A Little London Life Bunny Rockett, 2020-09-29 Newly separated from her husband, Gemima Box moves to a tumbledown cottage in the village of Little London. Determined to build a new life in the countryside, Gemima soon finds that rural life is very different to city living. Broke and without a job, Gemima's dreams and her new home both look close to collapse. Then she meets local 'celebrity' architect Jonathan Stone... Funny and romantic, Bunny Rockett's A Little London Life is the first in a series of Little London stories that follow Gemima Box and her friends and neighbours.

Toby's Little Eden and Other Stories John Flannery, 2010 The first story in this collection of short stories, The Ghostwriter, is about a very successful thriller writer who seems to be possessed by the spirit of Charles Dickens. This leads him to battle his inner demons and question his atheistic attitude. The second story is called Something To Do and features an ordinary man who decides to become a writer. His quotidian task is complicated by slightly obsessive thoughts relating to an old flame. The third story entitled Toby's Little Eden focuses on a strapping young man who is happily dormant and isolated in his beautiful garden in North London but the arrival of a new young housekeeper leads him to reluctantly come out of his shell. Found Wanting is about a man who seeks to gently nudge his wife back into prostitution but is he pushing at an open door? The final story, Carlington Park G.C. is really a series of comical sketches featuring the groundstaff of a new golf course in North Manchester.

**British Children's Writers, 1914-1960** Donald R. Hettinga, Gary D. Schmidt, 1996 Essays on authors and poets in this volume represent some of the best-known writers of children's literature in the twentieth century. This period is marked by certain characteristics, such as stories of groups of children bonded together, the emergence of strong female protagonists, the career books, and a consciously subdued presence of pain and suffering. Many of these works are valued for the window they provided upon a culture now gone

*Love in a Blue Time* Hanif Kureishi, 1999-03-12 This provocative collection of short stories charts the growth of a generation from the liberating irreverence of the late 1970s to the dilemmas of responsibility and fidelity of the 1990s. The stories resonate with Hanif Kureishi's dead-on observations of human passion and folly, his brilliant depiction of seedy locales and magical characters, and his original, wicked sense of humor.

*Noel Streatfeild* Nancy Lyman Huse, 1994 In this comprehensive analysis of a woman hailed by her fellow Britons as a National Monument, Nancy Huse argues that Streatfeild's work challenges the status of girls' books, described in most criticism as ephemeral or constituting a category separate from great books. Huse attributes the appeal of Streatfeild's books to their contemporary themes and traditional values and finds that in exploring the tensions of heredity and environment Streatfeild anticipated many contemporary questions about the role of women, the structure of the family, and the implications of the class system. In particular, Huse notes, Streatfeild (in both her children's and adult novels) used the poverty of women and their work in the domestic sphere to link the public with the private worlds shaping children. Streatfeild's conservative upbringing, rebellious youth, and complex life-long relationship with her family provided material for her novels, according to Huse. Streatfeild developed a conscious perspective on childhood that she used to defend child/adult boundaries while sharpening story forms. At the same time, Huse contends, her multifaceted talent admitted new subjects, character types, themes, and information into the children's book because she assumed competence and intelligent curiosity as the basis of children's contributions to the family and to society. In this vibrant portrait of the life and work of such an innovative children's writer, Huse suggests some meaningful ways to evaluate the family novel, the role of a children's novelist in preserving and constructing a historical record, and the implications of formulaic patterns that derive from female experience.

*Atlas of Imagined Cities* Matt Brown, Rhys B. Davies, 2023-10-12 From the Ghostbusters HQ in New York to Nemo's fish tank in Sydney, from the Phantom of the Opera's Parisian lair to scenes from Grand Theft Auto in LA, this is an amazing atlas of imaginary locations in real-life cities around the world. Locations from film, TV, books, computer games and comics are ingeniously plotted on a series of beautiful vintage-looking maps. Featuring 14 of the world's greatest cities, the maps show

exactly where your favourite characters lived, loved, worked and played, and where iconic scenes took place. The locations have been painstakingly tracked down, mapped, annotated and wittily divulged by the authors, and an extensive index helps you find them all. Within the pages of this book, you'll discover:

- Where in London super-spies James Bond and George Smiley are neighbours.
- The route of the exciting San Francisco car chase in Bullitt.
- The Tokyo homes of all the magical girls from the classic Sailor Moon anime.

And many more fascinating locations drawn from the world's imagination. Accompanying the maps are illuminating essays that explain how the authors came to their decisions, along with explorations of the key locations and fun timelines of imaginary events. Find out how to get to Sesame Street, where to join Starfleet and thousands of other places besides, in this indispensable guidebook to all those places you always wanted to visit – if only they were real.
