

Mo A Womans View Of Watergate

Maureen Dean

"MO" A Woman's View of Watergate Maureen Dean,1975

"Mo" Maureen Dean,Hays Gorey,1975

Leatherface vs. Tricky Dick Martin Harris,2021-08-09 The Watergate scandal was a horror show. What better way to satirize it than with a horror movie? Tobe Hooper's The Texas Chain Saw Massacre premiered in October 1974, mere weeks after the resignation and pardon of Richard Nixon brought an uncertain end to the most corrupt and criminal presidency in American history. The film had been conceived, written, shot, edited, and produced precisely as Watergate was playing out, and those responsible for Chain Saw unhesitatingly spoke of the horrors of contemporary politics as having directly inspired the ones they created for the film. Leatherface vs. Tricky Dick presents a fascinating minute-by-minute exploration of the many uncanny connections between The Texas Chain Saw Massacre and Watergate, as well as other ways the film comments on contemporary politics via satire and (very) dark humor. Read and discover Chain Saw's response to the White House horrors, the Saturday Night Massacre, and more, as well as how Leatherface's masks relate to all those Nixon masks worn throughout "our long national nightmare."

Conservatives Without Conscience John W. Dean,2006-07-11 On the heels of his national bestseller Worse Than Watergate, John Dean takes a critical look at the current conservative movement In *Conservatives Without Conscience*, John Dean places the conservative movement's inner circle of leaders in the Republican Party under scrutiny. Dean finds their policies and mind- set to be fundamentally authoritarian, and as such, a danger to democracy. By examining the legacies of such old-line conservatives as J. Edgar Hoover, Spiro Agnew, and Phyllis Schlafly and of such current figures as Dick Cheney, Newt Gingrich, and leaders of the Religious Right, Dean presents an alarming record of abuses of power. His trenchant analysis of how conservatism has lost its bearings serves as a chilling warning and a stirring inspiration to safeguard constitutional principles.

The Presidency of Richard Nixon Melvin Small,1999 A lively anecdotal account features every facet of Nixon's controversial administration, just in time for the 25th anniversary of his history-making resignation from the presidency. 23 photos.

Independent Justice Katy Jean Harriger,1992 Congress created the Office of the Special Prosecutor in 1978. Its mandate

was to insure the rule of law, to check abuses of power in the executive branch, and to restore public confidence in government after the Watergate scandal. Harriger (politics, Wake Forest U.) focuses on the symbolic, constitutional, and political dimensions of her subject to provide a comprehensive, in-depth review of the Office of the Special Prosecutor and how it has operated in practice. Abuse Your Illusions Russ Kick,2003-05-01 The third of Russ Kick's bestselling Disinformation Guides gathers another all-star line-up of exposés: Juries have ruled in recent trials that Watergate was really about a Democratic Party prostitution ring. Ignored in the U.S. and distorted elsewhere, the Milosevic tribunal hasn't gone the way authorities were anticipating. (We present exclusive first-hand reporting from the trial). Most theologians don't believe in the physical Resurrection of Jesus. In 2001, the U.S. uncovered the biggest spy ring in the country since WWII, yet most people never heard about it. The U.S. is engaging in bioweapons research that violates international treaties and federal law. (The New York Times knows about this but refuses to report it). Teddy Roosevelt and Wall Street created Panama for profit. Gandhi wasn't so wonderful, after all. These are just some of the revelations in the third of our all-star anthologies. Following up on bestsellers *You Are Being Lied To* and *Everything You Know Is Wrong*, editor Russ Kick has again assembled a line-up of leading investigative journalists, academics, activists, commentators, and independent researchers, covering CIA assassinations, the anthrax attacks, fluoride, TWA 800, Abraham Lincoln, child protective services, the tobacco industry, forgotten uprisings, the government's missing trillions, even more revelations about 9/11 and much more. Contributors include Gary Webb, Greg

Palast, Noreena Hertz, Howard Zinn, Douglas Valentine, Jim Houghan, Kristina Borjesson, Arianna Huffington and many more well-known writers—some of whom you'll be extremely surprised to see in these pages!

Family of Secrets Russ Baker, 2010-05-01 Shocking in its disclosures, elegantly crafted, and faultlessly measured in its judgments.-Roger Morris, author of *Richard Milhous Nixon and Partners in Power* How did the deeply flawed George W. Bush ascend to the highest office in the nation, what forces abetted his rise, and-perhaps most important-were those forces really vanquished by Obama's election? Award-winning investigative journalist Russ Baker gives us the answers in *Family of Secrets*, a compelling and startling new take on the Bush dynasty and the shadowy elite that has quietly steered the American republic for the past half century and more. Baker shows how this network of figures in intelligence, the military, oil, and finance enabled-and in turn benefited handsomely from-the Bushes' perch at the highest levels of government. As Baker reveals, this deeply entrenched elite remains in power regardless of who sits in the Oval Office. *Family of Secrets* offers countless disclosures that challenge the conventional accounts of such central events as the JFK assassination and Watergate. It includes an inside account of George W.'s cynical religious conversion and the untold real background to the disastrous response to Hurricane Katrina. Baker's narrative is gripping, sobering, and deeply sourced. It will change the way we understand not just the Bush years, but a half century of postwar history-and the present.
