Almost Human D. A. Goodrich,2019-02-23 This is D. A. Goodrich's third chapbook, a little darker and more provocative than the first two. This one deals with terror, cruelty, disease, inhumanity and torture. Enjoy!

Religious Horror and the Ecogothic Kathleen Hudson,Mary Going,2024-06-10 Religious Horror and the Ecogothic explores the intersections of Anglophone Christianity and the Ecogothic, a subgenre that explores the ecocritical in Gothic literature, film, and media. Acknowledging the impact of Christian ideologies upon interpretations of human relationships with the environment, the Ecogothic in turn interrogates spiritual identity and humanity's darker impulses in relation to ecological systems. Through a survey of Ecogothic texts from the eighteenth century to the present day, this book illuminates the ways in which a Christianized understanding of hierarchy, dominion, fear, and sublimity shapes reactions to the environment and conceptions of humanity's place therein. It interrogates the discourses which inform environmental policy, as well as definitions of the "human" in a rapidly changing world.

Folk Horror Dawn Keetley,Ruth Heholt,2023-04-15 While the undisputed heyday of folk horror was Britain in the 1960s and 1970s, the genre has not only a rich cinematic and literary prehistory, but directors and novelists around the world have also been reinventing folk horror for the contemporary moment. This study sets out to rethink the assumptions that have guided critical writing on the genre in the face of such expansions, with chapters exploring a range of subjects from the fiction of E. F. Benson to Scooby-Doo, video games, and community engagement with the Lancashire witches. In looking beyond Britain, the essays collected here extend folk horror's geographic terrain to map new conceptualisations of the genre now seen emerging from Italy, Ukraine, Thailand, Mexico and the Appalachian region of the US.

Horror Literature through History Matt Cardin, 2017-09-21 This two-volume set offers comprehensive coverage of horror literature that spans its deep history, dominant themes, significant works, and major authors, such as Stephen King, Edgar Allan Poe, and Anne Rice, as well as lesser-known horror writers. Many of today's horror story fans—who appreciate horror through movies, television, video games, graphic novels, and other forms—probably don't realize that horror literature is not only one of the most popular types of literature but one of the oldest. People have always been mesmerized by stories that speak to their deepest fears. *Horror Literature through History* shows 21st-century horror fans the literary sources of their favorite entertainment and the rich intrinsic value of horror literature in its own right. Through profiles of major authors, critical analyses of important works, and overview essays focused on horror during particular periods as well as on related issues such as religion, apocalypticism, social criticism, and gender, readers will discover the fascinating early roots and evolution of horror writings as well as the reciprocal influence of horror literature and horror cinema. This unique two-volume reference set provides wide coverage that is current and compelling to modern readers—who are of course also eager consumers of entertainment. In the first section, overview essays on horror during different historical periods situate works of horror literature within the social, cultural, historical, and intellectual currents of their respective eras, creating a seamless narrative of the genre's evolution from ancient times to the present. The second section demonstrates how otherwise unrelated works of horror have influenced each other, how horror subgenres have evolved, and how a broad range of topics within horror—such as ghosts, vampires, religion, and gender roles—have been handled across time. The set also provides alphabetically arranged reference entries on authors, works, and specialized topics that enable readers to zero in on information and concepts presented in the other sections.

The Modern Weird Tale S.T. Joshi, 2015-11-16 This is a critical study of many of the leading writers of horror and supernatural fiction since World War II. The primary purpose is to establish a canon of weird literature, and to distinguish the genuinely meritorious writers of the past fifty years from those who have obtained merely transient popular renown. Accordingly, the author regards the complex, subtle work of Shirley Jackson, Ramsey Campbell, Robert Aickman, T.E.D. Klein, and Thomas Ligotti as considerably superior to the best-sellers of Stephen King, Clive Barker, Peter Straub, and Anne Rice. Other writers such as William Peter Blatty, Thomas Tryon, Robert Bloch, and Thomas Harris are also discussed. Taken as a whole, the volume represents a pioneering attempt to chart the development of weird fiction over the past half-century.

The Other Thomas Tryon, 2008 Along with *The Exorcist*, *The Other* is one of the most influential of all horror novels.

Hooked on Horror Anthony J. Fonseca, June Michele Pulliam, 1999 A description of about 1000 contemporary and classic titles in horror fiction. There is background information on the history, trends and appeal of the genre. Works are classified into 13 sub-genres, keywords are listed with each entry to lead users to related titles, and awards are cited.

Crowned Heads Thomas Tryon, 2013-09-24 DIVDIV Though the greats of Hollywood may fade, their secrets live on

forever/divDIV Fedora is dead, and movies will never be the same. A star since the early days of Hollywood, she survived the business for an unprecedented four decades before retiring to Crete. As the years wore on and her costars turned wrinkled and worn, Fedora's perfect features never faded. Now that she has finally passed, the secret to her longevity will be told—a shocking revelation that will raise her to the level of myth./divDIV These four novellas tell the story of Fedora and three of her costars in 1955's infamous *The Miracle of Santa Cristi*. Alongside the ageless beauty are William Marsh, whose days as a leading man are numbered; Bobbitt, a former child star still trading on his boyish good looks; and Lorna, a dim bulb who's too sexy for her own good. When the film was shot, they were headed in different directions, but all ended up in the same place: forgotten, loathed, and unlamented. /div/div

The Collected Novels Volume One Thomas Tryon, 2018-09-18 From horror to Hollywood, three haunting novels from the New York Times–bestselling author of *Crowned Heads* and *The Other*. *Harvest Home*: After escaping New York City for the idyllic New England village of Cornwall Coombe, the Constantine family wins the friendship of the town matriarch, the mysterious Widow Fortune, who invites them to join the ancient festival of Harvest Home. But something far more sinister than the annual harvest is about to rise out of the earth in this New York Times bestseller. “[A] brilliantly imagined horror story.” —*The Boston Globe* *Lady*: In the town of Pequot Landing during the Great Depression, a young man becomes transfixed by a beautiful, mysterious widow. As Woody gets closer to her, he finds that Lady Harleigh is haunted—not just by grief, but by a scandalous secret that, if revealed, could change Pequot Landing forever. *Lady* is a New York Times bestseller. “A spellbinder with a twisted ending . . . enchanting entertainment. You can’t put it down.” —*The Des Moines Register* *All That Glitters*: In five interlocking novellas, cynical writer Charlie Caine recalls the leading ladies of long-lost Hollywood: Babe, a red-hot, peroxide-blond beauty with secrets that could have burned Tinseltown to the ground; Belinda, whose daughter was as cruel as she was lovely; Claire, who would do anything to stay in the public eye; April, fragile, beautiful, and mad; and Maude, Hollywood’s most respected matron, whose happy marriage had a lie at its heart. “One unforgettable novel with the power to shock . . . very believable . . . [readers] will find pleasure in guessing which real-life actresses Tryon has used as models.” —*The Washington Post*
