Make It New Bill Beuttler, 2019-10-01 As jazz enters its second century it is reasserting itself as dynamic and relevant. Boston Globe jazz writer and Emerson College professor Bill Beuttler reveals new ways in which jazz is engaging with society through the vivid biographies and music of Jason Moran, Vijay Iyer, Rudresh Mahanthappa, The Bad Plus, Miguel Zenón, Anat Cohen, Robert Glasper, and Esperanza Spalding. These musicians are freely incorporating other genres of music into jazz—from classical (both western and Indian) to popular (hip-hop, R&B, rock, bluegrass, klezmer, Brazilian choro)—and other art forms as well (literature, film, photography, and other visual arts). This new generation of jazz is increasingly more international and is becoming more open to women as instrumentalists and bandleaders. Contemporary jazz is reasserting itself as a force for social change, prompted by developments such as the Black Lives Matter, #MeToo movements, and the election of Donald Trump.

The Rhythm Image Steven Shaviro, 2022-11-17 Music videos play a critical role in our age of ubiquitous streaming digital media. They project the personas and visions of musical artists; they stand at the cutting edge of developments in popular culture; and they fuse and revise multiple frames of reference, from dance to high fashion to cult movies and television shows to Internet memes. Above all, music videos are laboratories for experimenting with new forms of audiovisual expression. The Rhythm Image explores all these dimensions. The book analyzes, in depth, recent music videos for artists ranging from pop superstar The Weeknd to independent women artists like FKA twigs and Dawn Richard. The music videos discussed in this book all treat the traditional themes of popular music: sex and romance, money and fame, and the lived experiences of race and gender. But they twist these themes in strange and unexpected ways, in order to reflect our entanglement with a digital world of social media, data gathering, and 24/7 demands upon our attention.

You Made a Fool of Death with Your Beauty Akwaeke Emezi, 2022-05-24 A Good Morning America Buzz Pick, a Best Romance of 2022 by The New York Times and The Washington Post, and a Most Anticipated Book of 2022 by Oprah Daily, Vulture, Harper's Bazaar, Thrillist, Essence, Good Housekeeping, Glamour, Marie Claire, Parade, Bustle, BuzzFeed, Refinery29, Business Insider, The Guardian, Financial Times, PopSugar, Book Riot, LitHub, Bookish, LGBTQ Reads, and more! "A deeply heartfelt romance novel." —Marie Claire "An unabashed ode to living with, and despite, pain and mortality." —The New York Times Book Review A New York Times bestselling author, National Book Award finalist, and "one of our

greatest living writers” (Shondaland) reimagines the love story in this fresh and seductive novel about a young woman seeking joy while healing from loss. Feyi Adekola wants to learn how to be alive again. It’s been five years since the accident that killed the love of her life and she’s almost a new person now—an artist with her own studio and sharing a brownstone apartment with her ride-or-die best friend, Joy, who insists it’s time for Feyi to ease back into the dating scene. Feyi isn’t ready for anything serious, but a steamy encounter at a rooftop party cascades into a whirlwind summer she could have never imagined: a luxury trip to a tropical island, decadent meals in the glamorous home of a celebrity chef, and a major curator who wants to launch her art career. She’s even started dating the perfect guy, but their new relationship might be sabotaged before it has a chance by the overwhelming desire Feyi feels every time she locks eyes with the one person in the house who is most definitely off-limits—his father. This new life she asked for just got a lot more complicated, and Feyi must begin her search for real answers. Who is she ready to become? Can she release her past and honor her grief while still embracing her future? And, of course, there’s the biggest question of all—how far is she willing to go for a second chance at love? Akwaeke Emezi’s vivid and passionate writing takes us deep into a world of possibility and healing, and the constant bravery of choosing love against all odds.

Newton,2021-07-19 Plastic plays a vital role in today's world but has become increasingly problematic. *Plastics and Microplastics: A Reference Handbook* discusses the history and evolution of plastic and its many uses, both in the United States and around the world. Beginning with a history of plastic—from the first scientific discovery of the material to its diversity of forms and uses in the present day—*Plastics and Microplastics: A Reference Handbook* discusses the history and evolution of plastic and its many uses, both in the United States and around the world. Importantly, it delves into the problems and controversies concerning plastic and microplastics, such as the pollution of oceans, rivers, and streams; its exceptionally long shelf life; its contribution to air pollution; and ingestion of microplastics by marine life.
