Ilona Andrews

Burn for Me Ilona Andrews, 2014-10-28 In this spellbinding first novel in #1 New York Times bestselling author Ilona Andrews's urban fantasy Hidden Legacy series, private detective Nevada Baylor navigates her way through an alternate world where dynasties, built on inherited wealth and magic, guide the course of humanity. Nevada Baylor runs a small-time detective agency in Houston, Texas, busting scammers, exposing cheaters, and dealing with petty criminals. She's very good at her job—helped by a magical ability to sense when someone tells the truth or lies. But when she's forced into accepting a case to find a radical pyrotechnic who can conjure heat and fire at will, Nevada knows she's out of her league. To bring him to justice, she'll have to join forces with someone who wields an even more dangerous power. Connor "Mad" Rogan is a former combat mage, a telekinetic singularly responsible for mass destruction in war-torn countries, and a member of one of the most powerful magic families in the world. His nephew has been kidnapped by the fugitive pyromaniac, and Nevada is his best chance at finding them both. But unlike Nevada, Connor could care less about societal law and order, and has no qualms about extinguishing his family's enemy. Bound by their mission, Nevada and Connor clash over their tactics and moral beliefs, even as things undeniably heat up between them. But the man they're chasing is involved in a darker conspiracy that threatens to destroy the city—and destabilize the balance of power the elite magical families use to influence every nation on Earth.

White Hot Ilona Andrews, 2017-05-30 The Hidden Legacy series by #1 New York Times bestselling author Ilona Andrews continues as Nevada and Rogan navigate a world where magic is the norm...and their relationship burns hot Nevada Baylor has a unique and secret skill—she knows when people are lying—and she's used that magic (along with plain, hard work) to keep her colorful and close-knit family's detective agency afloat. But her new case pits her against the shadowy forces that almost destroyed the city of Houston once before, bringing Nevada back into contact with Connor Mad Rogan. Rogan is a billionaire Prime—the highest rank of magic user—and as unreadable as ever, despite Nevada's "talent." But there's no hiding the sparks between them. Now that the stakes are even higher, both professionally and personally, and their foes are unimaginably powerful, Rogan and Nevada will find that nothing burns like ice...

Spicing Things Up Judi Lynn, 2017-03-21 Lush foliage, farm fresh food, friendly folks—it's no wonder everyone loves a fall getaway to Mill Pond, Indiana. And this season, when a new chef arrives on the scene, nothing will ever be the same . . . A

California heart-throb, Tyne is fast becoming a legend in Mill Pond. While his easy cool and creative, Thai influenced culinary style have all the ladies in town salivating, Tyne is less interested in flirting than in finding the perfect spot for his own restaurant—and in staying single for as long as possible. His days working at the elegant Lakeview Stables resort are numbered from day one—until he meets a woman who stops him in his tracks. A quiet beauty and free spirit who owns a stained glass shop—above which Tyne rents an apartment—Daphne seems to have her life in order. But when her boyfriend leaves her, for his soon-to-be-ex-wife no less, she's destroyed. Tyne offers a shoulder to cry on. But that's just a first course. After a slow boil, their relationship turns into something far deeper than either of them expected. Yet is Daphne really over her ex—and is Tyne ready to commit to a life in Mill Pond, much less to her? Time—and a few challenges—will tell if they're just cooking up a delicious memory . . . or a lasting love.
