**Thomas Spencer Baynes**

**A History of the Peoples of Siberia** James Forsyth,1994-09-08 This is the first ethnohistory of Siberia to appear in English, tracing the history of the native peoples from the Russian conquest onwards. James Forsyth compares the Siberian experience with that of the Indians and Eskimos in North America and the book as a whole will provide readers with a vast corpus of ethnographic information previously inaccessible to Western scholars.

*Indigenous Peoples of Asia* Robert Harrison Barnes,Andrew Gray,Benedict Kingsbury,1995 Contains 18 articles dealing with, inter alia, the definition of indigenous peoples, the question of ethnic identity, historical priority, self determination, the ownership and control of land and resources, ecological exploitation, the colonial heritage, and relations with the State.

**The Shaman's Coat** Anna Reid,2009-05-26 The fascinating history of an unknown people A vivid mixture of history and reporting, *The Shaman's Coat* tells the story of some of the world's least-known peoples-the indigenous tribes of Siberia. Russia's equivalent to the Native Americans or Australian Aborigines, they divide into two dozen different and ancient nationalities-among them Buryat, Tuvans, Sakha, and Chukchi. Though they number more than one million and have begun to demand land rights and political autonomy since the fall of communism, most Westerners are not even aware that they exist. Journalist and historian Anna Reid traveled the length and breadth of Siberia-one-twelfth of the world's land surface, larger than the United States and Western Europe combined-to tell the story of its people. Drawing on sources ranging from folktales to KGB reports, and on interviews with shamans and Buddhist monks, reindeer herders and whale hunters, camp survivors and Party apparatchiks, *The Shaman's Coat* travels through four hundred years of history, from the Cossacks' campaigns against the last of the Tatar khans to native rights activists against oil development. The result is a moving group portrait of extraordinary and threatened peoples, and a unique and intrepid travel chronicle.

**Beyond the Trans-Siberian** L. Arlene Hink,2019-11-22 *Beyond the Trans-Siberian* By: L. Arlene Hink Curious about how ordinary people in the Soviet Union lived, L. Arlene Hink and her husband went on a fifty-two day trip in 1968. Traveling on the Trans-Siberian Railroad across Russia and continuing into European Russia and the Ukraine made them want to learn more about the people. Enjoying the cultural differences and their experiences with the many people encountered along the way, they provide insights into life in Northern Siberia from their experiences of living and working with these people. Through their experiences, they learn that respecting different perspectives is key to understanding human beings, not only

between countries, but in one's own family. Hink teaches that each of us has the opportunity to reach out to others, in our families and communities, to build trust rather than fear. Join Hink as she takes you through her travels, her husband's notes, and both their experiences with people in Russia over a span of fifty years.

*Cosmic Cradle, Revised Edition* Elizabeth M. Carman,Neil J. Carman, Ph.D.,2013-04-16 Where was your soul before you were born? If your soul is immortal, did it have a life prior to birth? Did you choose your life and parents? Is reincarnation real? Elizabeth and Neil Carman, the authors of Cosmic Cradle, address these questions through interviews with adults and children who report pre-birth experiences (PBEs) not based on regression, hypnosis, or drugs. Instead, interviewees recall their pre-birth existence completely sober and awake. In contrast to near-death experiences (NDEs), which have been well documented to show us what the soul experiences after death, PBEs throw light upon our lives before birth. People with NDEs sense that they return home when their spirits cross to the other side. What is the nature of this place we return to? PBEs suggest that we come from the same place we return to: we come from the Light and return to the Light. The same eternal you progresses through life before life, human life, and life after death. This new edition of Cosmic Cradle explores your soul's journey into your mother's womb--where your soul comes from, the origin and purpose of your life, and the process by which you entered an earthly body. In pre-birth communications, parents meet a soul seeking to cross over from the heavenly realm to human birth. Persons with pre-birth memories recall existence in a luminous world before birth, in which they preview the upcoming life with a Divine Planner, and recall how they journeyed to their mothers' wombs. Encyclopedia of the Peoples of Asia and Oceania Barbara A. West, 2009 Encyclopedia of the Peoples of Asia and Oceania is a new two-volume A-to-Z reference to the peoples of the Asia-Pacific region east of the Caspian Sea, not including the countries of the Middle East. More than 400 entries cover the major peoples that for a time maintained a cultural identity in the area - from ancient to modern times - describing their history, migration, culture, belief system, social organization, and relationship to other peoples. This accessible resource makes it easy for students to find not only entries on the Han and Jurchens but also on 'Chinese: nationality', describing who they are today with cross-references to the various ancestral peoples. Entries on all large or well-known groups include information on their geography, origins, languages, history, and culture. Subsections cover such topics as subsistence, religion, social and political structures, economy, government, military practices, dwellings and architecture, clothing, transportation, technology, art, music, and literature. The back matter includes a chronology, bibliography, and comprehensive index, as well as several appendixes with useful background information on topics such as kinship systems, religious systems, and subsistence systems.
