Erik Larson

Thunderstruck Erik Larson, 2006-10-24 A true story of love, murder, and the end of the world's "great hush." In *Thunderstruck*, Erik Larson tells the interwoven stories of two men—Hawley Crippen, a very unlikely murderer, and Guglielmo Marconi, the obsessive creator of a seemingly supernatural means of communication—whose lives intersect during one of the greatest criminal chases of all time. Set in Edwardian London and on the stormy coasts of Cornwall, Cape Cod, and Nova Scotia, *Thunderstruck* evokes the dynamism of those years when great shipping companies competed to build the biggest, fastest ocean liners; scientific advances dazzled the public with visions of a world transformed; and the rich outdid one another with ostentatious displays of wealth. Against this background, Marconi races against incredible odds and relentless skepticism to perfect his invention: the wireless, a prime catalyst for the emergence of the world we know today. Meanwhile, Crippen, "the kindest of men," nearly commits the perfect murder. With his unparalleled narrative skills, Erik Larson guides us through a relentlessly suspenseful chase over the waters of the North Atlantic. Along the way, he tells of a sad and tragic love affair that was described on the front pages of newspapers around the world, a chief inspector who found himself strangely sympathetic to the killer and his lover, and a driven and compelling inventor who transformed the way we communicate.

Dead Wake Erik Larson, 2015-03-10 #1 NEW YORK TIMES BESTSELLER • From the bestselling author and master of narrative nonfiction comes the enthralling story of the sinking of the *Lusitania* "Both terrifying and enthralling."—Entertainment Weekly "Thrilling, dramatic and powerful."—NPR "Thoroughly engrossing."—George R.R. Martin On May 1, 1915, with WWI entering its tenth month, a luxury ocean liner as richly appointed as an English country house sailed out of New York, bound for Liverpool, carrying a record number of children and infants. The passengers were surprisingly at ease, even though Germany had declared the seas around Britain to be a war zone. For months, German U-boats had brought terror to the North Atlantic. But the *Lusitania* was one of the era's great transatlantic "Greyhounds"—the fastest liner then in service—and her captain, William Thomas Turner, placed tremendous faith in the gentlemanly strictures of warfare that for a century had kept civilian ships safe from attack. Germany, however, was determined to change the rules of the game, and Walther Schwieger, the captain of *Unterseeboot-20*, was happy to oblige. Meanwhile, an ultra-secret British intelligence unit tracked Schwieger's U-boat, but told no one. As U-20 and the *Lusitania* made their way toward Liverpool, an

array of forces both grand and achingly small—hubris, a chance fog, a closely guarded secret, and more—all converged to produce one of the great disasters of history. It is a story that many of us think we know but don't, and Erik Larson tells it thrillingly, switching between hunter and hunted while painting a larger portrait of America at the height of the Progressive Era. Full of glamour and suspense, *Dead Wake* brings to life a cast of evocative characters, from famed Boston bookseller Charles Lauriat to pioneering female architect Theodate Pope to President Woodrow Wilson, a man lost to grief, dreading the widening war but also captivated by the prospect of new love. Gripping and important, *Dead Wake* captures the sheer drama and emotional power of a disaster whose intimate details and true meaning have long been obscured by history. Finalist for the Washington State Book Award • One of the Best Books of the Year: The Washington Post, St. Louis Post-Dispatch, Miami Herald, Library Journal, Kirkus Reviews, LibraryReads, Indigo

Comic Books Shirrel Rhoades, 2008 This book is an insider's guide to how the comic book industry works. You'll learn how comic book superheroes are created and the deeper meanings they represent. You'll follow the development of sequential art storytelling - from caveman wall paintings to modern manga and cinematic techniques. Here you will explore comics in all forms: those flimsy pamphlets we call comic books; thick graphic novels; Japanese manga; and blockbuster movies featuring epic battles between good and evil. But behind it all, you'll discover how comics are an intellectual property business, the real money found in licensed bedsheets and fast-food merchandise, heart-pounding theme park rides and collectible toys, video games, and Hollywood extravaganza featuring such popular superheroes as Spider-Man, Superman, X-Men, and Batman.

Twice in a Lifetime Melissa Baron, 2022-12-06 The Time Traveler's Wife meets Oona Out of Order in this mind-bending, debut time travel romance about a love more powerful than space and time. Isla has fled the city for small-town Missouri in the wake of a painful and exhausting year. With her chronic anxiety at a fever pitch, the last thing she expects is to meet a genuine romantic prospect. And she doesn't. But she does get a text from a man who seems to think he's her husband. Obviously, a wrong number—except when she points this out, the mystery texter sends back a picture. Of them—on their wedding day. Isla cautiously starts up a texting relationship with her maybe-hoax, maybe-husband Ewan, who claims to be reaching out from a few years into the future. Ewan knows Isla incredibly well, and seems to love her exactly as she is, which

she can hardly fathom. But he's also grieving, because in the future, he and Isla are no longer together. Ewan is texting back through time to save her from a fate he is unwilling to share—and all she can do to prevent that fate is to learn to be happy, now, in the body she has, with the mind she has. The only trouble is the steps she takes in that direction might be steps away from a future with Ewan. Melissa Baron's time-crossed romance features a quintessentially endearing and brave protagonist, and an engrossing plot that will keep you turning pages until its breathtaking finish.

Natural Born Celebrities David Schmid, 2024-05-31 This account of how serial killers impact society is a compelling examination of the media phenomenon of the 'celebrity criminal' in American culture (Joyce Carol Oates). Jeffrey Dahmer. Ted Bundy. John Wayne Gacy. Serial killers have become iconic figures in America, the subject of made-for-TV movies and mass-market paperbacks alike. But why do we find such luridly transgressive and horrific individuals so fascinating? What compels us to look more closely at these figures when we really want to look away? *Natural Born Celebrities* considers how serial killers have become lionized in American culture and explores the consequences of their fame. David Schmid provides a historical account of how serial killers became famous and how that fame has been used in popular media and the corridors of the FBI alike. Ranging from H. H. Holmes, whose killing spree during the 1893 Chicago World's Fair inspired *The Devil in the White City*, right up to Aileen Wuornos, the lesbian prostitute whose vicious murder of seven men would serve as the basis for the hit film *Monster*, Schmid unveils a new understanding of serial killers by emphasizing both the social dimensions of their crimes and their susceptibility to multiple interpretations and uses. He also explores why serial killers have become endemic in popular culture, from their depiction in film and TV to their becoming the stuff of trading cards and even Web sites where you can buy their hair and nail clippings. Persuasively argued, meticulously researched . . . It is highly readable as well. —Joyce Carol Oates

The Readers' Advisory Guide to Historical Fiction Jennifer S. Baker, 2014-10-17 Emphasizing an appreciation of historical fiction in its many forms and focusing on what fans enjoy, this guide provides a fresh take on a durable genre.

Thomson Handbook David Blakesley, Jeffrey Laurence Hoogeveen, 2006-08 THE THOMSON HANDBOOK, PREVIEW EDITION is an early look at the rhetorical handbook for the digital age. THE THOMSON HANDBOOK puts students' writing front and center with an innovative page format that keeps students' attention focused on their own writing and on activities, checklists, projects, and visual aids that help them write. The page design and innovative visuals make information about writing, reading, research, documentation, technology, and grammar easy for students to access and understand. To accomplish their writing tasks, students are taught to ground their rhetorical decisions in the specific context in which they are writing. As a further aid to writing and research, THE THOMSON HANDBOOK gives students more and better

information on using technology than any other handbook. Technology Toolboxes throughout, as well as two dedicated parts of the book (Parts 5 and 6), teach students how to apply technology to their writing tasks, whether the task is to write a personal essay, a persuasive essay, a critical review, a photographic essay, a technology autobiography, a blog, a website, or more than twenty other different kinds of writing projects.

The Buckley-Little Catalogue of Books Available from Authors , 1985

Ripper Notes Dan Norder, Wolf Vanderlinden, Alan Sharp, 2008-02 *Ripper Notes: The Legend Continues* looks at the enduring mystery of the Jack the Ripper murders with essays covering the myths from the past that still survive today as well as the way modern enthusiasts keep the case alive. Wolf Vanderlinden starts things off with an in-depth look at Carl Feigenbaum, a convicted murderer whose own lawyer thought he was Jack the Ripper. Dan Norder tackles the concept of copycat killings and uncovers evidence that the Whitechapel murderer changed his methods to live up to his own legend. John Bennett examines top hats, black bags and other icons of the Jack the Ripper myth. Craig Hansen criticizes unrealistic attempts to romanticize the life of Ripper victim Mary Jane Kelly. Andrew Spallek investigates rail service between Blackheath and London to see if suspect Montague J. Drutt can be placed in the East End around the times of the murders. Jonathan Menges dissects recent claims that DNA has proven Dr. Hawley Crippen innocent of the death of his wife. Bernard Brown examines the Thomas Street Murder of 1894. In addition to the regular news briefs and book reviews, there is also detailed coverage of the 2007 Ripper conference, the Trial of James Maybrick and Frogg Moody's Ripper-themed rock opera. Profusely illustrated with rarely-seen images, *Ripper Notes* is a nonfiction anthology series covering all aspects of the Jack the Ripper case and other murders of Victorian era.

Isaac's Storm Erik Larson, 2011-10-19 NEW YORK TIMES BESTSELLER • The riveting true story of the Galveston hurricane of 1900, still the deadliest natural disaster in American history—from the acclaimed author of *The Devil in the White City* “A gripping account ... fascinating to its core, and all the more compelling for being true.” —The New York Times Book Review September 8, 2000, began innocently in the seaside town of Galveston, Texas. Even Isaac Cline, resident meteorologist for the U.S. Weather Bureau failed to grasp the true meaning of the strange deep-sea swells and peculiar winds that greeted the city that morning. Mere hours later, Galveston found itself submerged in a monster hurricane that completely destroyed the town and killed over six thousand people—and Isaac Cline found himself the victim of a devastating personal tragedy. Using Cline's own telegrams, letters, and reports, the testimony of scores of survivors, and our latest understanding of the science of hurricanes, Erik Larson builds a chronicle of one man's heroic struggle and fatal

miscalculation in the face of a storm of unimaginable magnitude.
