A Guide to Psychosocial and Spiritual Care at the End of Life Henry S. Perkins,2017-03-17 Psychological, social, and spiritual care is as important as physical care at the end of life. Yet caregivers often feel ill-equipped to give that nonphysical care. This book shows how to do it. The book addresses all caregivers who attend dying patients: doctors, nurses, chaplains, clergy in the pastorate, social workers, clinical psychologists, family caregivers, and others. It covers such topics as the functional and emotional trajectories of dying; the varied approaches of patients and caregivers to end-of-life decisions; culturally based beliefs about dying; the differences between depression and grief; and people's views about the right time to die, the death experience itself, and the afterlife. For each topic the book introduces core concepts and summarizes recent research about them. The book presents much of its material in readable tables for easy reference; applies the material to real-life cases; lists the main "take home" points for each chapter; and gives references for additional reading. The book helps caregivers anticipate the reactions of patients and survivors to end-of-life traumas and suggests how caregivers can respond insightfully and compassionately. At the same time the book challenges caregivers to think through their own views about death and dying. This book, therefore, is a must-read for all caregivers—professional and nonprofessional alike—who strive to give their patients comprehensive, high-quality end-of-life care.

Comedy Quotes from the Movies Larry Langman,Paul Gold,2001-05-29 Clever repartee, double entendres, punch lines and many other variations of humor have been a staple of movie dialogue since the advent of talkies. Collected here are over 4,000 of the best comedic lines from the movies. The compilers of this book have tried to bring together some of the funniest, wittiest and most outrageous snatches of dialogue on film over a sixty year time period. For each entry the authors set the quotation in context, provide the name of the actor or actress, the name of the movie and the year of release. The quotations are arranged by a broad range of categories, such as politics, food and eating, gambling, and many others. A title index and a name index follow the body of the book..
