Another Economy is Possible Manuel Castells, 2017-04-03 Throughout the Western world, governments and financial elites responded to the financial crisis of 2008 by trying to restore the conditions of business as usual, but the economic, social and human damage inflicted by the crisis has given rise to a reconsideration of the inevitability of unfettered capitalism as a fact of life. A number of economic practices and organizations emerged in Europe and the United States that embodied alternative values: the value of life over the value of money; the effectiveness of cooperation over cut-throat competition; the social responsibility of corporations and responsible regulation by governments over the short-term speculative strategies that brought the economy to the brink of catastrophe. This book examines the blossoming of innovative new experiments in organizing work and life that emerged in the wake of the financial crisis: cooperatives, barter networks, ethical banking, community currencies, shared time banks, solidarity networks, sharing of goods, non-monetary transactions, etc., experiments that paved the way for the emergence of a sharing economy in all domains of activity oriented toward the satisfaction of human needs. Other innovations included the creation of cryptographic virtual currencies, epitomized by bitcoin, which blended a libertarian, entrepreneurial spirit with information technology to provide an alternative to standard forms of currency. On the basis of a cross-cultural analysis of alternative economic practices, this book develops an important theoretical argument: that the economy, as a human practice, is shaped by culture, and that the diversity of cultures, as revealed in a time of crisis, implies the possibility of different economies depending on the values and power relations that define economic institutions. This book will be of great interest to students and scholars in sociology, economics and the social sciences generally, and to anyone who wishes to understand how our societies and economies are changing today.

**The Automation Advantage: Embrace the Future of Productivity and Improve Speed, Quality, and Customer Experience Through AI** Bhaskar Ghosh, Rajendra Prasad, Gayathri Pallail, 2021-12-07 From the global automation leaders at

Accenture—the first-ever comprehensive blueprint for how to use and scale AI-powered intelligent automation in the enterprise to gain competitive advantage through faster speed to market, improved product quality, higher efficiency, and an elevated customer experience. Many companies were already implementing limited levels of automation when the pandemic hit. But the need to rapidly change business processes and how organizations work resulted in the compression of a decade's worth of digital transformation into a matter of months. Technology suddenly became the essential element for rapid organizational change and the creation of 360-degree value benefiting all stakeholders. Businesses are faced with the imperative to embrace that change or risk being left behind. In *The Automation Advantage*, global enterprise technology and automation veterans Bhaskar Ghosh, Rajendra Prasad, and Gayathri Pallail give business leaders and managers the action plan they need to execute a strategic agenda that enables them to quickly and confidently scale their automation and AI initiatives. This practical and highly accessible implementation guide answers leaders' burning questions, such as: How do I identify and prioritize automation opportunities? How do I assess my legacy systems and data issues? How do I derive full value out of my technology investments and automation efforts? How can I inspire my employees to embrace change and the new opportunities presented by automation? *The Automation Advantage* goes beyond optimizing process to using AI to transform almost any business activity in any industry to make it faster, more streamlined, cost efficient, and customer-focused—vastly improving overall productivity and performance. Featuring case studies of successful automation solutions, this indispensable road map includes guiding principles for technology, governance, culture, and leadership change. It offers a human-centric approach to AI and automation that leads to sustainable transformation and measurable business results.

*The Global Insurance Market and Change* Anthony A Tarr, Julie-Anne Tarr, Maurice Thompson, Dino Wilkinson, 2023-10-17 This book focuses on the global landscape in which insurance is transacted, and where it is evolving, driven from within by transformative technologies and externally by the necessity to address risks like climate change and health crises, such as the COVID-19 pandemic. It discusses the dynamic challenges and opportunities that lie ahead for the industry in areas such as on-demand insurance, embedded insurance, parametric insurance, autonomous vehicles, the rise of fintech, the cyber risk landscape and through initiatives driven by distributed ledger technology or blockchain solutions. Moreover, it covers the major external challenges confronting the global insurance market, such as the growing insurance protection gap in relation to the affordability and insurability of natural catastrophes and climate change, and pandemics like COVID-19. This book examines innovations in insurance driven by the industry as well as externally imposed changes and dynamics impacting the industry. It describes these changes, the industry's responses and the legal framework in which they occur. It canvasses additional regulatory and law reform initiatives that may be necessary to achieve an effective balance between the various competing interests. The book is the first to address these matters holistically with a particular focus upon insurance law, it will describe these changes and industry responses and the legal framework in which they occur. The Global Insurance Market will be directly relevant to legal professionals, insurers, insurtechs, fintechs, brokers, CEOs of insurance companies, risk managers, legal counsel, academics, researchers, the judiciary, and policy makers. It will also serve as a valuable resource for students of all levels.

**The Ultimate CRM Handbook** John Freeland, 2003 A hands-on guidebook from Accenture for building a globally responsive, customer-driven enterprise As the dust settles from the most recent round of CRM projects, companies are increasingly finding that their efforts haven't delivered anticipated benefits. In *The Ultimate CRM Handbook*, influential thought leaders from Accenture discuss why CRM has failed to live up to expectations and what companies can do to improve the bottom-line return on CRM investments. More than 30 chapters and in-depth case studies on many leading companies give managers and senior executives alike the high-level perspective needed to build lasting, profitable bonds with their customers. They also provide techniques companies can use to: Establish more effective interactions with their customers Build lasting brand loyalty Dramatically improve the efficiency of their sales, marketing, and customer service operations

**Digital Age Consumers and Brands** Purnima Embranthiri, 2025-02-28 *Digital Age Consumers and Brands* explores consumer and branding behavior in the digital age. Previously, shopping required meticulous planning and interacting with salespeople for product information. Technology has revolutionized these processes, making shopping more convenient. Today, people can browse and buy items from the comfort of their seats, with 81% of shoppers using search engines before making a purchase. Online reviews and testimonials have replaced traditional word-of-mouth marketing, significantly influencing buyer decisions. Businesses have adapted by setting up e-commerce websites and listing products in marketplaces to retain customers. This book examines how the internet has transformed consumer engagement with brands, reshaping marketing economics and making many traditional strategies obsolete. For marketers, the old ways of doing business are unsustainable. We highlight the importance of sound marketing practices, excellent customer service, and stellar products and services for business success. Understanding buyers and learning how they think are crucial elements for success in today's market.

*The 4IR and the Humanities in South Africa* Bhaso Ndzendze, Asheel Singh, Suzall Timm, 2024-05-28 The world is at a crossroads because of industrial change, compounded by a global pandemic. Humanities and social science education is grappling with the meaning of this change, to the effect that there have been some anxieties and misguided perceptions about the irrelevance of the humanities in this emerging new world. With the emergence of new technologies, this book highlights the indispensable centrality of humanity and the humanities going forward. The book will provide a reference point for new and innovative approaches to the humanities in the 4IR in South Africa and Africa. Its diverse content means that it will be useful across the humanities and social science spectrum.

**Innovations in Healthcare Management** Vijai Kumar Singh, Paul Lillrank, 2015-02-18 As developed economies enter a period of slower growth, emerging economies such as India have become prime examples of how more can be achieved with less. Bringing together experience and expertise from across the healthcare industry, this book examines innovations that can bring about real advances in the healthcare industry. *Innovations in H*

*Gloom to Boom* Andrea Bonime-Blanc, 2019-10-16 Leaders – whether in business, government or the nonprofit sector – take risks but often without fully understanding risk at a strategic level. Expanding upon the well-known ESG risks, this book explains the key nonfinancial (environmental, social, governance and technological or ESGT) risks. For many leaders (including board members), taking risk without knowledge or preparation can lead to organizational crisis, scandal and value destruction. For those who are prepared, resilience follows and so does the ability to transform ESGT risk into opportunity and value for stakeholders. In this book, global governance, risk, ethics and cyber strategist, author and board member, Andrea Bonime-Blanc, shows practitioners at all levels how to effectively identify and manage their top ESGT risks to avoid crises and transform risk into sustainable long-term resilience and value. *Gloom to Boom* is a book for everyone – from the highest levels of leadership in an organization (the board, CEO and C-suite), to other senior leaders (the chief risk officer, CFO, general counsel, head of CSR and sustainability, CISO, CHRO), and midlevel leaders, students and folks simply interested in current affairs and the role and impact of strategic risk and opportunity on their lives.

24/7 Innovation Stephen M. Shapiro, 2002-10-01 Techniques for Awakening Your Organization's Innovative Potential in a Global Marketplace That Never Sleeps Praise for Stephen Shapiro's 24/7 Innovation... Shapiro's ideas provide just enough structure for innovation to grow, but never so much as to stifle it. Thomas H. Davenport, Director of the Accenture Institute for Strategic Change, Distinguished Scholar in Residence at Babson College 24/7 Innovation weaves a compelling picture of what will be needed to win in the new millennium. Steve Stanton, Coauthor, The Reengineering Revolution Steve's book provides a timely focus on innovation as competitive advantage, and it is well worth your time. Charles Koch, CEO and President, Koch Industries Steve offers a pragmatic, global, business savvy realism as well as artistic flair to anyone who needs to be an innovator in business. Peter Keen, CEO, Keen Innovations, Coauthor, The eProcess Edge Steve shows how companies can be innovative everywhere, everyday, by everyone. This is a must read book for anyone who is serious about 24/7 innovation. Dr. Trevor G. Gibbs, Head of Global Clinical Safety and Pharmacovigilance, GlaxoSmithKline In one of the great paradoxes of twenty-first-century business, market leaders must continuously pursue the obsolescence of their own bestselling products. Why? Because they know that beyond their own corporate walls, hungry competitors are borrowing and improving on the strengths of those products in order to take their hard-won customer base to the next level of satisfaction. And if they plan to stay on top, leaders know it is up to them to reach that next level first. Whether you are a leader or a pursuer, 24-7 Innovation takes you beyond the rigid policies, prescriptive processes, and fragmented organizational structures that have stifled true innovation for too long. This step-by-step book shows you how to instill a mind-set of continuous innovation at every level of your organization, one that will allow you to achieve and sustain a leadership position in any market. It outlines a lean, action-based framework designed to put your organization in the state of perpetual innovation that is necessary for creating sustainable business success. Look to 24/7 Innovation for the latest techniques and strategies to: Create a culture of innovation and inject innovation continuously throughout the execution of each process Implement the Capabilities approach at every level of your organization, and coordinate its five essential components- Strategy, Measurements, Processes, People, and Technology-to consistently interrelate with each other and deliver measurable results Align all stakeholders from customers to shareholders to employees at all levels of an organization Moving far beyond theory, 24/7 Innovation reveals what today's most innovative companies are actually doing right now and provides guidelines to help you replicate these successes in your own organization. It offers a blueprint for creating a truly

flexible organization, one that builds upon current successes even as it promotes rapid change and adaptability for maximizing those successes. In today's age of unprecedented access and unlimited competition, constant change is the prerequisite for survival. Let 24/7 Innovation show you how to introduce constant change throughout every level of your organization revolutionary change that is strategic, pervasive, and ultimately overwhelming to your competitors.
