The Letters of Dr Charles Burney Stewart Cooke,2023-09-06 This volume of letters by Charles Burney, the first to be published since 1991, runs from 1794 to 10 January 1800, beginning with his recovery from a debilitating attack of rheumatism, continuing with the death of his wife in 1796, and ending with the shocking death of his daughter Susanna. Certain leitmotifs, typical of Burney's concerns, stand out throughout the volume: his trepidation over the war with France and its effect on domestic politics, his exhausting social life, his travels, and his publication of the memoirs of the poet and lyricist Metastasio. A staunch monarchist and a self-confessed 'allarmist', Burney is haunted 'day and night' by the French Revolution and the threat that Republican France poses to 'religion, morals, liberty, property, & life'. He frets frequently over those he considers to be domestic Jacobins, a word he uses forty-seven times in the course of the volume to describe anyone whose politics differ from his own conservative values. Although Burney turns sixty-eight in April 1794, in this volume he barely slows down his habitual hectic pace of teaching and publishing. In the summer of 1795, he publishes his final book, *Memoirs of the Life and Writings of the Abate Pietro Metastasio*, despite a hectic social life that sees him hobnobbing with the elite in society and politics and a love of travel that takes him to the homes of friends in Hampshire and Cheshire and into his past on a nostalgic visit to Shrewsbury, his childhood home.

Sacred Passions Carol A. Hess,2004-12-09 The work of composer Manuel de Falla (1876-1946) ranges from late-romantic salon pieces to evocations of flamenco to stark neoclassicism. Yet his music has met with conflicting reactions, depending on the audience. In his native Spain, Falla is considered the most innovative composer of the first half of the twentieth century. Likewise, in the United States, Falla enjoyed a strong following in the concert hall. But many of his works, especially some of the colorful or exotic dances from *The Three-Cornered Hat* and *El Amor Brujo*, were taken up during the Latin music craze of the 1930s and 40s and appeared in everything from jazz and pop arrangements to MGM musicals. Similarly enigmatic are the details of Falla's life. He never sustained a lasting, intimate relationship with a woman, yet he created compelling female roles for the lyric stage. Although he became incensed when publishers altered his music, he more than once tinkered with Chopin and Debussy. Despite insisting that he was apolitical, Falla ultimately took sides in the Spanish Civil War, initially allying himself rather half-heartedly with Franco's Nationalists but later rejecting the honors they proffered. All his life, his rigorous brand of Roman Catholicism brought him both solace and agony in his quest for spiritual and artistic perfection. In *Sacred Passions: The Life and Music of Manuel de Falla*, Carol A. Hess explores these contradictions and offers a fresh understanding of this fascinating composer. Building on over a decade of research, Hess examines Falla's work in terms of musical style and explores the cultural milieus in which he worked. During a seven-year sojourn to Paris just prior to World War I, Falla associated with composers Dukas, Stravinsky, Ravel, and the rest of the group known as *les Apaches*. Later, back in Spain, he played a pivotal role in the remarkable cultural renaissance known as the Silver Age, during which Lorca, Buñuel, Dalí, Unamuno-and of course Falla himself-made some of their boldest artistic statements. Hess also explores a number of myths cultivated in earlier biographies, including Falla's supposed misogynistic

tendencies and accusations of homosexuality, which have led some biographers to consider him a saint-like ascetic. She offers a balanced view of his behavior during the Spanish Civil War, a wrenching event for a Spaniard of his generation, and one that Falla biographers have left largely untouched. With superb analysis of his music and enlightening detail about its critical reception, Hess also examines Falla's status in some circles as little more than a high-class pop composer, given the mass appeal of much of his music. She incorporates recent research on Falla, draws upon untapped sources in the Falla archives, and reevaluates his work in terms of current issues in musicology. Ultimately, Hess places Falla's variegated oeuvre, which straddles popular and serious idioms, securely among the best of his better-known European contemporaries. What emerges is a gracefully written, balanced portrait of a man whose lofty spiritual values inspired singular musical utterances but were often at odds with the decidedly imperfect world he inhabited.

Being in Common Silvia Nora Rosman,2003 Rosman persuasively demonstrates how they explore ways of being in common - the communal relation - when the notion of a common being - a totalized conception of community - is shown to be untenable. In doing so she incorporates and looks beyond her predecessors theoretical resources to urgent contemporary preoccupations with how to imagine identity in a post-national moment.--Jacket.
