Anne Charlotte Botta

Young Adult and Canonical Literature Paula Greathouse, Victor Malo-Juvera, 2021-03-10 In the last decade alone, the world has changed in seismic ways as marriage equality has been ruled on by the supreme court, social justice issues such as #metoo and BlackLivesMatter have arisen, and issues of immigration and deportation have come to the forefront of politics across the globe. Thus, there is a need for an updated text that shares strategies for combining canonical and young adult literature that reflects the changes society has - and continues to - experience. The purpose of our collection is to offer secondary (6-12) teachers engaging ideas and approaches for pairing young adult and canonical novels to provide unique examinations of topics that teaching either text in isolation could not afford. Our collection does not center canonical texts and most chapters show how both texts complement each other rather than the young adult text being only an extension of the canonical. Within each volume, the chapters are organized chronologically according to the publication date of the canonical text. The pairings offered in this collection allow for comparisons in some cases, for extensions in others, and for critique in all.

The Old Testament: Canon, Literature and Theology John Barton, 2016-02-17 This collection of John Barton's work engages with current concern over the biblical canon, in both historical and theological aspects; with literary reading of the Bible and current literary theory as it bears on biblical studies; and with the theological reading and use of the biblical text. John Barton's distinctive writing reflects a commitment to a 'liberal' approach to the Bible, which places a high value on traditional biblical criticism and also seeks to show how evocative and full of insight the biblical texts are and how they can contribute to modern theological concerns. This invaluable selection of published writings by one of the leading authorities on biblical text and canon, also includes new essays and editorial introductions from the author.

Theological Exegesis in the Canonical Context Chen Xun, 2010 Modern Christian theology has been problematic with the schism between the Bible and theology, and between biblical studies and systematic theology. Brevard Springs Childs is one of those biblical scholars who dismiss this «iron curtain» separating the two disciplines. *Theological Exegesis in the Canonical Context*: Brevard Springs Childs's *Methodology of Biblical Theology* analyzes Childs's concept of theological exegesis in the biblical canons. Childs disregards negative influences of the historical-critical method by establishing canon-based theological exegesis that leads into confessional biblical theology. He demonstrates forcefully the inadequacies of the

historical-critical method in practicing biblical theology. His canonical approach establishes post-critical Christian biblical theology and works within the traditional framework of faith seeking understanding. Childs's biblical theology has a double task: descriptive and constructive, the former connects biblical theology with exegesis, the latter with dogmatics. He uses a comprehensive model that combines a thematic investigation of the essential theological contents of the Bible with a systematic analysis of the contents of the Christian faith. Childs's theological exegesis in the canonical context offers a new interpretation in the modern history of Christian theology.
