

La Tombe De Lannihilation

Agustí Alemany

The Selected Works of George Sand George Sand, The correspondence of George Sand and Gustave Flaubert, if approached merely as a chapter in the biographies of these heroes of nineteenth century letters, is sufficiently rewarding. In a relationship extending over twelve years, including the trying period of the Franco-Prussian War and the Commune, these extraordinary personalities disclose the aspects of their diverse natures which are best worth the remembrance of posterity. However her passionate and erratic youth may have captivated our grandfathers, George Sand in the mellow autumn of her life is for us at her most attractive phase. The storms and anguish and hazardous adventures that attended the defiant unfolding of her spirit are over. In her final retreat at Nohant, surrounded by her affectionate children and grandchildren, diligently writing, botanizing, bathing in her little river, visited by her friends and undistracted by the fiery lovers of the old time, she shows an unguessed wealth of maternal virtue, swift, comprehending sympathy, fortitude, sunny resignation, and a goodness of heart that has ripened into wisdom. For Flaubert, too, though he was seventeen years her junior, the flamboyance of youth was long since past; in 1862, when the correspondence begins, he was firmly settled, a shy, proud, grumpy toiling hermit of forty, in his family seat at Croisset, beginning his seven years' labor at *L'Education Sentimentale*, master of his art, hardening in his convictions, and conscious of increasing estrangement from the spirit of his age. He, with his craving for sympathy, and she, with her inexhaustible supply of it, meet; he pours out his bitterness, she her consolation; and so with equal candor of self-revelation they beautifully draw out and strengthen each the other's characteristics, and help one another grow old. But there is more in these letters than a satisfaction for the biographical appetite, which, indeed, finds ITS account rather in the earlier chapters of the correspondents' history. What impresses us here is the banquet spread for the reflective and critical faculties in this intercourse of natural antagonists. As M. Faguet observes in a striking paragraph of his study of Flaubert: It is a curious thing, which does honor to them both, that Flaubert and George Sand should have become loving friends towards the end of their lives. At the beginning, Flaubert might have been looked upon by George Sand as a furious enemy. Emma [Madame Bovary] is George Sand's heroine with all the poetry turned into ridicule. Flaubert seems to say in every page of his work: 'Do you want to know what is the real Valentine, the real Indiana, the real Lelia? Here she is, it is Emma Roualt.' 'And do you want to know what becomes of a woman whose education has consisted in George Sand's books? Here she is, Emma Roualt.' So that the terrible mocker of the bourgeois has written a book which is

directly inspired by the spirit of the 1840 bourgeois. Their recriminations against romanticism 'which rehabilitates and poetises the courtesan,' against George Sand, the Muse of Adultery, are to be found in acts and facts in Madame Bovary. Now, the largest interest of this correspondence depends precisely upon the continuance, beneath an affectionate personal relationship, of a fundamental antagonism of interests and beliefs, resolutely maintained on both sides. George Sand, with her lifelong passion for propaganda and reformation, labors earnestly to bring Flaubert to her point of view, to remould him nearer to her heart's desire. He, with a playful deference to the sex and years of his friend, addresses her in his letters as Dear Master. Yet in the essentials of the conflict, though she never gives over her effort, he never budes a jot; he has taken his ground, and in his last unfinished work, Bouvard and Pecuchet, he dies stubbornly fortifying his position. To the last she speaks from a temperament lyrical, sanguine, imaginative, optimistic and sympathetic; he from a temperament dramatic, melancholy, observing, cynical, and satirical. She insists upon natural goodness; he, upon innate depravity. She urges her faith in social regeneration; he vents his splenetic contempt for the mob. Through all the successive shocks of disillusioning experience, she expects the renovation of humanity by some religious, some semi-mystical, amelioration of its heart; he grimly concedes the greater part of humanity to the devil, and can see no escape for the remnant save in science and aristocratic organization. For her, finally, the literary art is an instrument of social salvation—it is her means of touching the world with her ideals, her love, her aspiration; for him the literary art is the avenue of escape from the meaningless chaos of existence—it is his subtly critical condemnation of the world. The origins of these unreconciled antipathies lie deep beneath the personal relationship of George Sand and Gustave Flaubert; lie deep beneath their successors, who with more or less of amenity in their manners are still debating the same questions today. The main currents of the nineteenth century, with fluent and refluxing tides, clash beneath the controversy; and as soon as one hears its long withdrawing roar, and thinks it is dying away, and is become a part of ancient history, it begins again, and will be heard, no doubt, by the last man as a solemn accompaniment to his final contention with his last adversary.

Isis on the Nile. Egyptian Gods in Hellenistic and Roman Egypt ,2010-12-17 The diffusion of the cults of Isis is recently again intensively studied. Research on this fascinating phenomenon has traditionally been characterised by its focus on L'Égypte hors d'Égypte, while developments in Hellenistic and Roman Egypt itself were often seen as belonging to a different domain. This volume tries to overcome that unhealthy dichotomy by studying the cults of Isis in Hellenistic and Roman Egypt itself in relation to developments in the Mediterranean at large. The book not only presents an overview of the most important deities, often based on new or unpublished material, but also pays ample attention to the cultural processes behind Isis on Nile, like relations between style and identity, religious choice, social- and cultural memory and Egypt's view of its own past.

Sources on the Alans Agustí Alemany,2021-10-25 The first exhaustive key to the sources to, and the proper names of the Alans. The scattered nature of sources and their dispersion in time, space and intermediary languages may explain the lack of a true comprehensive guide to this important ancient people, a nomadic tribe of Iranian stock, living from one end of the Eurasian steppes to the other. Documents from ancient up to medieval times regularly make, in a wide variety of languages, mention of the Alans. With his *Sources on the Alans* Agustí Alemany now provides us for the first time with a reliable and exhaustive handbook by collecting, classifying, translating (or summarizing) all reports on the Alans written in Greek, Latin, Medieval Latin, Byzantine, Arabic, Armenian, Catalan, Georgian, Hebrew, Iranian, Mongol, Russian, Syriac and Chinese languages. The volume will also be frequently used as an Onomasticon. With time tables and indices on authors and passages. A reference work in the truest sense.
