan zur See Hans Langsdorff commands the pocket battleship Graf Spee on a mission to

cripple British shipping. Through clever subterfuge and daring, the Graf Spee takes ship after ship, ultimately forcing the British Navy to send twenty ships in search of the elusive German vessel. Pope presents a true, enthralling account of the men, ships, and tactics that culminated in this naval action which so brilliantly began Britain's war at sea.

**The Battle of the River Plate** Richard Woodman,2008-03-20 A study and reassessment of the major World War II battle in the South Atlantic between the British and German navies. The Battle of the River Plate was the first major naval confrontation of the Second World War, and it is one of the most famous. The dramatic sea fight between the German pocket battleship Admiral Graf Spee and the British cruisers Exeter, Ajax, and Achilles off the coast of South America caught the imagination in December 1939. Over the last sixty years the episode has come to be seen as one of the classics of naval warfare. Yet the accepted interpretation of events has perhaps been taken for granted and is ripe for reassessment, and that is one of the aims of Richard Woodman's enthralling new study. **Command Decisions: Langsdorff and the Battle of the River Plate** David Miller,2013-04-08 This compelling new study of the Battle of the River Plate concentrates on Kapitn zur See Hans Langsdorff, the commander of the German pocket battleship Graf Spee it is written from his point of view. The story of his mission at the start of the Second World War to prey on merchant shipping is graphically retold, and Langsdorffs command decisions are the primary focus of David Millers

gripping narrative. He considers in vivid detail the factors Langsdorff had to consider as he assessed the situation of his ship and choose his course of action. He describes the intelligence Langsdorff received and his knowledge of the position and strength of the forces of the Royal Navy that were arrayed against him. Langsdorffs interpretation of his mission and the tense calculations he had to make in order to carry it out are the essential elements of this dramatic story. Langsdorff, operating alone and thousands of miles away from home and with no prospect of support, had to grapple with the enormous burden of a lone command. He made grave mistakes, and these are ruthlessly exposed. But this fascinating re-examination of his actions and his leadership does nothing to diminish his reputation as a brave and honourable officer.
