

A Princess Of Mars

Edgar Rice Burroughs

A Princess of Mars Edgar Rice Burroughs, 1917 Best described as early science fiction melded with an epic dose of romantic adventure, A Princess of Mars is the first adventure of John Carter, a Civil War veteran who unexpectedly find himself transplanted to the planet Mars. Yet this red planet is far more than a dusty, barren place; it's a fantasy world populated with giant green barbarians, beautiful maidens in distress, and weird flora and monstrous fauna the likes of which could only exist in the author's boundless imagination. Sheer escapism of the tallest order, the Martian novels are perfect entertainment for those who enjoy classic space opera.

A Princess of Mars Edgar Rice Burroughs, 2013-01-15 From the creator of pulp fiction classic Tarzan comes one of the most influential science fiction epics of all time. Part science fiction, part western, and part romantic adventure, A Princess of Mars follows John Carter, a Civil War veteran who mysteriously finds himself transported to the dying planet Mars. Here Carter acquires a set of superhuman abilities and soon earns the respect of a tribe of giant green Martians called Tharks. When the Tharks capture the princess of the red Martians, Carter falls in love. He sets out on a dangerous quest to save both Princess Dejah and the rest of the red planet. A Princess of Mars, and its extraordinary hero, John Carter, influenced countless 20th century science fiction writers who were inspired by Burrough's classic epic adventure. The novel was recently adapted into film by Disney as John Carter. A Princess of Mars is a part of Momentum's Classic Science Fiction series.

A Princess of Mars - Large Print Edition Edgar Rice Burroughs, 2013-09-10 John Carter is prospecting in Arizona when he finds himself on the run from Apaches. He hides in a cave and is mysteriously transported to Mars! There he meets the Tharks, green martians who stand fifteen feet tall and have six arms. Carter discovers he has incredible strength on Mars because of the lesser gravity, and soon becomes a respected warrior. Carter soon meets Dejah Thoris, a princess of Mars from the red martian race. He rescues her and falls in love, but must fight to protect her. A Princess of Mars was originally serialized in All Story Magazine back in 1912. Edgar Rice Burroughs was worried that the far-out nature of the tale would make it difficult for him to keep a job because employers would think he was too strange, so he asked for Under the Moons of Mars (as it was called when it ran in the magazine) to have Normal Bean as the author to drive home the fact that he was still a regular guy. Alas, the typesetter thought Normal was a typo, so the author was presented as Norman Bean. A Princess of

Mars was made into a fun movie by Disney, but it tanked at the box office, so the further adventures are unlikely to make it to the silver screen any time soon. A Princess of Mars is a classic science fiction Romance (with a capital R) and has been influential on authors, artists and filmmakers from James Cameron to Ray Bradbury. Carl Sagan had a map of Barsoom hanging in the hallway outside his Cornell University office. This is the Large Print Edition featuring easy to read 16 point type!

A Princess of Mars "Annotated" Edgar Rice Burroughs, 2021-04-27 A Princess of Mars begins on Earth. American Civil War veteran John Carter and his friend and fellow Confederate soldier James Powell travel to Arizona to prospect for gold. John and James find a supply of gold in a cave that would make them wealthy for the rest of their lives; unfortunately, they are attacked by a group of Apache Indians before they can harvest the gold. Powell is killed by the Apaches, but Carter finds a second cave where he hides out to avoid being murdered. Inside the cave, Carter suddenly becomes drowsy. When he wakes up, he finds himself on Mars. On Mars, the much lighter gravity makes Carter super-strong; he uses his skill to his advantage when he meets a gang of skeptical, war-like Tharks. The Tharks are a tribe of six-armed Martians who frequently battle other tribes on Mars; Carter rapidly falls in with the gang because of his strength and his history in combat. During one particular conflict, the Tharks and their second-in-command Tar Tarkis lead an attack on a Heliumite tribe, whose actions they believe are dangerous to all Martians. Among the Heliumite tribe is human princess Dejah Thoris, who is captured by the Tharks. Dejah tries to explain that the Heliumites were trying to benefit all Martians with their convoy; her speech causes Carter to fall in love with her. Dejah's fate is threatened when the ruler of all Martians decides that she will be sacrificed for the great Martian games. Refusing to allow Dejah to be sacrificed, Carter goes into hiding with Dejah, his dog Woolah, and a Martian friend, Sola. While protecting Sola and Dejah, Carter is captured and thrown into Warhoon prison. In prison, he meets another human, a Heliumite like Dejah, named Kanto Kan. Kanto was part of a search party looking for Dejah; Carter tells Kanto that Dejah is safe, for now. The Warhoons decide to pit Kanto and Carter against each other in a battle to the death, where the winner will be granted his freedom. Kanto and Carter game the system when Carter pretends to be dead, freeing Kanto and allowing Carter to escape when he is placed in a Warhoon morgue. Once the two men escape, they meet up again in the dangerous city of Zodanga, only to discover that while they were locked up, the Zodangans had

attacked Helium. The Zodangans insist the attacks will only end when the beautiful Dejah marries the Zodangan prince Sab Than. As Carter and Kanto travel to save Helium and Dejah, Carter discovers that the Tharks are at war with the Warhoons, and briefly joins forces with them to help them overcome the war-mongering Warhoons. Tar Tarkis realizes during the conflict that Carter is a friend; after the Tharks achieve victory, they join forces with Carter to save Dejah and the Heliumites from Zodangan attack. With the Tharks by his side, Carter intervenes in the wedding between Dejah and Prince Sab Than, and during the aftermath of the fight, Dejah confesses her love for Carter. Ultimately, the Heliumites and the Martians establish an alliance, and Carter and Dejah get married, making Carter the new Prince of the Heliumites. The couple lives happily for nine years together until they discover that the Martian atmosphere factories are on the fritz and that soon the entire population of Mars will suffocate in the toxic atmosphere. Carter hurries to the Martian factory but passes out inside. When he wakes up, he is back in the cave in Arizona where he first discovered the gold. Carter becomes incredibly wealthy, certain that Mars was saved without him, and moves to New York to write the manuscript that would become *A Princess of Mars*.

A Princess of Mars, The Best Book Edgar Rice Burroughs, 2019-11-02 *A Princess of Mars* is an Edgar Rice Burroughs science fiction novel, the first of his famous Barsoom series. It is also Burroughs' first novel, predating his Tarzan stories. He

wrote it between July and September 28, 1911, going through four working titles; initially, he was going to call it *My First Adventure on Mars*, then *The Green Martians*, *Dejah Thoris*, *Martian Princess*, and finally *Under the Moons of Mars*. The finished story was first published under the last of these titles in *All-Story* as a six-part serial in the issues for February-July 1912. For the serial publication, the author's name was given as Norman Bean; Burroughs had chosen the pseudonym of Normal Bean as a type of pun stressing that he was in his right mind, being concerned he might suffer ridicule for writing such a fantastic story. The effect was spoiled when a typesetter changed Normal to Norman on the assumption that the former was a typographical error. The story was later published as a complete novel under the present title by A. C. McClurg in October 1917. Full of swordplay and daring feats, the story is considered a classic example of 20th century pulp fiction.

There he meets the fifteen foot tall, four armed, green men of Mars, with horse-like dragons, and watch dogs like oversized frogs with ten legs. Full of swordplay and daring feats, *A Princess of Mars* is considered a classic example of 20th-century pulp fiction. It is also a seminal instance of the planetary romance, a subgenre of science fantasy that became highly popular in the decades following its publication. Edgar Rice Burroughs' vision of Mars was loosely inspired by astronomical speculation of the time, especially that of Percival Lowell, who saw the red planet as a formerly Earth-like world now becoming less hospitable to life due to its advanced age. Burroughs predicted the invention of homing devices, radar, sonar, autopilot, collision detection, television, teletype, genetic cloning, living organ transplants, antigravity propulsion, and many other concepts that were well ahead of his time. The books in the Barsoom series were an early inspiration to many, including science fiction authors Robert A. Heinlein, Arthur C. Clarke and Ray Bradbury, they influenced renowned scientist Carl Sagan in his quest for extraterrestrial life, and were instrumental in the making of James Cameron's *Avatar*, and George Lucas' *Star Wars*. This cloth-bound book includes a Victorian inspired dust-jacket, and is limited to 100 copies.
