Grandfather's Enduring Love Kenneth David Musser,2022-06-28 A dramatic true story of a Kansas family extending over four continuous generations. Tragedy after tragedy would haunt this family, including the mama burning to death on New Year's Day of 1927. Papa's enduring love prevails as he raises two families of five children each. Papa's five-year-old daughter, Faithe, would be the oldest witness of seeing her mama burning to death. As a result, she would live a lifetime of depression and mental illness, leaving her to become an abusive wife and mother. A son who suffered emotional and physical abuse at the hands of his mother himself would lead a life of severe depression and acute anxiety. The emotionally and physically abused son will share five escapes or places of refuge which helped him endure his eight-year continued abuse. Throughout our true dramatic story will be vivid illustrations of a number of families' enduring love through prayer, climaxing with the greatest enduring love ever, of God giving his only begotten Son, Jesus to die on the cross, shedding his

blood for all sinners.

Gendered Dynamics in Latin Love Poetry Ronnie Ancona, Ellen Greene, 2005-11-18 In recent decades, Latin love poetry has become a significant site for feminist and other literary critics studying conceptions of gender and sexuality in ancient Roman culture. This new volume, the first to focus specifically on gender dynamics in Latin love poetry, moves beyond the polarized critical positions that argue that this poetry either confirms traditional gender roles or subverts them. Rather, the essays in the collection explore the ways in which Latin erotic texts can have both effects, shifting power back and forth between male and female. If there is one conclusion that emerges, it is that the dynamics of gender in Latin amatory poetry do not map in any single way onto the cultural and historical norms of Roman society. In fact, as several essays show, there is a dialectical relationship between this poetry and Roman cultural practices. By complicating the views of gender dynamics in Latin love poetry, this exciting new scholarship will stimulate further debates in classical studies and literary criticism with its fresh perspectives.

Freudians and Schadenfreudians Jeffrey Berman, 2024-08-22 Sigmund Freud can be a polarizing figure, beloved by many and despised by some. Focusing on eight key writers and scholars who either passionately loved or gleefully loathed Freud, this book represents Freud's wide legacy, the reach of his ideas, their controversies, and their ability still to provoke, inspire, confound, outrage, and compel. The book begins by focusing on four highly prolific authors whose admiration for Freud is boundless: Lionel Trilling, Harold Bloom, Kurt R. Eissler, and Peter Gay. Berman then explores four more writers whose aim was not simply to debunk Freud and destroy his monstrous creation but to cast both into hell: D. H. Lawrence, Vladimir Nabokov, Thomas Szasz, and Frederick Crews. Each chapter discusses the author's involvement with Freud, exploring the continuities and discontinuities of his or her writings, as well as offering snapshots of the writers, suggesting how their personal and professional lives were inextricably related. Berman draws out some surprising commonalities between the Freudolaters and Schadenfreudians, going on to discuss the current state of psychoanalysis and the "psychoanalytic credos" by which contemporary analysts live.

Dreams of Love and Fateful Encounters Ethel S. Person, 2007-04-02 This groundbreaking study has been widely hailed for its focus on a human emotion generally considered impervious to rational analysis: romantic, passionate love. Ethel Person views romantic love as a powerful agent of change, arguing that it is as central to human culture as it is to human existence. This new edition of *Dreams of Love and Fateful Encounters* emphasizes the relevance of passion not only to lovers but also to mental health professionals whose patients often enter treatment because of love-related issues -- from the inability to love or make a commitment to the perils of extramarital love to love sickness or loss of love. She forthrightly addresses not only the power of love to unlock the soul but also its inherent paradoxes and conflicts. Employing a philosophical perspective in order to understand the existential dilemmas posed by love, and a cultural perspective in order to understand its cultural

variability, Dr. Person breaks with contemporary intellectual and philosophical dismissive assumptions about romantic love. She acknowledges love's vital importance and power, proposing that passion serves an important function not only for the individual but also for the culture while charging psychoanalysis with a reductionist emphasis on sexuality and psychopathology that has narrowed the focus of inquiry into love. Among the issues she discusses are: romantic love's sources in our early lives, its relationship to imagination and creativity, and its capacity to enable the lover to transcend the self how romantic love often demands a reordering of values and promotes personal growth by exposing the self to new risks and possibilities the transformational potential of transference love in the therapy process flaws in the common misperception that women are more influenced by romantic love than men considerations of homosexual love, love across generations, and love triangles, focusing on the individual growth that can result from such relationships Citing accounts of love drawn from literature, film, and real life, Person focuses on the lover's internal soliloquy and external dialogue with the beloved that can develop over an individual's life. An uplifting resource for people experiencing failing or unorthodox romances, *Dreams of Love and Fateful Encounters* boldly takes on issues pertinent to lovers, to professionals who encounter patients for whom key conflicts revolve around romantic love, and to anyone who has struggled to understand the importance of romantic love in his or her own life.
