Introduction to Management Accounting, Chap. 1-14 Charles T. Horngren, Gary L. Sundem, William O. Stratton, 2005

Make the right decisions with Horngren/Sundem/Stratton! Horngren/Sundem/Stratton's best-selling texts emphasize decision-making throughout each chapter. Decision-making is introduced in the early text chapters and also appears in many of the text features: Making Managerial Decisions boxes, critical thinking exercises, and more. As always, students develop a solid understanding of costs and cost behavior and the use of cost information for planning and control decisions, not just inventory valuation. Two text versions enable faculty to select a text that only covers management accounting concepts (Chs. 1-14) or one that includes three chapters of financial accounting review (Chs. 1-17). New OneKey provides the convenience of having all text resources in a single location and available in your choice of course management platform: BlackBoard, WebCT, and CourseCompass. OneKey also includes PH Grade Assist on-line homework with automatic grading and infinite practice for students).

Management Information Systems Kenneth C. Laudon, Jane Price Laudon, 2004 Management Information Systems provides comprehensive and integrative coverage of essential new technologies, information system applications, and their impact on business models and managerial decision-making in an exciting and interactive manner. The twelfth edition focuses on the major changes that have been made in information technology over the past two years, and includes new opening, closing, and Interactive Session cases.

Cómo Tener Éxito En La Consultoría Fiscal Gabriel Montiel Morales,2012-02-08 El pago de impuestos y el cumplimiento de las obligaciones fiscales por parte de los contribuyentes representan un reto muy importante para stos y en general para los negocios. En Mxico como en otras parte del orbe se crean ao, con ao, bastantes modificaciones a diferentes Leyes Fiscales, por medio de las cuales el Estado busca generar los ingresos que le ayuden a solventar el gasto pblico, sin embargo, los contribuyentes se sienten agobiados por la carga fiscal, pero sobre todo en la forma de cumplir con dicha carga. Mientras los impuestos no desaparezcan, el consultor fiscal, sabedor de estos problemas, puede resolverlos si se especializa y aporta sus conocimientos para tal fin, pero sobre todo ayuda en una forma preventiva y armnica, a que los contribuyentes puedan

crecer de acuerdo a sus metas y objetivos, y la materia fiscal no debe entorpecer dicho crecimiento, por el contrario, debe de ser un instrumento de desarrollo.
