Love's Revolution Maria P. P. Root, 2001 When the Baby Boom generation was in college, the last miscegenation laws were declared unconstitutional, but interracial romances retained an aura of taboo. Since 1960 the number of mixed race marriages has doubled every decade. Today, the trend toward intermarriage continues, and the growing presence of interracial couples in the media, on college campuses, in the shopping malls and other public places draws little notice. Love's Revolution traces the social changes that account for the growth of intermarriage as well as the lingering prejudices and false beliefs that oppress racially mixed families. For this book author Maria P.P. Root, a clinical psychologist, interviewed some 200 people from a wide spectrum of racial and ethnic backgrounds. Speaking out about their views and experiences, these partners, family members, and children of mixed race marriages confirm that the barriers are gradually eroding; but they also testify to the heartache caused by family opposition and disapproving strangers. Root traces race prejudice to the various institutions that were structured to maintain white privilege, but the heart of the book is her analysis of what happens when people of different races decide to marry. Developing an analogy between families and types of businesses, she shows how both positive and negative reactions to such marriages are largely a matter of shared concepts of family rather than individual feelings about race. She probes into the identity issues that multiracial children confront and draws on her clinical experience to offer child-rearing recommendations for multiracial families. Root's Bill of Rights for Racially Mixed People is a document that at once empowers multiracial people and educates those who ominously ask, What about the children? Love's Revolution paints an optimistic but not idealized picture of contemporary relationships. The Ten Truths about Interracial Marriage that close the book acknowledge that mixed race couples experience the same stresses as everyone else in addition to those arising from other people's prejudice or curiosity. Their divorce rates are only slightly higher than those of single race couples, which suggests that their success or failure at marriage is not necessarily a racial issue. And that is a revolutionary idea! Author note: Maria P. P. Root, Ph.D., is a clinical psychologist and past President of the Washington State Psychological Association.

Robert Rossen Alan Casty, 2013-04-08 This book calls for a re-evaluation of the films of Robert Rossen. Over a 30-year period, he was the most accomplished writer and director who was also a longtime member of the Communist Party, but his

achievement has not been recognized, his films have been belittled or ignored, his legacy denied. Rossen's films reflected his times and the American scene with a dramatic intensity and personal expression unmatched by any other filmmaker of the period. The stages of his political journey, from idealism about Communism to his rebellion against the Party's betrayal of those ideals, influenced the rendering of his concerns and themes--the flaws of human nature, the complexities of motives, the paradoxes of betrayal, personal and political. Yet Rossen testified against his fellow filmmakers, and so his morals and character have been denounced, his work diminished as fatally marred by his moral flaws. The opposite is true. Here is a thorough analysis of each of his 22 films and their place in the developing themes of his body of work. It integrates this study of the films with a documented narrative of his relationship to the Party, its history and conflicts, its duplicities--especially the relations of the Party and its followers to the oppressions of the Soviet Union. And so it challenges the validity of the conventional wisdom about the moral issues of the blacklist period.

Unsettling Eli Bromberg, 2020-11-13 By analyzing how various media told stories about Jewish celebrities and incest, *Unsettling* illustrates how Jewish community protective politics impacted the representation of white male Jewish masculinity in the 1990s. Chapters on Woody Allen, Roseanne Barr, and Henry Roth demonstrate how media coverage of their respective incest denials (Allen), allegations (Barr), and confessions (Roth) intersect with a history of sexual antisemitism, while an introductory chapter on Jewish second-wave feminist criticism of Sigmund Freud considers how Freud became "white" in these discussions. *Unsettling* reveals how film, TV, and literature have helped displace once prevalent antisemitic stereotypes onto those who are non-Jewish, nonwhite, and poor. In considering how whiteness functions for an ethnoreligious group with historic vulnerability to incest stereotype as well as contemporary white privilege, *Unsettling* demonstrates how white Jewish men accused of incest, and even those who defiantly confess it, became improbably sympathetic figures representing supposed white male vulnerability.

Critical Mixed Race Philosophy Sabrina L. Hom, 2025-03-24 *Critical Mixed Race Philosophy: Rethinking Kinship and Identity* reimagines mixed race studies, arguing that commonplace and widely accepted ways of understanding mixedness are mired in outdated and essentialist assumptions about race, biology, and kinship. Sabrina L. Hom explores the intersection of race, sex, and sexuality and calls for a nuanced understanding of the politics of mixed race. Commonplace narratives treat mixedness as something new and transformative, but it is neither as promising nor as fearful as it may seem. Instead, the author draws on rich mixed race histories both to make the case that mixedness has always been a part of the racial landscape and to argue for a more dynamic understanding of race that reflects how frequently ambiguous bodies are incorporated into racial logic. Drawing on feminist and queer theory, *Critical Mixed Race Philosophy* articulates a non-essentialist conception of mixed race identity and kinship that asks us to rethink what it means to be mixed and where mixed people fit into racial politics.

Hotbeds Pia Thielmann,2004 Inter-racial relationships may be complicated by social attitudes and mind-sets born in colonialism, slavery, or more modern, invidious European or African racism; or they may be challenged by differing expectations of cultural norms. Drawing on theories of black American cultural criticism, African nationalism and gender analysis, the critic Pia Thielmann, analyses a range of novels from three continents, which in different ways thematise the personal, cultural and social aspects of relationships, and which in a manner of respect, are deemed to be crossing social boundaries.
