Encyclopedia of Television Shows Vincent Terrace,2024-02-15 There were, between January 1, 2017, and December 31, 2022, 1,559 television series broadcast on three platforms: broadcast TV, cable TV, and streaming services. This book, the second supplement to the original Encyclopedia of Television Shows, 1925-2010, presents detailed information on each program, including storylines, casts (character and performer), years of broadcast, trivia facts, and network, cable or streaming information. Along with the traditional network channels and cable services, the newest streaming services like Amazon Prime Video and Disney Plus and pioneering streaming services like Netflix and Hulu are covered. The book includes a section devoted to reality series and foreign series broadcast in the U.S. for the first time from 2017 to 2022, a listing of the series broadcast from 2011 through 2016 (which are contained in the prior supplement), and an index of performers.

Rarities include proposed shows starring Bela Lugosi, Doris Day, Humphrey Bogart, Barbara Stanwyck, Orson Welles, Claudette Colbert and Mae West, along with such casting curiosities as Mona Freeman, not Gale Storm, as Margie in My Little Margie, and John Larkin as Perry Mason long before Raymond Burr played the role.

Home Front Heroes Elizabeth Abele, 2013-12-03 This book traces the effects of the feminist and civil rights movements in the construction of Hollywood action heroes. Starting in the late 1980s, action blockbusters regularly have featured masculine figures who choose love and community over the path of the stoic loner committed solely to duty. The American heroic quest of the past 25 years increasingly has involved a reclamation of home, creating a place for the Hero at the hearth, part of a more intimate community with less restrictive gender and racial boundaries. The author presents pieces of contemporary popular culture that create the complex mosaic of the present-day American heroic ideal. Hollywood popular films are examined that best represent the often painful shift from traditional heroic masculinity to a masculinity that is less exceptional and more vulnerable. There are also chapters on how issues of race and gender intersect with the new masculinity and on subgenres of 1990s films that also developed this postfeminist masculinity.
