Synesthesia Aya Takano, 2022-11-08 Pop art and manga join forces in this highly anticipated monograph Painter, illustrator, sci-fi writer, and manga artist Aya Takano is one of the main artists of Kaikai Kiki, the artistic production studio created in 2001 by Takashi Murakami. Inspired by all art forms--ranging from erotic stamps of the Edo Period to Impressionism and from Osamu Tezuka to Gustav Klimt--the artist has built a universe all her own. A universe that is made of infinite worlds, and all a means of escaping reality, gravity, and its restraints to ultimately attain a certain form of transcendence. Synesthesia, her first monograph, explores all the layers of her multifaceted career.

Dismantling the Patriarchy, Bit by Bit Judith K. Brodsky, 2021-09-09 In Dismantling the Patriarchy, Bit by Bit, Judith K. Brodsky makes a ground-breaking intellectual leap by connecting feminist art theory with the rise of digital art. Technology has commonly been considered the domain of white men but-unrecognized until this book--female artists, including women artists of color, have been innovators in the digital art arena as early as the late 1960s when computers first became available outside of government and university laboratories. Brodsky, an important figure in the feminist art world, looks at various forms of visual art that are quickly becoming the dominant art of the 21st century, examining the work of artists in such media as video (from pioneers Joan Jonas and Adrian Piper to Hannah Black today), websites and social networking (from Vera Frenkel to Ann Hirsch), virtual and augmented reality art (Jenny Holzer to Hyphen-Lab), and art using artificial intelligence. She also documents the work of female-identifying, queer, transgender, and Black and brown artists including Legacy Russell and Micha Cárdenas, who are not only innovators in digital art but also transforming technology itself under the impact of feminist theory. In this radical study, Brodsky argues that their work frees technology from its patriarchal context, illustrating the crucial need to transform all areas of our culture in order to achieve the goals of #MeToo, Black Lives Matter (BLM), and Black and Minority Ethnic (BAME) representation, to empower female-identifying and Black and brown people, and to document their contributions to human history.

Chiho Aoshima, Mr., Aya Takano, 2006 Trois jeunes artistes japonais, issus du groupe Kaikai Kiki dirigé par Takashi Murakami, émergent sur la scène internationale de l'art contemporain : Chiho Aoshima, Mr. Et Aya Takano. S'inspirant largement de la culture et de la tradition japonaises, ils réalisent des œuvres qui s'inscrivent résolument dans l'incroyable vitalité du Japon d'après-guerre, marqué par le développement des nouvelles technologies et des mangas. Virtuoses du dessin et de la peinture, tous trois nous emmènent dans des univers féeriques peuplés de personnages hybrides hauts en couleurs qui, sous des dehors joyeux et ludiques, nous entraînent rapidement vers des sujets beaucoup plus sérieux, notamment la vie, la mort, le sexe.

Pattern Factory Ayako Terashima, 2009-09-22 Pattern Factory shines a light on unconventional contemporary patterns created by cutting edge illustrators and graphic designers and showing how these unique patterns are created, applied to products, and presented in stores. With full-color illustrations throughout, it showcases more than 100 images by artists and designers who create distinct and unique patterns and graphics. It features selected designers and artists who have shown originality in the range of their products as well as in their print designs, and brings an insight into their creative processes with interviews and photos of their working environments. The book will be a useful resource for artists, illustrators, fashion designers/enthusiasts, and graphic designers, and will attract textile and crafts lovers to an under-represented area of

popular contemporary visual culture. When we hear the word pattern in the design world, we often associate it with textiles. But this book is not just about textile design, it is about how patterns started to be recognised as art or graphic icons individually, especially in the last decade. This is partly to do with the recent trend towards commercial collaboration that occurs when artists are asked by brands to apply their artwork to various products such as bags, mineral water bottles, and cars. It also reflects how streetwear brands such as Supreme and Stussy have had a strong influence over teenagers and on subcultures such as the skate scene of the 90's. Many of those who grew up with these influences now have disposable incomes that allow them to buy unique homeware products, clothes, designer toys and other limited edition, visually unique, products. But with these new designs comes a reappraisal of handmade items and craftsmanship that can be seen in the way some of the most influential modern designers work using traditional methods. And consumers have responded positively to this sort of uncompromising and personalised style.

Never Be Sane Hannah Hightman, 2018-01-11 *Never Be Sane* is a monograph focusing on young people who did something different with their youth, despite adolescence usually being the time when people begin to become what society wants them to be. This book profiles the antics and accomplishments of 18 people during their teens/youth (including Tavi Gevinson, Jean-Michel Basquiat, Aaron Swartz, Elizabeth Cochran Seaman, and Akiane Kramarik) in an effort to promote individuality in the face of conformity. It features brief excerpts on each person with accompanying visuals and ink sketches.

The Japanese Experience-inevitable Ursula Blickle Stiftung, 2002 At first sight, it appears brand new, pure Tokyo pop. But *The Japanese Experience: Inevitable* reveals far more than the successful cloning of morphed manga motifs onto stretched canvas and museum walls. It represents eight positions in contemporary Japanese art and scrutinizes their complex visual vocabulary, noting references to Japanese and Western art traditions as frequently as the borrowing of mass culture motifs from the realms of manga and anime. Takashi Murakami's MR. DOB questions the place of contemporary art in our global society; Aya Takano's glowing watercolors combine Japanese sensitivity, issues of female identity, and sci-fi; Masahiko Kuwahara's mutant animals provide shades of softness and mysterious openness, and Yoshitomo Nara's reworking of historical Japanese woodcuts disturbs the floating world. Not only are the artists' visual repertoires new and surprising, but their creative methods and strategies help conquer a public that is mostly untouched by contemporary art. Published in

association with the Ursula Blickle Foundation.

Purple Anthology Olivier Zahm, 2008-05-27 The history of the groundbreaking magazine Purple, featuring more than 600 spreads, with contributions from Vanessa Beecroft, Mark Borthwick, Corinne Day, Inez van Lamsweerde and Vinoodh Matadin, Terry Richardson, Mario Sorrenti, Juergen Teller, Wolfgang Tillmans and others. - Purple magazine revolutionized fashion photography in the 1990s by linking the art and fashion worlds as never before. Its editors, Elein Fleiss and Olivier Zahm, introduced an unconventional approach by commissioning fine artists to photograph fashion editorials. What resulted was a raw improvisational aesthetic that continues to exert its power through the fashion media worldwide. Each chapter covers a different year, from 1992 to 2006.
