Macroeconomics David Miles,David D. Miles,Andrew Scott,2005 Written with a strong business focus, Miles and Scott's Macroeconomics and the Global Business Environment, Second Edition examines fascinating, real-world economic issues, shows why these issues matter, and uses them as an entry point into advanced economic theory. Throughout, the authors present technical material clearly and accessibly, allowing students to develop a solid understanding of the global economy and how economists think about it.

Microeconomics Richard G. Lipsey,Douglas D. Purvis,Peter Otto Steiner,1991

Macroeconomics Richard G. Lipsey,1990 The goal of this book has always been to provide readers with a solid introduction to the economic issues facing the world today, using the methods economists use to study those issues, and the policy problems that those issues create. This revision includes updated information on such key issues as health care, distribution of income, unemployment, labor, and monetary policy. The authors have also greatly increased the focus on the international economy and economic growth. Copyright © Libri GmbH. All rights reserved.

Organizations and the Business Environment David J. Campbell, 1997 This is a comprehensive core text covering the syllabus for units on business organizations and the external business environment. It is ideal for students studying these units on business degrees, HNC/Ds in business and finance and CMS and DMS courses. Organizations and the Business Environment is divided into three sections. Firstly a study of Business Organizations covers topics from organizational and managerial theories, objectives and culture to an examination of the various functions in a modern business organization. Then the Micro Business Environment looks at various aspects of a business in relation to its immediate environment i.e. its industry competitors, suppliers and customers. Finally the Macro Business Environment looks at the political environment, including a detailed study of the structures, objectives and influences of the European Union, then goes on to examine legal structures, macroeconomic, sociological and technological influences. covers substantially more material than other texts in this area all chapters contain in-chapter questions, activities and assignments a strong emphasis on case materials to enable students to witness how theory is worked out in business organizations
