Boxing Gerald R. Gems,2014-03-13 Sports fans have long been fascinated with boxing and the brutal demonstration of physical and psychological conflict. Accounts of the sport appear as far back as the third millennium BC, and Greek and Roman sculptors depicted the athletic ideals of the ancient era in the form of boxers. In the present day, boxers such as Muhammad Ali, Joe Frazier, Sugar Ray Robinson, Oscar De La Hoya, Manny Pacquiao, and Floyd Mayweather, Jr. are recognized throughout the world. Boxing films continue to resonate with audiences, from the many Rocky movies to Raging Bull, The Fighter, Million Dollar Baby, and Ali. In *Boxing: A Concise History of the Sweet Science*, Gerald R. Gems provides a succinct yet wide ranging treatment of the sport, covering boxing's ancient roots and its evolution, modernization, and global diffusion. The book not only includes a historical account of boxing, but also explores such issues as social class, race, ethnic rivalries, religious influences, gender issues, and the growth of female boxing. The current debates over the moral and ethical issues relative to the sport are also discussed. While the primary coverage of the political, social, and cultural impacts of boxing focuses on the United States, Gems' examination encompasses the sport on a global level, as well. Covering important issues and events in the history of boxing and featuring numerous photographs, *Boxing: A Concise History of the Sweet Science* will be of interest to boxing fans, historians, scholars, and those wanting to learn more about the sport.

The Quote Verifier Ralph Keyes,2007-04-01 Our language is full of hundreds of quotations that are often cited but seldom confirmed. Ralph Keyes's *The Quote Verifier* considers not only classic misquotes such as Nice guys finish last, and Play it again, Sam, but more surprising ones such as Ain't I a woman? and Golf is a good walk spoiled, as well as the origins of popular sayings such as The opera ain't over till the fat lady sings, No one washes a rented car, and Make my day. Keyes's in-depth research routinely confounds widespread assumptions about who said what, where, and when. Organized in easy-to-access dictionary form, *The Quote Verifier* also contains special sections highlighting commonly misquoted people and genres, such as Yogi Berra and Oscar Wilde, famous last words, and misremembered movie lines. An invaluable resource for not just those with a professional need to quote accurately, but anyone at all who is interested in the roots of words and phrases, *The Quote Verifier* is not only a fascinating piece of literary sleuthing, but also a great read.

Routledge Handbook of Global Sport John Nauright,Sarah Zipp,2020-01-03 The story of global sport is the story of

expansion from local development to globalized industry, from recreational to marketized activity. Alongside that, each sport has its own distinctive history, sub-cultures, practices and structures. This ambitious new volume offers state-of-the-art overviews of the development of every major sport or classification of sport, examining their history, socio-cultural significance, political economy and international reach, and suggesting directions for future research. Expert authors from around the world provide varied perspectives on the globalization of sport, highlighting diverse and often underrepresented voices. By putting sport itself in the foreground, this book represents the perfect companion to any social scientific course in sport studies, and the perfect jumping-off point for further study or research. The Routledge Handbook of Global Sport is an essential reference for students and scholars of sport history, sport and society, the sociology of sport, sport development, sport and globalization, sports geography, international sports organizations, sports cultures, the governance of sport, sport studies, sport coaching or sport management.

Jack Johnson Jack Johnson,2017-06-28 First published in 1927, Jack Johnson's autobiography, *Jack Johnson: In the Ring and Out*, remains the key source for information about his life. As he himself states in it: I am astounded when I realize that there are few men in any period of the world's history, who have led a more varied or intense existence than I [have]. Jack Johnson, who became the first black heavyweight boxing champion in the world in 1908, was the preeminent American sports personality of his era, a man whose success in the ring spurred a worldwide search, tinged with bigotry, for a Great White Hope to defeat him. Handsome, successful, and personable, Johnson was known as much for his exploits outside of the ring as for his boxing skills. He married three white women in a time when such interracial unions resulted in denunciations of him from the floor of the United States Congress. He made big money, spent it lavishly, and lived grandly. And in doing so he gained admirers and detractors all over the world and became, quite simply, one of the best known men of the early twentieth century.

To Repel Ghosts Kevin Young,2001 '80s art-world phenomenon Jean-Michel Basquiat was prolific in his short lifetime, creating an exhilarating new art inspired by music, language, and black American cultural icons. *To Repel Ghosts* synchronizes the harmony and discord of Basquiat's canvases, adapting them as a bass line to improvise and play upon. Author of the award-winning *Most Way Home*, Kevin Young here renders ambitious, celebratory poetry of the everyday and the exalted -- a double-album in verse, a jazz symphony, a hip-hop opera -- taking Basquiat's funkified history and making it sing.
