The New Oxford Annotated Bible with Apocrypha Michael D. Coogan, Marc Z. Brettler, Carol Newsom, 2010-03-19 The premier study Bible used by scholars, pastors, undergraduate and graduate students, The New Oxford Annotated Bible with Apocrypha, featuring a protective two-piece box, offers a vast range of information, including extensive notes by experts in their fields; in-text maps, charts, and diagrams; supplementary essays on translation, biblical interpretation, cultural and historical background, and other general topics. Extensively revised--half of the material is brand new--featuring a new design to enhance readability and brand-new color maps, the Annotated Fourth Edition adds to the established reputation of this essential biblical studies resource. Many new and revised maps, charts, and diagrams further clarify information found in the Scripture text. In addition, section introductions have been expanded and the book introductions present their information in a standard format so that students can find what they need to know. Of course, the Fourth Edition retains the features prized by students, including single column annotations at the foot of the pages, in-text charts, and maps, a page number-keyed index of all the study materials in the volume, and Oxford's renowned Bible maps. This timely edition maintains and extends the excellence the Annotated's users have come to expect, bringing still more insights, information, and perspectives to bear upon the understanding of the biblical text. · The renowned New Revised Standard Version Bible translation, the scholarly standard for study of the Bible · Wholly revised, and greatly expanded book introductions and annotations. · Annotations in a single column across the page bottom, paragraphed according to their boldface topical headings. · In-text background essays on the major divisions of the biblical text. · Essays on the history of the formation of the biblical canon for Jews and various Christian churches. · More detailed explanations of the historical background of the text. · More in-depth treatment of the history and varieties of biblical criticism. · A timeline of major events in the ancient Near East. · A full index to all of the study materials, keyed to the page numbers on which they occur. · A full glossary of scholarly and critical terms. · 36-page section of full color New Oxford Bible Maps, approximately 40 in-text line drawing maps and diagrams. Classic but not stodgy, up-to-date but not trendy, The New Oxford Annotated Bible: 4th Edition is ready to serve new generations of students, teachers, and general readers.

Tarell Alvin McCraney Sharrell D. Lockett,David Román,Isaiah Matthew Wooden,2020-06-15 This is the first book to dedicate scholarly attention to the work of Tarell Alvin McCraney, one of the most significant writers and theater-makers of the twenty-first century. Featuring essays, interviews, and commentaries by scholars and artists who span generations, geographies, and areas of interest, the volume examines McCraney's theatrical imagination, his singular writerly voice, his incisive cultural critiques, his stylistic and formal creativity, and his distinct personal and professional trajectories. Contributors consider McCraney's innovations as a playwright, adapter, director, performer, teacher, and collaborator, bringing fresh and diverse perspectives to their observations and analyses. In so doing, they expand and enrich the conversations on his much-celebrated and deeply resonant body of work, which includes the plays *Choir Boy*, *Head of Passes*, *Ms. Blakk for President*, *The Breach*, *Wig Out!*, and the critically acclaimed trilogy *The Brother/Sister Plays: In the Red and Brown Water*, *The Brothers Size*, and *Marcus; Or the Secret of Sweet*, as well as the Oscar Award-winning film *Moonlight*, which was based on his play *In Moonlight Black Boys Look Blue*.

Paul of Tarsus: Apostle to the Gentiles ,

The Long Ascent, Volume 3 Robert Sheldon,2023-06-20 Can Eden, the flood, and the Tower of Babel be real events that historians have simply renamed? Could Finnish and Norse, Hindu, Greek and Egyptian myth all be recording this same real history? Did Noah's generation surpass the agricultural, nuclear, and biotech technology of the twenty-first century? How did the ancients cut the multi-ton stones of the Egyptian pyramids and Incan walls, or melt Scottish forts? Did ancient China and Sumer know about the twin helix of DNA? Were successful human breeding experiments the origin of giants, while monsters like Grendel were the result of failures? What disaster occurred to them that caused the forgetting of all this knowledge? We know that comets captured by the sun's gravity break up into boulder streams that periodically intersect the Earth's orbit. Plato and the rabbis told us that repeating cosmic disasters have erased most of our history, leaving us only myth and Genesis. This book weaves the modern scientific evidence from Greenland ice cores, Mediterranean bathymetry, NASA archaeology, and human genetics with the linguistic insights of the Hebrew of Genesis 1-11 into a compelling narrative that we are only the second-most advanced civilization on planet Earth. For now.

Compassion and Respect John J. Mawhinney,2020-11-20 This book is primarily for a general audience of persons of

good will, regardless of faith or non-faith, as well as for professionals who counsel others on the issues discussed. Written in a simple, straightforward language, it is meant to help people dialogue on acrimoniously divisive issues that divide and undermine our nation—such as abortion, family planning, contraception, in-vitro fertilization (IVF), and LGBTQ issues—through respectful dialogue in public forums (small or large) by searching for mediating middle ground compromises, just as trade and peace negotiators do. No one in the dialogue may be satisfied with the concessions they have to make but they can at least live with them until better solutions are found. Those engaging in such dialogue must be open to understanding where others are coming from, and be respectful of the good-faith consciences of others, and avoiding passing laws that would the consciences of others.

Power of Sisterhood Margaret Cain McCarthy, Mary Ann Zollmann, 2014-09-24 In 2008, the Vatican Congregation for Institutes of Consecrated Life and Societies of Apostolic Life initiated an Apostolic Visitation to examine the quality of life of women religious in the United States. *Power of Sisterhood: Women Religious Tell the Story of the Apostolic Visitation* serves as an historical record of the event and describes the experience of the women who participated in it. This book, initiated by a group of women in leadership in their communities during this unprecedented time, grew out of a survey that gleaned the essence of the experience from as many congregations of women religious as possible. After framing the Visitation as a story, situating it in an historical and theological context, tracing its chronology, and detailing the experience as revealed in the survey, the book delves into the deeper meaning of the Visitation for women religious as they experienced it and as they move into the future.

The Actual Jesus Tina Pippin, 2025-07-29 This book moves away from the traditional historical and theological studies of Jesus to incorporate a variety of theoretical and material approaches, across centuries and diverse, global cultures. Through fiction and film, the connections are made with contemporary issues—such as borders, asylum seekers, farmworker activism, colonialism, violence, misogyny, civil war, and nuclear proliferation—with a focus on the appearances of the “actual Jesus” in these worlds. The Jesus in this study is explored in particular connections with the stories of baptism, wilderness experience, ascension, and apocalypse. What is found is often confusing, challenging, surprising, and disturbing, like the Jesus of the gospels.

Confronting Technology Matthew T. Prior, 2020-03-16 We are living through a digital revolution which already touches every area of life and will continue to shape the future in as yet unforeseen ways. Digital technologies are an ordinary part of daily life, and yet they also present an unprecedented challenge to Christians to articulate a biblical, theological framework to navigate times of rapid change. The work of the French theologian Jacques Ellul is a theological time-bomb primed for times like these. Accounts of Ellul's career often divide off his sociology and theology, but this book argues that Ellul conceived a single project of bringing technology into confrontation with the Word of God, tackling the phenomenon he

named technique, the pursuit of maximal power and efficiency implicit in the technological enterprise, with a profound depth of biblical and ethical insight. Centering himself on the apocalypse or revelation of Jesus Christ in history, Ellul offers a monumental, timely (though far from flawless) contribution to contemporary ethical debates about the uses and abuses of technologies. His work blazes a trail that Christians and all concerned for the future would do well to follow, as we avoid both the naivety of technological neutrality and the dread of technological determinism.
