**Is Satan, the Devil, a Supernatural Being Fallen from Heaven?** Maston Love Jr., PhD, 2016-08-24 As Christians, we are told that the devil Satan is our greatest enemy. Rebuke the devil, and he will flee! Cast the devil out, and you will be free from your temptation! And even when we speak of our own struggles, we identify Satan as the source of these problems. The devil has really fought me today. But who or what really is this devil, Satan? Where is he, and how do we actually stop him if we find him? And shouldn't we be trying to learn as much as we can about this enemy? In *Is Satan, the Devil, a Supernatural Being Fallen from Heaven?* author, pastor, and chaplain Dr. Maston Love Jr. exposes the truth about this devil and where he is but most importantly, he explains what the devil is not. Although church doctrine tells us that Satan was once a beautiful angel who fell from grace, the Bible itself offers more clarity on the truth of his existence. With a careful examination of the Word, Dr. Love shows us how Satan is actually a creation of humankind and not a supernatural source of evil created by God. Was Satan really with God during the creation? And does the Bible even support Satan as the cause of evil on the earth? Or, is Satan more like a human construction that can be fought on the battlefield of the mind? Explore within to discover how to fight the true evil of Satan and be renewed in Christ.

*The End of the Ages Explained* Terry Swift, 2022-11-09 The author of "Revelation Explained" has written a new book. The new book is a companion book to his first book. His first book, "Revelation Explained" was a verse by - verse commentary of the Book of Revelation. His second book started as the original research that the author, Terry, used to understand what the New Testament taught about that mysterious book of Revelation. Then Terry wrote "Revelation Explained." This second book, "The End of the Ages Explained" has 26 chapters covering 26 different topics that relate to things in Revelation. This book grew into an in-depth study and explanation of things we often hear about Revelation. These topics are often tossed around in conversations in our world today. Imagine, a book in which you can read an in-depth study of topics such as, Armageddon, Gog and Magog, the thousand years reign, the second coming of Christ, the judgment, the resurrection, Israel, 2 Pet 3, the end of the ages, and many more such topics. Can one really understand what he is reading in Revelation? Can the things that are mentioned in visions make sense? Is an understanding of Revelation attainable? The answer is yes. The parts of scripture all fit together perfectly. Can you know it? Yes. God can help you. Terry has tried to help by taking each topic and

carefully explaining scripture with scripture. He goes into in - depth explanations of the various topics. This book is not an easy chair read. It is intended for those who study diligently and want to know truly - what God has meant by what he has revealed. What is the reward? More than anything, it is to understand God and to see with spiritual eyes the wonderful grandeur of the completion of God's plan in Christ Jesus. The end blessing is truly spiritually awesome, fantastic and amazing beyond man's capability and imagination. But our wonderful God has indeed revealed himself to us. This new book, "The End of the Ages Explained" is well worth the read; every page is helpful. It is good for pastors, seminary students, elders, leaders, and every Christian. It will challenge everyone who reads it and can offer many insights into scripture. The goal of the author has always been - "to understand what one is reading". The wise man Solomon emphasized getting understanding to his son in Proverbs. There he said - "Trust in the Lord with all you heart and lean not on your own understanding; In all your ways acknowledge him, and he will make your paths straight." Prov.3:5-6, (NIV). May your understanding greatly increase when you read this book, and seek to know God better.

Johann Wilhelm and Johanna Eleonora Petersen's Eschatology in Context Elisa Bellucci,2022-10-10 Although the Petersens' name is quite known among specialists of Pietism, their work, their ideas and the development of their thought remain mostly unresearched. Elisa Belucci aims to shed more light on their works, analysing and interpreting them in relationship to the theological and socio-political context. In so doing, she fills some gaps present in the research on these authors: firstly, she analyses the positions presented in the Petersens' work until 1703 at length; secondly, she tries to unearth sources and influences; thirdly, she seeks to comment on the Petersens' ideas and positions in relationship to the historical context. The result is an entangled picture which questions the traditional distinction between church Pietism and radical Pietism, orthodoxy and radicalism/separatism, showing, instead, that these categories are sometimes too narrow to describe the position of certain authors, such as the Petersens.

**An Exploration of Space 1999 Through the Lens of Video Games: Payne 1999** John K. Balor,2019-07-02 This book contains transcripts from Online Alpha discussions where the video game PAYNE 1999, game theory and game-study theories are used for analysing and commenting on problems of conflict and cooperation in SPACE 1999. The discussions build on more than a decade of conversations and debate about PAYNE 1999, and the aim of the book is to put the various threads

together while also developing new ideas and providing direction for further investigations. The book has been developed on an idealistic basis, and it is sold at the lowest price the publisher was willing to accept. A free e-book version can be downloaded at [www.lulu.com](http://www.lulu.com).

**1999: A Space Odyssey** John K Balor, 2018-08-03 Part of the premise of the online discussion transcribed in this book is how Gerry Anderson's television series 'Space: 1999' can be understood in relation to Stanley Kubrick's '2001: A Space Odyssey' by looking at both narratives through the perspective of systems theory. As a result of doing so, an engaged debate concerned with the political and philosophical subtext of both stories developed. This book gives a full account of the debate with summaries of ideas and insights. The book has been developed on an idealistic basis. It is sold at the lowest price the publisher was willing to accept. A free e-book version can be downloaded at [www.lulu.com](http://www.lulu.com).
