Summary of the Secret - by Rhonda Byrne , Written by Sapiens Editorial Sapiens Editorial,2018-06-05 ABOUT OF THE ORIGINAL BOOK The Secret is one of the most requested books in recent years. In it, the author reveals the key to success, power, and prosperity. It addresses the importance of positive thinking, a condition that has been known for thousands of years, and one to which many gurus and writers have dedicated their research and work. This is the Law of Attraction, which postulates that positive thoughts attract a life of happiness and prosperity. That is the secret. The synthesis of this argument is that the universe responds to the desires of each individual, whether positive or negative, so we will receive what we desire and think about. This is a work of personal improvement that can change people's lives. The reflections and affirmations it presents allow the attraction of joy and harmony into the lives of those who are willing to follow its suggestions. The road to achieving all of the things that you want will be in your hands, and your dreams will come true. -ABOUT SAPIENS EDITORIAL Books are mentors. Books can guide what we do and our lives. Many of us love books

while reading them and maybe they will echo with us a few weeks after but 2 years later we can't remember if we have read it or not. And that's a shame. We remember that at that time, the book meant a lot to us. Why is it that 2 years later we have forgotten everything? That's not good. This summary is taken from the most important themes of the original book. Most people don't like books. People just want to know what the book says they have to do. If you trust the source you don't need the arguments. So much of a book is arguing its points, but often you don't need the argument if you trust the source you can just get the point. This summary takes the effort to distill the blahs into themes for the people who are just not going to read the whole book. All this information is in the original book.
