**Lord of the Flies - Literature Kit Gr. 9-12** Chad Ibbotson, 2013-12-10 Witness the downfall of humanity and loss of innocence when a group of young boys descend into savagery. Challenging questions require students to really think deeper about the content of the book. Identify any part of today's society that might be considered 'island-like', and determine what this says about human nature. Put events in order as they happened when the boys are first stranded and must figure out how to survive. Complete sentences from the novel with their missing vocabulary words. Give meaning to the author's use of 'mankind's essential illness', and describe how this has affected the boys on the island. Map out Ralph's mindset by identifying some of the things that he reflects on. Create a shipwreck plan with a group that will get food, water, shelter, and possible rescue. Aligned to your State Standards and written to Bloom's Taxonomy, additional crossword, word search, comprehension quiz and answer key are also included. About the Novel: Lord of the Flies, written by Nobel Prize-winner William Golding, is a story about a group of boys stranded on a deserted island, who must establish order amongst themselves. Shortly after crashing onto a deserted island, a group of pre-adolescent boys form a community, electing Ralph to be their leader. As his first act, Ralph proclaims the boys will have fun and keep the signal fire going. All is well until thirst for power draws one boy to form his own tribe of savages. Armed with the fear of a fictitious beast, this group of boys descend into further savagery with sacrifice and death. The story reaches its climax as the beast is revealed to be within each boy's heart, and Ralph is forced to flee for his survival.

**Digital Authoritarianism in the Middle East** Marc Owen Jones,2022-07-06 You are being lied to by people who don't even exist. Digital deception is the new face of information warfare. Social media has been weaponised by states and commercial entities alike, as bots and trolls proliferate and users are left to navigate an infodemic of fake news and disinformation. In the Persian Gulf and the wider Middle East, where authoritarian regimes continue to innovate and adapt in the face of changing technology, online deception has reached new levels of audacity. From pro-Saudi entities that manipulate the tweets of the US president, to the activities of fake journalists and Western PR companies that whitewash human rights abuses, Marc Owen Jones' meticulous investigative research uncovers the full gamut of tactics used by Gulf regimes and their allies to deceive domestic and international audiences. In an age of global deception, this book charts the lengths bad actors will go to when seeking to impose their ideology and views on citizens around the world.

**Meet the Candidates 2020: Joe Biden** Scott Dworkin,2019-07-23 Is Joe Biden the right Democrat to face Trump in 2020? Decide by reading this guide to his policies, accomplishments as vice president to Barack Obama, and complicated past as a Congressman. Even before he decided to run, Joe Biden was the most popular Democratic candidate for president in 2020. On the heels of serving as vice president, and close friend, to Barack Obama, Biden's resume and likability position the former Congressman from Delaware as the favorite for the nomination. He holds a strong lead in the polls. But Joe Biden's legacy is much more complicated. He chaired the Foreign Relations and Senate Judiciary Committees, but his treatment of Anita Hill in the Clarence Thomas Supreme Court hearings will be a black mark on his candidacy. He oversaw

successful Great Recession relief and the Violence Against Women Act and ultimately received the Presidential Medal of Freedom, but the racial statements from his past will reflect poorly when promoted by Republicans and fellow Democratic candidates. And Biden has faced allegations of inappropriate touching by several women. Meet the Candidates 2020: Joe Biden: A Voter's Guide will explore these contradictions and help you decide if Biden is your choice for 2020. The Meet the Candidates 2020 series is the informed voter's guide to making a decision in the 2020 Democratic primary and presidential election. Each book gives an unbiased, political insider's analysis of each contender, featuring: candidate interviews; an introduction by campaign advisor, Democratic Coalition co-founder, and Dworkin Report host Scott Dworkin; and compilation and writing by Occupy Democrats Editor at Large Grant Stern. In two hours of reading, you'll understand their defining characteristics, credentials, campaign issues, challenges, presidential chances, and everything else you need to know to decide who should challenge Donald Trump. Whether it's for Elizabeth Warren, Joe Biden, Bernie Sanders, Kamala Harris, Pete Buttigieg, Cory Booker, or another, Meet the Candidates is what you need to make an informed vote for president in 2020.

**Lord of the Flies** William Golding, 2016-11-15 William Golding's unforgettable classic of boyhood adventure and the savagery of humanity comes to Penguin Classics in a stunning Graphic Deluxe Edition with a new foreword by Lois Lowry As provocative today as when it was first published in 1954, Lord of the Flies continues to ignite passionate debate with its startling, brutal portrait of human nature. William Golding's compelling story about a group of very ordinary boys marooned on a coral island has been labeled a parable, an allegory, a myth, a morality tale, a parody, a political treatise, and even a vision of the apocalypse. But above all, it has earned its place as one of the indisputable classics of the twentieth century for readers of any age. This Penguin Classics Graphic Deluxe Edition features an array of special features to supplement the novel, including a foreword by Lois Lowry, an introduction by Stephen King, an essay by E. M. Forster, an essay on teaching and reading the novel and suggestions for further exploration by scholar Jennifer Buehler, and an extended note by E. L. Epstein, the publisher of the first American paperback edition of Lord of the Flies. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary

authors, as well as up-to-date translations by award-winning translators.

Teaching Strategy Gabriel Marcella, 2010 Teaching all strategy, from grand to military, is essential in the preparation of national security professionals and military leaders. The experience of the armed forces in recent wars recommends that those involved with the system of military education seriously study the way strategy is taught. The task is even more imperative because the ambiguous conflicts and the complex geopolitical environment of the future are likely to challenge the community of strategists, civilian as well as military, in ways not seen in the past. In this context, developing the appropriate curriculum and effective methods of teaching strategy will be the responsibility of universities, colleges, and institutions of professional military education. The authors of this compendium ask and answer the central question of how to teach strategy. The findings, insights, and recommendations in this volume are those of professionals who are accomplished in the classroom as well as the crucible of strategy.
