

Lethal Cadence Destiny

David J. WEINER

In Destiny's Arms Christine Michels,1996 On a desperate quest to locate her missing brother, Sgt. Cadence Barrington crash-lands almost 2,000 miles from her destination--and over 500 years in the past! She expects to find the remains of a lost civilization on the colony world named Fortuna. Instead, she comes across a hard-bodied warrior who is anything but ancient.

Destiny's Heir Y. M. Roger,2013-10-29 Chicalia Prime: a planet whose population is divided between the Light and the Dark - designations denoting physical attributes and nothing else. It is a small and insignificant planet with a plethora of political problems. However, the intricate aftermath to the climax of those problems has spent the last fifty nerars or so weaving itself into the fabric of the over-arching authority - the Galactic Fleet - and the purviews thereof. And while it is becoming increasingly evident that there are other forces working against the Fleet yet simultaneous to those intricacies, it is clear that the offspring of Chicalia's political problems and those loyal to them and their causes will completely re-shape the government of the Fleet - transferring the Fleet's seat of power from Galactica Triune to the soon-to-be not-so-insignificant Chicalia Prime. One of those intricacies, Captain Shanteela Ka-Lantrel - or Kaylen to her close friends - in command of the Fleet's crown jewel, Destiny, knows nothing of the Royal blood that runs through her veins. But Kaylen's destiny along with those under her command have become entwined with that of another - the exiled OverLord Assassin Thetuderal "Thetu" Shaliagn - and his many brothers in arms. So, as life still continues back on Chicalia Prime, it seems the future of the Fleet and, therefore, the galaxy, is being prophetically and passionately unlocked with Thetu and Kaylen at its epi-center. "Out of the ashes of a flawed foundation and damaged framework, Sha'Hylira shall raise an invincible government that will proclaim His name to the far corners of the universe."

The Verdant Ascent Kathryn Wood,2025-02-06 In *The Verdant Ascent: Chronicles of Mutant Flora and Human Resurgence* by Kathryn Wood, the world once dominated by human progress now lies enshrouded in the embrace of mutant flora, where crumbling cities and toxic skies whisper secrets of lost wisdom. Taran Kesse, a lone scavenger haunted by memories of love lost and past violence, discovers ancient manuscripts beneath the rubble, hinting at an era when humanity could harmonize with nature. This discovery sets in motion a journey that transforms his solitary survival into a quest for ecological and societal renewal. Joining him are Maria, an unyielding agronomist; Anthony, an engineer seeking redemption; and Liora, a mystical oracle. Together, this disparate coalition combats an authoritarian regime dominated by despotic

Citadel Lords desperate to maintain control. Intertwined with vibrant subplots exploring themes of ecological balance, ethical technological evolution, and the enduring human spirit, *The Verdant Ascent* spins a gripping tale of redemption, unity, and the eternal battle to restore nature's delicate harmony with humanity. With each chapter a mosaic of character-driven conflict, poetic symbolism, and breathtaking action, this narrative stands as a testament to the indomitable power of hope and the potential for coexistence in a fragmented world reborn.

My Love, My Pain, My Struggle, My Thoughts Sherman L. Brandon, 2021-07-21 These poems allow you to take a walk with me through some of my darkest hours. you may feel my pain, understand my struggle, and bear witness to the love that I have. My poems are utilized as a coping skill to push out bottled emotions before the thoughts become a problem. The loss of my mother leads to many suicide attempts. Writing allowed me to relieve the pressure and pain. In many of my poems, I am not glorifying or bragging about my darkest thoughts, pain, struggles, or the things I've done. However, I will like for you to understand that if you could look up, you could get up. As dark as I may seem to write, my light is bright. I write to un-bottle my love, my pain, my struggles, and my thoughts. Enjoy.

Sky Parlor Stephen Perkins, 2019-06-05 From the dawn of mankind... Through America's Civil War and into the distant future... Two ancient gods have made romance and waged war... After the Great Rapture... Will Sky Parlor become their final battlefield? Do we ever really die? Or, do we return to live again with those we knew before? In the future, will man and machine learn to procreate? For generations, the population of Sky Parlor has believed that, long ago, the lands beyond the walls of their domed city were made uninhabitable during the Great Rapture. When young Desmond Starr is appointed Alderman for Sky Parlor's borough of Columbia, he is guided by a benevolent spirit during a dream's strange vision and learns a hidden truth, exposing a shocking lie that has persisted for centuries. As rumors of a vast deception spread among Sky Parlor's population, the president proposes the perfect solution: an inspiring journey to a mysterious and distant world! But does this grand proposal mask an ulterior agenda?

Assaulted Souls III William Blackwell, 2017-02-09 What if the government made it mandatory for you to have a microchip implanted in your brain, saying it was for your security, for your safety? Would you believe it? Would you take it? What if you learned world powers were setting up sophisticated spy cameras everywhere to watch and record your every move 24/7? Would you believe it? Would you run and hide? Would you become a subversive and fight back? What if you learned soldiers and law-enforcement officers had become super soldiers, genetically modified trans-humans capable of out-running Usain Bolt, out-lifting Olympic weightlifters, re-growing limbs, and even communicating telepathically through microchips installed in their heads? Would you believe it? Would you acquiesce? Would you revolt? In a chillingly real examination of these questions, post-apocalyptic disaster survivors Nathan King and Velvet Jones escape government clutches, returning to war-ravaged Prince Edward Island only to discover a living nightmare. They are plunged into a fierce

battle with savage, opportunistic tribes struggling for survival; demented military soldiers, and giant insects created by the new world order.

Brunching with Ophelia Angshukanta Chakraborty,2008 Brunching with Ophelia presents a slice of life entrenched in cultural schizophrenia in our capital city, New Delhi. As Ivy Roy, a lecturer of English literature, virtually resurrects Ophelia, the almost aphasic woman behind the universal man screaming Words, Words, Words , her now husband and erstwhile chat-friend Shumonto Roy retreats into the deep well of wordlessness, mourning the loss of his ex-girlfriend Irene Scott. Is Shumonto turning into a later-day Prince Hamlet of the virtual world? Will today's Ophelia speak up, turn into a voracious wordsmith to counter his oppressive silence? Suddenly the characters who had met in a nebulous world of the Internet are confronted by the perils of the real. Which is the fantasy world? Or do they inhabit a placeless space somewhere in between? Do they live multiple lives giving births to newer selves every time they give themselves a new screen name? In her debut novel, the author lets loose a refraction of university life, heavily coloured by pigments of imagination. And the refracting prism of this overground campus life is the netherworld of anonymous chat-windows and webcam-facilitated screen-dalliances.
