## J Rink

**First 15 Lessons - Bass Guitar** Jon Liebman, 2018-01-01 (Guitar Educational). The First 15 Lessons series provides a step-by-step lesson plan for the absolute beginner, complete with audio tracks, video lessons, and real songs! Designed for self-teaching or for use with an instructor, you'll build a solid foundation as you work through each lesson, learning the basics of the instrument and music reading while practicing the many exercises, concepts and song excerpts within. Must-know instruction so you can start playing right away, with a free online tuner and metronome! The bass guitar book features lessons on: bass fundamentals, music reading, tuning, the 1-5 pattern, arpeggios, grooves, position shifts, scales, syncopation, chromatics, swing/shuffle feel, and blues, funk & rock styles. Includes full bass lines from five real songs: Get Ready (The Temptations) \* I Shot the Sheriff (Bob Marley & The Wailers) \* Seven Nation Army (The White Stripes) \* Smooth (Santana) \* Super Freak (Rick James).

**Riffs** Rikky Rooksby, 2010-11-01 (Book). Rikky Rooksby's revised and updated bestseller explores more than 200 classic riffs, from Cream and Led Zeppelin, through Nirvana and Soundgarden, to Metallica, U2, and the White Stripes. The first half of the book analyzes classic rock riffs and reveals the stories behind their creation. Easy-to-read text describes and explains each riff, supported by illustrations and audio examples. The book's second section shows how to construct great riffs and why they work. Readers learn how to shape a melody, integrate a guitar riff with the rest of a song, enhance a riff with effects, and work with intervals and scales to build riffs.

**How to Write Guitar Riffs** Rikky Rooksby, 2021-12-01 Countless great songs are based on riffs—catchy guitar phrases that repeat until they're seared into your brain forever—or snappy chord sequences as memorable as any melody. Riffs get people excited, whether they are musicians or listeners. Advertising agencies use riffs on television, internet videos, and cinema trailers. Riffs sell concert tickets, guitars, and downloads. Youtube is full of guitarists playing riffs. This book now in its third and updated edition digs deep into the world of the guitar riff, identifying 30 distinct types and illustrating them with reference to 150 examples: from Howlin Wolf to Black Rebel Motorcycle Club, Chuck Berry to Limp Bizkit, the Kinks to the Strokes, Black Sabbath to the White Stripes, Coldplay and Kings of Leon. The book includes 56 tracks of audio, illustrating all types of riffs covered, plus notation and TAB for 40 original example riffs composed by the author. In the book you can trace the connections between riff types and the scales, modes, or chords from which they're drawn learn the guitar tips and

arranging techniques to get the best from your riffs read an exclusive interview with Led Zeppelin and Them Crooked Vultures bassist John Paul Jones, a multi-instrumentalist, writer, and arranger with 50 years experience in riff-based music.

**Jumpstart! Music** Kelly-Jo Foster-Peters, 2020-03-04 Children develop their musicality best through engaging and participating, and an effective and enriching music curriculum must focus on the development of practical music-making skills. Jumpstart! Music therefore contains a wealth of ideas and activities that will support any teacher as they aid the musical learning of pupils aged 7 to 14, helping students not only to learn in new and exciting ways, but also to enjoy themselves while they are doing it. Inspiring any young learner to listen to, make and create a range of music, the book includes multiple simple-to-use ideas and activities, with every chapter based around fun and engaging topics, such as: Storytelling History Media Modern music Technology The world With group suggestions as well as opportunities for the students to develop their skills independently, the games and ideas featured in this title all focus on the core skills in learning music – listening, singing, playing, improvising, composing and SMSC (spiritual, moral, social, cultural) – and are all flexible enough to be adapted to fit each individual situation, whatever the resources to hand. Jumpstart! Music is an essential classroom resource for helping young learners develop their musicality and musicianship and will support any teacher in delivering engaging, inclusive and creative music lessons.
