## Seamus Heaney

*The Translations of Seamus Heaney* Seamus Heaney, 2023-03-21 The complete translations of the poet Seamus Heaney, a Nobel laureate and prolific, revolutionary translator. Seamus Heaney's translation of Beowulf, published in 1999, was immediately hailed as an undisputed masterpiece, "something imperishable and great" (James Wood, The Guardian). A few years after his death in 2013, his translation of Virgil's Aeneid Book VI caused a similar stir, providing "a remarkable and fitting epilogue to one of the great poetic careers of recent times" (Nick Laird, Harper's Magazine). Now, for the first time, the poet, critic, and essayist's translations are gathered in one volume. Heaney translated not only classic works of Latin and Old English but also a great number of poems from Spanish, Romanian, Dutch, Russian, German, Scottish Gaelic, Czech, Ancient and Modern Greek, Middle and Modern French, and Medieval and Modern Italian, among other languages. In particular, the Nobel laureate engaged with works in Old, Middle, and Modern Irish, the languages of his homeland and early education. As he said, "If you lived in the Irish countryside as I did in my childhood, you lived in a primal Gaeltacht." In *The Translations of Seamus Heaney*, Marco Sonzogni has collected Heaney's translations and framed them with the poet's own writings on his works and their composition, sourced from introductions, interviews, and commentaries. Through this volume, we come closer to grasping the true extent of Heaney's extraordinary abilities and his genius.

Aeneid Book VI Seamus Heaney, 2025-09-23 A masterpiece from one of the greatest poets of the century In a momentous publication, Seamus Heaney's translation of Book VI of the Aeneid, Virgil's epic poem composed sometime between 29 and 19 BC, follows the hero, Aeneas, on his descent into the underworld. In *Stepping Stones*, a book of interviews conducted by Dennis O'Driscoll, Heaney acknowledged the significance of the poem to his writing, noting that there's one Virgilian journey that has indeed been a constant presence, and that is Aeneas's venture into the underworld. The motifs in Book VI have been in my head for years--the golden bough, Charon's barge, the quest to meet the shade of the father. In this new translation, Heaney employs the same deft handling of the original combined with the immediacy of language and sophisticated poetic voice as was on show in his translation of Beowulf, a reimagining which, in the words of James Wood, created something imperishable and great that is stainless--stainless, because its force as poetry makes it untouchable by the claw of literalism: it lives singly, as an English language poem.

**Sweeney Astray** Seamus Heaney, 1984 Seamus Heaney's version of the medieval Irish work *Buile Suibne*. Mad Sweeney undergoes a series of purgatorial adventures after he is cursed by a saint and turned into a bird at the Battle of Moira.

A Sociological Approach to Poetry Translation Jacob S. D. Blakesley, 2018-10-31 This volume provides an in-depth comparative study of translation practices and the role of the poet-translator across different countries and in so doing, demonstrates the need for poetry translation to be extended beyond close reading and situated in context. Drawing on a corpus composed of data from national library catalogues and Worldcat, the book examines translation practices of English-language, French-language, and Italian-language poet-translators through the lens of a broad sociological approach. Chapters 2 through 5 look at national poetic movements, literary markets, and the historical and socio-political contexts of translations, with Chapter 6 offering case studies of prominent and representative poet-translators from each tradition. A comprehensive set of appendices offers readers an opportunity to explore this data in greater detail. Taken together, the volume advocates for the need to study translation data against broader aesthetic, historical, and political trends and will be of particular interest to students and scholars in translation studies and comparative literature.

Seamus Heaney and the Art of Translation Eugene O'Brien, Ian Hickey, 2025-12-22 Seamus Heaney and the Art of Translation is comprised of eleven essays that examine the Nobel prize winning poet's translations, and that situates the works within a transnational perspective. The essays focus on the broad and varied connections Heaney makes with writers from an Irish and European background. The book contains close readings of the poet's associations and interest in exemplars such as Dante, Virgil, Baudelaire, Blandiana and Ní Dhomhnaill, to mention but a few. Attention is also paid to broader areas of influence such as the Greek and Roman classics, Anglo-Saxon, Irish and Eastern-European literature. The volume addresses Heaney's poetry in translation, as well as his dramatic works and prose writing. This study is broad in its approach to Heaney's translations and offers new readings of these works from leading international scholars in the field.

**Seamus Heaney and Medieval Poetry** Conor McCarthy, 2008 Seamus Heaney's engagement with medieval literature constitutes a significant body of work by a major poet including a landmark translation of *Beowulf*. This title examines both Heaney's direct translations and his adaptation of medieval material in his original poems.

*Retracing the History of Literary Translation in Poland* Magda Heydel, Zofia Ziemann, 2021-09-30 This book, the first of its kind for an English-language audience, introduces a fresh perspective on the Polish literary translation landscape, providing unique insights into the social, political, and ideological underpinnings of Polish translation history. Employing a problem-based approach, the book creates a map of different research directions in the history of literary translation in Poland, highlighting a holistic perspective on the discipline's development in the region. The four sections explore topics of particular interest in current translation research, including translation and cultural borderlands, the agency of women translators, translators as intercultural mediators, and the intersection of translation research and digital methods. The 15 contributions

demonstrate the ways in which Polish culture has represented translated work in its own way, informed and shaped by socio-political changes in Polish history. At the same time, the volume situates Polish research in translation within the growing body of work on Central and Eastern European translation studies, as well as looking at them against the backdrop of the international development of the discipline. This collection offers a valuable addition to existing research on Western literary canons, making it key reading for scholars in translation studies, comparative literature, cultural studies, and Slavonic studies.

**Beowulf: A New Translation** Maria Dahvana Headley, 2020-08-25 Named one of the Best Poetry Books of 2021 by The Guardian Longlisted for the 2021 National Translation Award in Poetry. Picked for Kirkus Reviews' Best Fiction in Translation of 2020. Named a Book of the Year by NPR, Vox, and The New Statesman. Picked for Loyalty Books' Holiday List. A new, feminist translation of Beowulf by the author of the much-buzzed-about novel *The Mere Wife* Brash and belligerent, lunatic and invigorating, with passages of sublime poetry punctuated by obscenities and social-media shorthand. —Ruth Franklin, *The New Yorker* The author of the crazy-cool Beowulf-inspired novel *The Mere Wife* tackles the Old English epic poem with a fierce new feminist translation that radically recontextualizes the tale. —Barbara VanDenburgh, *USA Today* Nearly twenty years after Seamus Heaney's translation of Beowulf—and fifty years after the translation that continues to torment high-school students around the world—there is a radical new verse translation of the epic poem by Maria Dahvana Headley, which brings to light elements that have never before been translated into English, recontextualizing the binary narrative of monsters and heroes into a tale in which the two categories often entwine, justice is rarely served, and dragons live among us. A man seeks to prove himself as a hero. A monster seeks silence in his territory. A warrior seeks to avenge her murdered son. A dragon ends it all. The familiar elements of the epic poem are seen with a novelist's eye toward gender, genre, and history—Beowulf has always been a tale of entitlement and encroachment, powerful men seeking to become more powerful, and one woman seeking justice for her child, but this version brings new context to an old story. While crafting her contemporary adaptation of Beowulf, Headley unearthed significant shifts lost over centuries of translation.

**Studies in the History of the English Language IV** Susan M. Fitzmaurice, Donka Minkova, 2008-11-06 Empirical and Analytical Advances in the Study of English Language Change continues the project of initiating and energizing the conversations among historians of the English language fostered by the series of conferences on studying the history of the English language (SHEL), begun in 2000 at UCLA. It follows in the footsteps of three high-profile SHEL-based collections of peer-reviewed research papers and point-counterpoint commentaries. In the current volume, the editors invited contributors to reflect upon their approaches and practices in undertaking historical studies, focusing particularly on the methods deployed in selecting and analyzing data. The essays in this volume represent interests in the study of linguistic change in English that range across different periods, genres, and aspects of the language and show different approaches and use of

evidence to deal with the subject. They also represent the current state of research in the field and the nature of the debates in which scholars and historians engage as regards the nature of the evidence adduced in the explanation of change and the robustness of heuristics. The editors share a strong interest in examining the evidence that informs and grounds research in their fields at the same time as interrogating the heuristics employed by their colleagues for the histories they present. The contributions to the volume give expression to these interests. Contributors are: Richard Hogg (to whose memory the volume is dedicated), William Labov, Elizabeth Traugott, Rob Fulk, Thomas Cable, Jennifer Tran-Smith, Charles Li, Christina Fitzgerald, David Denison, Christopher Palmer, Don Chapman, Graeme Trousdale, Joan Beal, Connie Eble, Stefan Dollinger and Raymond Hickey. The volume is of interest to scholars and postgraduate and research students in the history of English, English philology, and (English) historical linguistics.

**The Poems of Seamus Heaney** Seamus Heaney, 2025-11-18 This definitive collection of Seamus Heaney's poetry, published in a single volume for the first time, gives us the full arc of the Nobel laureate's long and varied career. Seamus Heaney's voice is like no other—by turns mythological and journalistic, rural and sophisticated, reminiscent and impatient, stern and yielding, curt and expansive (Helen Vendler, *The New Yorker*). Published in a single volume for the first time, the collected poems of Heaney is a testament to that unforgettable voice, and to the breadth and beauty of the Nobel laureate's long and brilliant career, from his first book, *Death of a Naturalist* (1966), to poems written for *Human Chain* (2010), his twelfth and final book.

**Classics in Translation** Peter Jones, 1998-11-12 Introducing the work of 20 of the ancient world's greatest authors, this work presents brief, readable essays, fully illustrated with quotations from modern (and some ancient) translations. The writers covered include Homer, Sappho, Herodotus, the Greek tragedians, the comic poets, sexy and subtle love poets such as Catullus, and vicious but witty satirists like Martial and Juvenal.

*Aeneid Book VI* Seamus Heaney, 2017-03-02 In a momentous publication, Seamus Heaney's translation of Book VI of the *Aeneid*, Virgil's epic poem composed sometime between 29 and 19 BC, follows the hero, Aeneas, on his descent into the underworld. In *Stepping Stones*, a book of interviews conducted by Dennis O'Driscoll, Heaney acknowledged the importance of the poem to his writing, noting that 'there's one Virgilian journey that has indeed been a constant presence, and that is Aeneas's venture into the underworld. The motifs in Book VI have been in my head for years - the golden bough, Charon's barge, the quest to meet the shade of the father.' In this new translation, Heaney employs the same deft handling of the original combined with the immediacy of language and flawless poetic voice as was on show in his translation of *Beowulf*, a reimagining which, in the words of Bernard O'Donoghue, brought the ancient poem back to life in 'a miraculous mix of the

poem's original spirit and Heaney's voice'.

*(Mis)translation and (mis)interpretation* Piotr Wilczek, 2005 The book *(Mis)translation and (Mis)interpretation: Polish Literature in the Context of Cross-Cultural Communication* is devoted to various aspects of the presence of Polish literature and culture in cross-cultural and international contexts. The chapters discuss the problems of the translation (and mistranslation), as well as the interpretation (and misinterpretation) of literary texts, cultural facts and even social interactions. Even though no specific literary or cultural theory is explicitly discussed in the book, each of the central issues raised in particular chapters implicitly refers to a significant theoretical problem. The first section of the book is devoted to five examples of English translations of Polish poetry and Polish translations of English poetry. The second section of the book is titled *Polish Culture in European and American Contexts*. The first three chapters discuss the issue of « hate speech and cultural misunderstandings in the context of Reformation polemics, and the problem of pattern poetry. The next five chapters deal with various issues of cross-cultural communication between Poland and America. All case studies discussed in the book exemplify one general problem: how to communicate effectively despite linguistic, cultural and religious differences and how to understand and translate the cultural heritage of the past to contemporary readers.

*Translation and Censorship* Eiléan Ní Chuilleanáin, 2009 Who are the censors of foreign literature? What motives influence them as they patrol the boundaries between cultures? Can cuts and changes sometimes save a book? What difference does it make when the text is for children, or designed for schools? These and other questions are explored in this wide-ranging international collection, with copious examples: from Catullus to Quixote, Petrarch to Shakespeare, Wollstonecraft to Waugh, Apuleius to Mansfield, how have migrating writers fared? We see many genres, from Celtic hero-tales to histories, autobiographies, polemics and even popular songs, transformed on their travels by the censor's hand.--

**"Kicking Bishop Brennan Up the Arse"** Eugene O'Brien, 2009 This collection of essays reconsiders aspects of Irish studies through the medium of literary and cultural theory. The author looks at the negotiations between texts and their contexts and then analyses how the writer both reflects and transforms aspects of his or her cultural milieu. The essays examine literary texts by W. B. Yeats, Seamus Heaney, James Joyce and Sean Ó'Faoláin; media texts such as *Father Ted*, *American Beauty* and a series of Guinness advertisements; as well as cultural and political contexts such as globalisation, religion, the Provisional IRA and media treatment of murders in Ireland. The author also looks at aspects of the postcolonial and feminist paradigms and makes use of a theoretical matrix based on the work of Jacques Derrida and Jacques Lacan.
