The Horned God of the Witches Jason Mankey, 2021-06-08 Explore the deep spiritual roots of the Horned God and discover rituals and activities designed to help you get closer to him. "An amazing treasure trove of information. I could think of no better person to expand on this topic than acclaimed author Jason Mankey, who has had a prominent connection to this deity for most of his magickal life. In the book he explains this powerful figure as being representative of life, death and everything in between." —Lilith Dorsey, author of Water Magic Throughout history, horned deities have been honored as gods of nature, sex, fertility, passion, sacrifice, death, and rebirth. The Horned God of the Witches reveals the origins and features of their most common guises—Pan, Cernunnos, Herne, Elen of the Ways, the Green Man, and even the Devil. Whether you are interested in the Wiccan Horned God—a more contemporary composite of several deities—or in one of his many other forms, these rituals for meeting the powerful deity will help you achieve your magical goals. With hands-on techniques for divination, creating an altar, working magick, spiritual lovemaking, and receiving the gifts of the Witchfather, this book supports a transformative deepening of your relationship to the divine. "Taking on both the perspectives of

academic history and modern Witchcraft practice, Mankey masterfully unfolds the stories of some of the Craft's most beloved masculine deities. From their mysterious origins to their place within the archetype of Horned God, readers will find ways to connect with a handful of deities including Cerennunous, Pan, and Herne." —Kelden, author of *The Crooked Path* "The Horned God of the Witches is a tour de force of history, myth, academic research, and spiritual practice, all conveyed in Mankey's eminently approachable style. The resulting book is a delight to read, both an erudite treatise on modern Pagan theology and a passionate paean to its numinous divine subject, the Horned One." —Misha Magdalene, author of *Outside the Charmed Circle*

Theology in Avatar: The Last Airbender Anthony G. Cirilla,Michael Riggins,2025-08-21 The beloved Uncle Iroh once told Prince Zuko, It's time to start asking the big questions. This statement is as true for us as viewers of *Avatar: The Last Airbender* as it is for the banished prince. This collection invites fans of one of the most popular animated shows in America to contemplate how the Avatar Universe prompts big questions about meaning. *Avatar: The Last Airbender* and its sequel series, *The Legend of Korra*, combine philosophical thoughts from both Eastern and Western perspectives, and this collection of twelve essays helps readers to recognize and consider those influences more deeply, from ideas as grand as the soul's

relationship to the universe to the role tea can have in making a Zen master. Contributors consider the show from perspectives such as Buddhism, Taoism, the Hero's Journey, the theory of the elements, and many more.

Paradise Bronx Ian Frazier, 2024-08-20 Ian Frazier's magnum opus: a love song to New York City's most heterogeneous and alive borough. For the past fifteen years, Ian Frazier has been walking the Bronx. Paradise Bronx reveals the amazingly rich and tumultuous history of this amazingly various piece of our greatest city. From Jonas Bronck, who bought land from the local Native Americans, to the formerly gang-racked South Bronx that gave birth to hip-hop, Frazier's loving exploration is a moving tour de force about the polyglot culture that is America today. During the Revolution, when the Bronx was unclaimed territory known as the Neutral Ground, some of the war's decisive battles were fought here by George Washington's troops. Gouverneur Morris, one of the most colorful Founding Fathers, owned a huge swath of the Bronx,

where he lived when he was not in Paris during the French Revolution or helping write the US Constitution. Frazier shows us how the coming of the railroads and the subways drove the settling of the Bronx by various waves of immigration— Irish, Italian, Jewish (think the Grand Concourse), African American, Caribbean, Puerto Rican (J.Lo is one of the borough's most famous citizens). The romance of the Yankees, the disaster of the Cross Bronx Expressway, the invention of rap and hip-hop, the resurgence of community as the borough's communities learn mutual aid—all are investigated, recounted, and celebrated in Frazier's inimitable voice. This is a book like no other about a quintessential American city and the resilience and beauty of its citizens.
