**MY FIRST BOOK ABOUT FINANCIAL EDUCATION 2** Floren Verdú,2025-09-30 Would you like your children to keep learning about FINANCIAL EDUCATION in a simple way? I'm sure you do, and with this book, they will continue to do so in a fun way. Do you want your children to never have financial problems? Fortunately, the economic future of your children is in your hands, and you can help them have an excellent financial future. This book is a good choice to keep them learning. Why will this book be useful for my children? Because through a story and the Did you know? section, I will explain complex concepts in a simple way that is sometimes hard to understand. Who is this book for? This book is aimed at children aged 8 or older, and it would be ideal if they have previously read the book My First Book about Financial Education. To fully benefit from and understand this book, some prior knowledge is helpful. However, if you don't know anything about financial education, even adults can read it. What will children learn from this book? Chloe, Adam, and Samuel will guide them through a beautiful story and teach them many concepts about FINANCIAL EDUCATION. They will also meet many interesting characters. Here's what they will learn: - They will learn that accumulating information is worthless if you can't take action. - They will understand that they shouldn't fear failure and should never give up. - They will learn that creating the right circumstances is essential for good luck. - They will understand that rewards come after effort. - They will learn why it's not a good idea to use Revolving cards. - They will differentiate between good and bad debts. - They will grasp the importance of owning assets and avoiding liabilities. - They will discover the concept of the Rat Race. - They will learn to think about the future while enjoying the present. - They will understand that money without time is meaningless. - They will realize that money doesn't buy happiness, but it can help buy time. - They will meet the Inflation monster and how to deal with it. - They will discover the role of Central Banks in the financial system. - Chloe, Adam, and Samuel will help them understand the difference between active and passive funds. - They will also learn concepts like dividends, coupons, government bonds, corporate bonds, etc. - They will see that stocks are machines that make money. - They will meet Mr. Market and understand why stock prices change. - They will find new examples of compound interest and learn how taxes work. - Finally, they will learn the differences between investing and speculating. If you decide to have your children read this book, it will be my pleasure to continue contributing to their education and improving their lives.

**Does Money Answer All Things?** Dal Mize,2023-07-17 Does Money Answer All Things? Dal Mize is an up-and-coming writer and the son of an old-time circuit preacher. As a lad, Dal was taught that when life got hard, he learned that time and God would help him work it out and that he could find the answer in the Bible. Then one day he read a scripture that completely set him back. This scripture told him that money answers all things. This didn't seem to match up with what he had been taught as a youngster. That day, he decided to drive his own bus. This book tells of his life experiences and how he learned to make Christ the Lord of his life.
