Lynette Owen

Newspapers collection management: printed and digital challenges Hartmut Walravens, 2008-12-18 This volume offers presentations at the most recent events of the IFLA Newspapers Section (Santiago de Chile, May 2007 & Durban, August 2007). The Santiago International Newspaper Conference as the first of its kind, aimed at taking stock of the Latin American newspaper collection and analyzing current activities from the basics to sophisticated digitization and software technologies. Most presentations are offered in Spanish and English. This publication focuses on the key issues in newspaper librarianship - preservation and access - in which digitization is a very important tool. Este volumen ofrece las presentaciones aportadas a las sesiones más recientes de la Sección de Periódicos de la IFLA (en Santiago de Chile, Mayo de 2007, y en Durban, Agosto de 2007). La Conferencia Internacional sobre Periódicos celebrada en Santiago de Chile, en tanto que la primera de su especialidad, estuvo dedicada a revisar la situación de las colecciones de periódicos en Latinoamérica y analizar las necesidades y actividades actuales en este campo, que van desde los aspectos más básicos hasta la mayor sofisticación en digitalización y en el empleo de todo tipo de software. Para lograr que los resultados de este acontecimiento estén disponibles para la comunidad bibliotecaria en general, la mayor parte de las presentaciones incluidas están en español y en inglés. Esta publicación se centra en las cuestiones clave de la biblioteconomía en relación con los periódicos - conservación y acceso - para las que la digitalización constituye un instrumento muy importante. El volumen recoge tanto los desarrollos más recientes como los muchos retos que quedan por afrontar.

eBooks: creación y diseño de libros electrónicos María Amor Fernández Menéndez, 2014-11-25 Cada vez existen más personas que desean ganar un dinero extra por internet: diseñar y vender su propio ebook es una forma de conseguirlo. Un ebook es un texto en versión digital y se puede encontrar en varios formatos como PDF, Mobi, doc o EPUB. Para su lectura es necesario un eReader o cualquier otro dispositivo que lo soporte. Un EPUB es un estándar de libro electrónico utilizado cada vez en más dispositivos como iPad, iPhone, iBook, etc. Con esta guía, el lector aprenderá a crear y diseñar un libro electrónico y a exportarlo correctamente para su publicación en la web. Comenzará por el diseño de su obra y la exportación a PDF; para posteriormente conocer el formato EPUB y sus ventajas. A través de esta lectura comprenderá el uso de los correctores de textos y los bancos de imágenes donde adquirir los derechos de sus propias ilustraciones; así como otros conceptos clave como el ISBN. Asimismo, trabajará con diferentes sitios web en los que publicar su texto: Kindle de Amazon,

iBookStore de Apple, Google Play Store y Barnes & Noble. En resumen, este libro es una importante fuente de información con todo lo que necesita saber para ver su obra publicada en versión digital.

Comprar y vender derechos Lynette Owen,2007

Estados civiles y derechos de autor Raquel Esther de Román Pérez, José María de la Cuesta Sáenz, María Teresa de Vico Carrancho Herrero, Elena M. Vicente Domingo, Iñigo Navarro Mendizábal, Esther Gómez Campelo, Andrés Domínguez Luelmo, 2018-04-09 Se recoge en esta obra el resultado de las Jornadas celebradas para debatir sobre las relaciones existentes entre el Derecho de Autor y los Estados Civiles, sobre cómo incide en el ejercicio de los derechos morales y patrimoniales el estado civil de su titular. Se ha analizado, tras una lección magistral sobre el estado civil en la actualidad, la situación de los autores menores púberes e impúberes, menores casados, emancipados y habilitados de edad, así como el papel que desempeñan los titulares de la patria potestad, los tutores y los guardadores de hecho; la situación legal de los autores discapaces, incapaces e incapacitados, destacando las sustanciales diferencias existentes entre estas situaciones y analizando el ejercicio de los derechos de autor en los supuestos de incapacitación del titular; el régimen jurídico aplicable a la obra del autor casado, con especial incidencia en lo relativo a la explotación de la obra y la naturaleza de lo obtenido; los autores ausentes y obras huérfanas, analizando «El caso Google Books»; los créditos de los autores en situación de concurso, la dualidad de regímenes aplicable a los derechos de autor dentro y fuera del concurso; y, por último, los mecanismos de actuación del derecho internacional privado ante el derecho de autor, con especial referencia a la conexión nacional.

Libro Comunicación y Lenguaje 1° Básico edición 2023 Instituto Guatemalteco de Educación Radiofónica, IGER. ,2023-10-02 Es una obra producida por el Departamento de Redacción y Diseño, para el Instituto Guatemalteco de Educación Radiofónica, IGER.

Filología y Tecnología: introducción a la escritura, la informática, la información (2.a ed. revisada y ampliada) Ana Fernández-Pampillón Cesteros, María Goicoechea de Jorge, Luis Hernández Yáñez, Dámaso López García, 2012 Este libro recoge y responde de forma clara a cuestiones que, aún siendo básicas para estudiar en la universidad, no siempre se han podido adquirir en los períodos de formación anteriores: ¿cómo escribir bien?, ¿cómo hacer y presentar un buen trabajo académico?, ¿cuáles son y cómo se utilizan las herramientas informáticas relacionadas con la escritura, el trabajo académico y la búsqueda de información?, ¿cuál es y cómo se encuentra la información académica y filológica relevante y fidedigna? Para abordar estos temas, los contenidos se estructuran en tres partes: I) La escritura; II) La informática; III) La información. Cada parte comienza con el mapa de competencias que, a modo de guía para el estudiante y el profesor, resume las competencias, destrezas, actividades y logros que se deben adquirir para tener un buen dominio de dicha parte. Le siguen los capítulos que explican y permiten poner a punto esas competencias. Esta obra es, además, una segunda edición fruto de más de cinco años de trabajo y experiencia con los estudiantes de Filología que, voluntariamente, se inscriben en un curso de una

semana (con seis horas diarias de trabajo), impartido en la Facultad de Filología con el mismo título y contenidos que el libro. En esta edición se han revisado, actualizado y ampliado los capítulos de la edición anterior (de septiembre del 2010). Sus autores son profesores de todos los Departamentos de la Facultad de Filología, pero también técnicos informáticos, técnicos de laboratorios de idiomas y medios audiovisuales, bibliotecarios, estudiantes con becas de colaboración y profesores de los cursos de formación en informática de la UCM, que son también profesores de la Facultad de Informática. El resultado es un libro multidisciplinar, único en su género, que ofrece claves para comprender y aprender cómo escribir, cómo usar la informática y cómo encontrar la información desde una perspectiva académica.

La venta de derechos Lynette Owen,2022-04-01 La venta de derechos se ha establecido como una guía fundamental sobre todos los aspectos relacionados con la comercialización de los derechos de autor. Esta octava edición es una amplia actualización que muestra los cambios que han tenido lugar en el área de los derechos en cuanto a nuevas tecnologías y nuevos desarrollos legales tanto en Gran Bretaña como en el mundo. El objetivo de La venta de derechos es explicar en detalle la lógica que subyace a la existencia y la negociación de los derechos de autor, describir los aspectos prácticos de la manera en que se venden y compran derechos en la industria editorial y ofrecer información sobre las principales categorías de derechos que existen hoy. En suma, es una herramienta de referencia esencial y una guía accesible y comprehensiva de lectura obligada para todos aquellos profesionales de la edición que trabajen o estén interesados en la negociación de derechos.

Fuentes para el estudio de la literatura española de los siglos XVIII y XIX Montserrat Ribao Pereira,2011

Elogio del papel Roberto Casati,2015-02-10 ¿El libro de papel está condenado a su desaparición? En absoluto. Casati, que a pesar de lo que pudiera parecer no es un ludita o un analfabeto digital, sino el director del centro de referencia europea en investigación, nos invita a plantar a las grandes corporaciones empeñadas en introducir su tecnología para crear posibilidades de negocio, no sólo para vender sus lectores, tabletas y teléfonos, sino principalmente para introducirse de la manera más directa posible en la mente del lector y crearles nuevas necesidades. El autor reivindica el libro clásico de papel

como objeto que pone una frontera clara a las intrusiones constantes, a las posibilidades de distracción, y reivindica la necesidad de una lectura atenta para llegar a una comprensión necesaria de los textos. Es, en definitiva, un alegato contra un colonialismo digital que amenaza ya con apoderarse incluso de la educación. Fe de erratas: En la cubierta del libro presentamos a Roberto Casati como director del CNRS en lugar de investigador del CNRS. Pedimos disculpas al autor y a los lectores por este error.
