LM Reder

The Practice of Prophecy Li Ming Dennis Lum, 2018-03-26 The charisma of prophecy is found throughout the history of the global Pentecostal movement. Within the movement, prophecy is seen as the communication of an inspired, spontaneous revelation, bringing edification to the faith community. Despite its prevalence, academic research has mostly focused on the biblical-theological aspect, neglecting the actual contemporary practice. This book addresses this gap with a study on the practice of prophecy within the Assemblies of God of Singapore. The book investigates the nature, purpose, and significance of the phenomenon. It also identifies theological variables that are correlated with its practice and explicates these relationships. The investigation employs the empirical-theological method of Johannes van der Ven, utilizing both a qualitative and a quantitative study. The results provide a rich description of the actual reception, delivery, and judging of prophecy. Significant findings include relationships between prophecy and courage, love, personality types, prayer types, and evangelism.

Prophecy in Early Christianity and the Ancient Mediterranean World David E. Aune, 2003-08-12 Aune's comprehensive study of early Christian prophecy includes a review of its antecedents (Greco-Roman oracles, ancient Israelite prophecy, prophecy in early Judaism), a discussion of Jesus as prophet, and analyses of Christian prophetic speeches from Paul to the middle of the second century A.D. The most detailed study of early Christian prophecy written, Aune's book places the phenomenon of early Christian prophecy within the larger Greco-Roman world.

Understanding Spiritual Gifts Robert L. Thomas, 1978 This thorough study of spiritual gifts will help Christians understand their God-given gifts and how they should use those gifts in the church. Thomas explains each gift, examining them in the light of the Word. He also deals with the issues concerning the source, purpose, and nature of spiritual gifts. Understanding Spiritual Gifts will give readers new insight into how their gifts can be used for God's glory and service.

Hebrews as Pseudepigraphon Clare K. Rothschild,2009 Clare K. Rothschild offers the first comprehensive study of Hebrews' Pauline attribution, arguing the text was originally composed to amplify an early collection of Paul's letters.--

The Ante-Nicene Fathers Reverend Alexander Roberts,2007-05-01 One of the first great events in Christian history was the Council of Nicaea in 325 AD, convened to organize Christian sects and beliefs into a unified doctrine. The great Christian clergymen who wrote before this famous event are referred to as the Ante-Nicenes and the Apostolic Fathers, and their writings are collected here in a ten-volume set. The Ante-Nicenes lived so close to the time of Christ that their interpretations of the New Testament are considered more authentic than modern voices. But they are also real and flawed men, who are more like their fellow Christians than they are like the Apostles, making their words echo in the ears of spiritual seekers. In Volume III of the 10-volume collected works of the Ante-Nicenes first published between 1885 and 1896, readers will find three of Tertullians most famous writings. In Apologetic, Tertullian addresses the powers that be in Rome, demanding that Christians be accepted and tolerated by Roman law. In Anti-Marcion, Tertullian attacks and discusses heretics. And in Ethical he discusses a variety of moral questions.
