Best Inspirational Thoughts Dr. Ashish Vashisht,2022-03-13 Best Inspirational Thoughts The whole world depends on thinking. Thinking is positive or negative. Positive thinking is the one that takes our life ahead and negative thinking is possessed by those people who do not believe in themselves for completion of any work. They are lagging behind in the attainment of their goal due to this type of thinking. Positive thinking is only possessed by those people who do not know to swim but have the determination of crossing the sea. Today what we are is because of our thinking. The way of thinking compels the body to produce the same result. Positive thinking makes a person happy whereas negative thinking makes a person feel hopeless, sad and is surrounded by sorrows. Truly, the wheel of positive development in his life stops

The Wit and Wisdom of Michael Jordan John Jennings,2017-04-03 There's only one Michael Jordan. By acclamation, Michael Jordan is the greatest basketball player of all time. Although, a summary of his basketball career and influence on the game inevitably fails to do it justice, as a phenomenal athlete with a unique combination of fundamental soundness, grace, speed, power, artistry, improvisational ability and an unquenchable competitive desire, Jordan single-handedly redefined the NBA superstar. Even contemporaneous superstars recognized the unparalleled position of Jordan. Magic Johnson said, There's Michael Jordan and then there is the rest of us. Larry Bird, following a playoff game where Jordan dropped 63 points on the Boston Celtics in just his second season, appraisal of the young player was: God disguised as Michael Jordan. Never say never, because limits, like fears, are often just an illusion. - Michael Jordan Quotes captures your subconscious mind, which forms 90% of your total mind. The subconscious mind is the creative mind. So, when it is frequently filled with positive commands it will bring an overall change in your overall personality. Most of the quotes will hardly take you 10-20 seconds to swallow. However the message contained in these quotes are quite heavy, which will be sufficient for months or even years. If you closely make a study of quotes, you will come to see, they were not created, rather it happened by accident. Great leaders and visionaries say things from their life experience which will be picked up by their followers and they will publicize it to the world. So it is not sold to you, rather it is passed from generation to generation, like a rare gem.
