Heavy Lifting Jim Geraghty,Cam Edwards,2015-10-26 What has happened to men in America? Once upon a time, men in their twenties looked forward to settling down and having children. Today, most young men seem infected by a widespread Peter Pan syndrome. Unwilling to give up the freedom to sleep late, play video games, dress like a slob, and play the field, today's men wallow in an extended adolescence, ostensibly unaware that they're setting themselves up for a depressing, lonely existence. In this hilarious ode to male adulthood, Jim Geraghty and Cam Edwards—two happily married, 40-year-old men—have a simple message for their younger peers: Grow up!

Entrepreneurial project managers use these parameters to their benefit. Hurdling over obstacles with the bare minimum of effort makes their projects and teams stand out. Focusing inward to develop the skills and mindset necessary to accomplish anything with anyone sets an entrepreneurial project manager apart from the group. The Werewolf Filmography Bryan Senn, 2017-02-20 From the horrific to the heroic, cinematic werewolves are metaphors for our savage nature, symbolizing the secret, bestial side of humanity that hides beneath our civilized veneer. Examining acknowledged classics like *The Wolf Man* (1941) and *The Howling* (1981), as well as overlooked gems like *Dog Soldiers* (2011), this comprehensive filmography covers the highs and lows of the genre. Information is provided on production, cast and filmmakers, along with critical discussion of the tropes and underlying themes that make the werewolf a terrifying but fascinating figure.

The Gathering, A Womanist Church Irie Lynne Session, Kamilah Hall Sharp, Jann Aldredge-Clanton, 2020-08-21 A womanist church has great power to transform church and society, primarily because womanist theology centers the experiences of Black women while working for the survival and wholeness of all people and all creation. Experiences of the triple oppression of racism, sexism, and classism give Black women an epistemological insight into recognizing injustice and creating solutions that benefit all. The Gathering is unique, the only church founded and identified as “womanist,” applying womanist theology to the full life and worship of a church. The Gathering, a womanist faith community in Dallas, Texas, welcomes all people to partner in pursuing racial equity, LGBTQ equality, and dismantling PMS (patriarchy, misogyny, and sexism), following Jesus in liberating the oppressed and lifting up the marginalized. The Gathering, A Womanist Church tells the story of the birth and ongoing development of a womanist faith community. This book includes personal narratives of people transformed in this community, womanist co-pastors’ sermons informed by their experiences and those of other Black women, and litanies for womanist worship.

Impact Players Liz Wiseman, 2021-10-19 Thinkers50 Top 10 Best New Management Books for 2022 Why do some people break through and make an impact while others get stuck going through the motions? In every organization there are Impact Players—those indispensable colleagues who can be counted on in critical situations and who consistently receive high-profile assignments and new opportunities. Whether they are on center stage or behind the scenes, managers know who these top players are, understand their worth, and want more of them on their team. While their impact is obvious, it’s not always clear what actually makes these professionals different from their peers. In *Impact Players*, New York Times

bestselling author and researcher Liz Wiseman reveals the secrets of these stellar professionals who play the game at a higher level. Drawing on insights from leaders at top companies, Wiseman explains what the most influential players are doing differently, how small and seemingly insignificant differences in how we think and act can make an enormous impact, and why—with a little coaching—this mindset is available to everyone who wants to contribute at their highest level. Based on a study of 170 top contributors, Wiseman identifies the mindsets that prevent otherwise smart, capable people from contributing to their full potential and the five practices that differentiate Impact Players: While others do their job, Impact Players figure out the real job to be done. While others wait for direction, Impact Players step up and lead. While others escalate problems, Impact Players move things across the finish line. While others attempt to minimize change, Impact Players are learning and adapting to change. While others add to the load, the Impact Players make heavy demands feel lighter. Wiseman makes clear that these practices—and the right mindset—can help any employee contribute at their fullest and shows leaders how they can raise the level of play for everyone on the team. Impact Players is your playbook for the new workplace.
