**The Insulted and Injured** Fyodor Dostoevsky, 2011-07-07 The Insulted and Injured, which came out in 1861, was Fyodor Dostoevsky's first major work of fiction after his Siberian exile and the first of the long novels that made him famous. Set in nineteenth-century Petersburg, this gripping novel features a vividly drawn set of characters - including Vanya (Dostoevsky's semi-autobiographical hero), Natasha (the woman he loves), and Alyosha (Natasha's aristocratic lover) - all suffering from the cruelly selfish machinations of Alyosha's father, the dark and powerful Prince Valkovsky. Boris Jakim's fresh English-language rendering of this gem in the Dostoevsky canon is both more colorful and more accurate than any earlier translation. --from back cover.

**The God Who Trusts** Wm. Curtis Holtzen, 2019-12-10 The Bible resounds with affirmations that God is faithful and trustworthy. But might he also exhibit faith and trust? Wm. Curtis Holtzen contends that because God is a being of relational love and exists in relationship with humans, then God is a God who trusts. Holtzen argues that understanding the relationship between divine trust and human faith can give us a fuller, truer picture of who God is and who we are.

**Religion and Cultural Studies** Susan L. Mizruchi, 2021-01-12 Americans have never been more religious than they are now, at the dawn of the twenty-first century. By all reports, attendance rates at traditional places of worship are high and rising; the influx of new immigrant religions has revitalized standard faiths and drawn in those who had strayed from them. Popular television shows like The Simpsons feature characters who go to church every Sunday and speak to God; special events, like the 1998 outdoor mass in Worcester, Massachusetts, for a comatose girl believed to have miraculous powers, attract thousands of people. This collection is both part of this ferment and an intellectual reflection upon it. Religion and Cultural Studies features essays by major scholars from the fields of anthropology, history, literary criticism, and religion in order to enrich critical discourse about religion and culture. Despite the variety of disciplines represented by this group of scholars and the variety of cultures explored in their essays--from fifteenth-century Flemish asceticism and nineteenth-century African-American spiritualism to Russian blood-libel trials and Alien Abduction Reports in the twentieth century--their common ground is the question of religion's place in current American academic analysis, and more broadly in American life today. The volume's range of vocabulary and subject matter is aimed at vitalizing scholarly interest in the field of religion and cultural studies and deepening intellectual inquiry in the contemporary academy. The contributors are Eytan

Bercovitch, Karen McCarthy Brown, Gillian Feeley-Harnik, Richard Wightman Fox, Jenny Franchot, Giles Gunn, Geoffrey Galt Harpham, Bruce B. Lawrence, Jack Miles, Susan L. Mizruchi, and Jonathan Z. Smith.

**Love, Friendship, and the Self** Bennett W. Helm, 2010-01-07 Bennett Helm presents a reexamination of our common understanding of ourselves as persons in light of the phenomena of love and friendship. He argues that the individualism that is implicit in that understanding cannot be sustained if we are to understand the kind of distinctively personal intimacy that love and friendship essentially involve.

*The Wound and the Blessing* Luigino Bruni, 2012 Bruni offers an authoritative and innovative look at the cultural and anthropological premises underlying contemporary market economies and their promises. He points out the need for balancing the increasing tendency toward isolation with the human need for relationships. Bruni proposes gratuitousness -- free and open reciprocity, quite different from altruism -- as a means of maximizing the benefits of the market without losing the joy that comes from putting relationships with others first.

*Eros, Agape and Philia* Alan Soble, 1989 The philosophy of love For centuries, popular writers and respected scholars have written about and analyzed the phenomenon of love without exhausting its potential for contemporary debate. By representing the three major traditions in the philosophy of love--Platonic eros, Christian agape, and Aristotelian philia--editor Alan Soble has not only examined the intellectual problem of what love is, but has designed a dialogue among the three traditions in genuine philosophical style. Eros is acquisitive, egocentric or even selfish; agape is a giving love. Eros is an unconstant, unfaithful love, while agape is unwavering and continues to give despite ingratitude. Eros is a love that responds to the merit or value of its object; while agape creates value in its object as a result of loving it... Finally, eros is an ascending love, the human's route to God; agape is a descending love, God's route to humans... Philia is caught between eros and agape.--From the Introduction to *Eros, Agape and Philia* ISSUES EXPLORED: --What is the state of love today as seen through the eyes of Plato, Aristotle, and Paul? --How do relations between the sexes illustrate the difficulties of love? --What are the nature and effects of exclusivity, reciprocity, and constancy? --What are the conceptual and psychological ties between sex and love? --Does it make any sense to think of love in moral terms?

**Communities of Difference** P. Trifonas, 2005-05-05 This book will look at the implications of educational practices in communities that are differentiated by issues of language, culture, and technology. Trifonas argues that a 'community' is at once a gathering of like-minded individuals in solidarity of purpose and conviction, and also a gathering that excludes others. The chapters in this collection will reveal this tension between theory and practice in order to engage the models of community and the theories of difference that support them as a way to teach, to learn, and to know.

**The Papers of Martin Luther King, Jr., Volume IV** Martin Luther King, Clayborne Carson, Peter Holloran, Penny A. Russell, 1992 This fourth volume in the highly-praised edition of the Papers of Martin Luther King covers the period (1957-58) when King, fresh from his leadership of the Montgomery bus boycott, consolidated his position as leader of the civil rights movement.

**The Many Facets of Love** Thomas Jay Oord, 2007 Poets, theologians, romantics, scientists, and revolutionaries alike have explored the many facets of love. Judging by the wide use of the word *love* and the high praise it typically receives, we might think that philosophers have thoroughly analyzed love. But this is not the case. This book takes a step toward rectifying the neglect of a philosophical analysis of love. It brings together fifteen philosophical perspectives that explore some of *love's* most important facets. Most of the essays have theistic or religious concerns in mind.

*Love's Virtues* Mike W. Martin, 1996 This book brings together a sensitive understanding of love and an unusually careful, even painstaking, analysis of the enormous but often neglected role of morality and the virtues in love. Martin's discussions of such virtues as caring, courage, fidelity, and honesty are superb, the examples well-chosen, the argument personal but nevertheless rigorous, the prose accessible and enjoyable to read.

Bibliotheca Sacra and Theological Review, 1906

The Philosophy and Theology of Anders Nygren Charles William Kegley, 1970 Anders Nygren has for years been recognized as a leading contemporary theologian. His major work, *Agape and Eros*, has become a classic of theological research. And though he has been comparatively little known in this country, these critical essays which scrutinize Professor Nygren's philosophical and theological theses on such subjects as motif research, meanings of love, systematic theology, and philosophy of religion attest to the importance given to his work by scholars and theologians throughout the world. The illumination given Nygren's thought by this close examination is further enhanced by his *Intellectual Autobiography* and by his *Reply to Interpreters and Critics*, a commentary and defense in response to the essays, written by Professor Nygren for this volume. In addition, the volume includes a complete bibliography of Nygren's publications, covering his entire career and listing all translations of his works.
