*Fear the Reaper* David Simms, 2018-06-10 A psychologist unearths America's darkest secret through the terrors of an asylum in 1933 Virginia, where the elite aim to eliminate millions of unfit citizens. The truths that have been erased from history come to life in this thriller about the nation's ugly and forgotten chapter. Still haunted by the death of his wife and son during childbirth, psychologist and WWI vet Samuel Taylor accepts a position at Western Valley Hospital. Superintendent Joseph DeJarnette leads the movement to purify humanity by exterminating anyone the Society, led by the kings of industry, deemed to be defective or unfit. Sam discovers that his testing often condemns patients simply for being less than the new American ideal, yet he learns he cannot quit his job. DeJarnette desires Sam to be his right hand at the asylum but warns him that Sam's deaf brother and new immigrant girlfriend have already been labeled as unfit by the new masterminds of eugenics. Sam begins to question his sanity as the mysteries of the area emerge from the shadows, compelling him to dig deeper into the horrors of the movement, realizing how complicit he is in the deaths around him. Experiments beyond his worst nightmares occur daily, as citizens from neighboring towns begin disappearing at a frightening rate. Sam devises a bold plan to escape and unleash the truth, but learns that DeJarnette's tendrils reach into every major American city. The proof he ultimately uncovers may doom everyone he holds close while influencing the world's most heinous act in history.

**DONT FEAR THE REAPER** Lex Sinclair,2016-08-22 'The Grim Reaper fled across the land and the antichrist followed. The full moon cast monstrous shadows in their wake. They appeared to float as opposed to ambling. The long, curving blade of the scythe reflected the pale radiance. The white horse was free of the Reaper's burden and strode forward alongside them. Then a luminous green fog ascended the horizon. Its core pulsed, spreading across the terrain, shrouding the moon and casting pitch blackness...' This spine-chilling novel will have you turning the pages with eager, if not fearful anticipation! Written in the same taut, crystallised style of his former book, *Abducted*, the author has created a different yet similar tale that nudges at the edges of the supernatural and the unknown, exploring the darkness that lies deep in the psyche of every man and woman. Read this novel, if you dare...

An absorbing story with unexpected episodes of pure horror brings an end to one of the characters: 'Death finally arrived, he feared the Reaper that wielded the shiniest sharpest scythe he'd ever seen...' For readers from the Neath Valley a sense of place creates the foreboding atmosphere and will leave them looking over their shoulders! - Aida Birch (a Trustee of the Terry Hetherington Young Writers Award) A cracker of a novel. - Ian Sputnik About the Author: Lex Sinclair was born in 1983 and is the author of ten novels including *The Frozen Man* and *Neighbourhood Watch*. *Don't Fear the Reaper* Michelle Muto,2011-11-17 Grief-stricken by the murder of her twin, Keely Morrison is convinced suicide is her ticket to eternal peace and a chance to reunite with her sister. When Keely succeeds in taking her own life, she discovers death isn't at all what she expected. Instead, she's trapped in a netherworld on Earth and her only hope for reconnecting with her sister and navigating the afterlife is a bounty-hunting reaper and a sardonic, possibly unscrupulous, demon. But when the demon offers Keely her greatest temptation-revenge on her sister's murderer-she must uncover his motives and determine who she can trust. Because, as Keely soon learns, both reaper and demon are keeping secrets and she fears the worst is true-that her every decision will change how, and with whom, she spends eternity.

*Fear the Reaper* R. Emerson, 2016-09-13 R. Wayne Emerson's captivating former priest and supernatural investigator Raef Lorenz is back for his second adventure exposing the dark heart of American history. Lorenz thinks it isn't going to be an exciting assignment. He's been sent by the Catholic Church to investigate glowing headstones in the small town of Berwick, Pennsylvania. When he gets into town, however, the beautiful local detective Kelly Thrush informs him of a rash of mysterious deaths plaguing the town. First, the mayor is beheaded in his office. A teenage girl dies in a horrible car crash. After Raef arrives in town, a pregnant woman is slashed to death-but not by a knife. Instead, the cuts look like they were made with a...scythe? As in his previous adventure with the Jersey Devil, Raef finds himself investigating the truth behind a piece of folklore coming to horrific life. The Grim Reaper is out there, and he's killing for some unknown purpose. Raef's investigation will take him and Kelly into the town's dark, twisted past and reveal the crimes of the present. How many more will fall to the scythe before Raef can rid the town of this malevolent power?

The Bootleg Guide Garry Freeman, 2003-07-14 The Bootleg Guide is the ultimate in reference works for the 1960s and the 1970s bootleg recordings. Within these pages lies a history of rock at its best, as performed on stage or in the studio. Each entry is catalogued by title, date, featured tracks, and contains a quality rating and comments on the nature and origin of the recording. Cross-references are provided to other titles and extensive information is available on alternate titles of bootlegs. In many cases, quirky facts about a particular title are given-something that in itself may make a title a highly desirable and sought-after 'rarity' amongst collectors. Limited editions are listed to help the reader and collector develop a clearer picture of just how obtainable a bootleg may be. Bootlegs are unofficial 'live' and studio recordings of artists and bands that are released onto vinyl, tape or CD. By definition, most are so rare that they change hands only for vastly inflated sums or are traded by networks of dedicated collectors worldwide. Serious fans and collectors have been known to spend as much as \$225 for an original, scratchy vinyl recording of bands like Deep Purple and the Grateful Dead dating back to the early seventies. The rarest of all are akin to valuable paintings as far as collectors and traders are concerned.

**Don't Fear the Reaper** J C Murphey,2023-12-11 Life as a college student is hard. It's even harder for Victor Rexford when a cult brings about the end of days via a botched summoning, and he happens to be in the wrong place at the wrong time. Fortunately-or maybe unfortunately-Victor catches the eye of the Grim Reaper during this particular ritual, becoming further embroiled in an epic fight between supernatural entities. She needs him as a host to remain on Earth to exorcise the demons, and he needs to grow a spine. Over 100 years later, the world is an apocalyptic wasteland filled with humans possessed by demons and mutated into monstrous forms. Vincent, one of the few remaining mortal humans, is sent out by his father and camp leader to find others to join his flock. Instead, Vincent sets his eyes to the north of their humble camp in old Pennsylvania, following an irresistible pull. What is he searching for? Who is calling to him from every shadow? And why is she so... sad? Vincent will find that Death is not always the end. Trigger warnings: profanity, suicide ideation, drug abuse

**Fear the Reaper** Troy Taylor,Rene Kruse,2024-01-12 FEAR THE REAPER America's Rural Mysteries, Hauntings &

Horrors By Troy Taylor & Rene Kruse WOODS AND FIELDS DARK AND WICKED! Far away from the bright lights of America's big cities are the woods, forests, fields, and farms of America's heartland. Hidden among these isolated spots are heartbreaking tales of murder, mayhem, brutal violence, and ghosts. Such accounts of depravity and murder seem to be far removed from what we mistakenly believe to have been the good ol' days of our country's farms and fields. But, as you'll soon find, those days weren't always good and the isolation, loneliness and despair of country life often led to horrific acts that can hardly be imagined outside of our worst nightmares. From seemingly normal farmers who one day snapped and slaughtered their family to murderous hired hands, dangerous drifters, depraved lunatics, and worse, the reader will soon find there was something sinister lurking in the old woods and forests, the fields, farms, and small towns of America and the tales that remain about that sinister darkness are sure to convince you to make sure the doors are locked after the lights are turned out at night. Discover the chilling stories of the Murders on Saxtown Road; The Inhuman Butcher; The Meeks Murders; The Moonlight Murder; The Hoskins Family Murders; The Lawson Christmas Murders; The Wolf Family Massacre; The Babes in the Woods; The Clutter Murders of In Cold Blood; Ed Gein; the Keddie Murders; Fox Hollow Farm; and more! If you've ever believed that the most horrendous crimes in history occurred in the big cities, then you'll be both shocked and frightened by those who that occurred in the quiet countryside, along the dusty backroads, in the dark woods, and outside the small farming towns of America - and by the ghosts those crimes left behind.
