The Empire of Gold S. A. Chakraborty, 2020-06-30 "No series since George R.R. Martin's A Song of Ice and Fire has quite captured both palace intrigue and the way that tribal infighting and war hurt the vulnerable the most." —Paste Magazine The final chapter in the bestselling, critically acclaimed Daevabad Trilogy, in which a con-woman and an idealistic djinn prince join forces to save a magical kingdom from a devastating civil war. Daevabad has fallen. After a brutal conquest stripped the city of its magic, Nahid leader Banu Manizheh and her resurrected commander, Dara, must try to repair their fraying alliance and stabilize a fractious, warring people. But the bloodletting and loss of his beloved Nahri have unleashed the worst demons of Dara's dark past. To vanquish them, he must face some ugly truths about his history and put himself at the mercy of those he once considered enemies. Having narrowly escaped their murderous families and Daevabad's deadly politics, Nahri and Ali, now safe in Cairo, face difficult choices of their own. While Nahri finds peace in the old rhythms and familiar comforts of her human home, she is haunted by the knowledge that the loved ones she left behind and the people who considered her a savior are at the mercy of a new tyrant. Ali, too, cannot help but look back, and is determined to return to rescue his city and the family that remains. Seeking support in his mother's homeland, he discovers that his connection to the marid goes far deeper than expected and threatens not only his relationship with Nahri, but his very faith. As peace grows more elusive and old players return, Nahri, Ali, and Dara come to understand that in order to remake the world, they may need to fight those they once loved . . . and take a stand for those they once hurt.

**The Power of Gold** Peter L. Bernstein, 2005-12-13 Incorporating myth, history and contemporary investigation, Bernstein tells the story of how human beings have become intoxicated, obsessed, enriched, impoverished, humbled and proud for the sake of gold. From the past to the future, Bernstein's portrayal of gold is intimately linked to the character of humankind.

**Hiram Bingham and the Dream of Gold** Daniel Cohen, 2014-03-24 Hiram Bingham was the ideal explorer-adventurer—handsome, rich, intelligent, brave, and tough. His life seems like something out of film hero Indiana Jones's exploits in *Raiders of the Lost Ark*. The descendant of strong-willed missionaries, Bingham was born in Hawaii in 1875. At Yale he specialized in South American studies and became a college teacher. Gradually, the romance of the past took hold of his practical soul. Obsessed by the Incas and his dream of uncovering lost cities, Bingham initiated an expedition to Peru that would lead him to uncharted territories. Using quotations from Bingham's accounts, Cohen describes how in 1911 Bingham made the greatest archaeological find of the century, the rediscovery of Machu Picchu, the abandoned Inca city in the remote Peruvian mountains. On later expeditions he discovered other lost cities, as he continued his research on the mysteries of Machu Picchu and the last of the Incans, despite the physical hardships and dangers of exploration. When World War I broke out, Bingham learned to fly—no small accomplishment in those pioneering days of aviation. He eventually joined the American forces in France as head of the largest Allied flight training base in Europe. After the war, the ambitious and restless Bingham entered a new career, politics, and was elected senator from Connecticut in a landslide victory. But he was too proud an individualist to do well in government. Bingham spent the rest of his life writing and lecturing. Bingham led the kind of action-packed life that most people only dream of. Daniel Cohen has written a story sure to capture the imagination of everyone who likes history enlivened by cliff-hanging adventures.

The Kingdom of Copper S. A. Chakraborty, 2019-01-22 S. A. Chakraborty continues the sweeping adventure begun in *The City of Brass*—the best adult fantasy I’ve read since *The Name of the Wind* (#1 New York Times bestselling author Sabaa Tahir)—conjuring a world where djinn summon flames with the snap of a finger and waters run deep with old magic; where blood can be dangerous as any spell, and a clever con artist from Cairo will alter the fate of a kingdom. Nahri’s life changed forever the moment she accidentally summoned Dara, a formidable, mysterious djinn, during one of her schemes. Whisked from her home in Cairo, she was thrust into the dazzling royal court of Daevabad—and quickly discovered she would need all her grifter instincts to survive there. Now, with Daevabad entrenched in the dark aftermath of a devastating battle, Nahri must forge a new path for herself. But even as she embraces her heritage and the power it holds, she knows she’s been trapped in a gilded cage, watched by a king who rules from the throne that once belonged to her family—and one misstep will doom her tribe.. Meanwhile, Ali has been exiled for daring to defy his father. Hunted by assassins, adrift on the unforgiving copper sands of his ancestral land, he is forced to rely on the frightening abilities the marid—the unpredictable water spirits—have gifted him. But in doing so, he threatens to unearth a terrible secret his family has long kept buried. And as a new century approaches and the djinn gather within Daevabad's towering brass walls for celebrations, a threat brews unseen in the desolate north. It’s a force that would bring a storm of fire straight to the city’s gates . . . and one that seeks the aid of a warrior trapped between worlds, torn between a violent duty he can never escape and a peace he fears he will never deserve.

The History of Africa Molefi Kete Asante, 2014-10-10 There is a paradox about Africa: it remains a subject that attracts considerable attention yet rarely is there a full appreciation of its complexity. African historiography has typically consisted of writing Africa for Europe—instead of writing Africa for itself, as itself, from its own perspectives. *The History of Africa* redresses this by letting the perspectives of Africans themselves take center stage. Authoritative and comprehensive, this book provides a wide-ranging history of Africa from earliest prehistory to the present day—using the cultural, social, political, and economic lenses of Africa as instruments to illuminate the ordinary lives of Africans. The result is a fresh survey that includes a wealth of indigenous ideas, African concepts, and traditional outlooks that have escaped the writing of African history in the West. The new edition includes information on the Arab Spring, the rise of FrancAfrica, the presence of the Chinese in Africa, and the birth of South Sudan. The chapters go up to the present day, addressing US President Barack Obama's policies toward Africa. A new companion website provides students and scholars of Africa with access to a wealth of supporting resources for each chapter, including images, video and audio clips, and links to sites for further research. This straightforward, illustrated, and factual text allows the reader to access the major developments, personalities, and events on the African continent. This groundbreaking survey is an indispensable guide to African history.

**The River of Silver** S. A. Chakraborty, 2022-10-11 Bestselling author S. A. Chakraborty’s acclaimed Daevabad Trilogy

gets expanded with this new compilation of stories from before, during, and after the events of *The City of Brass*, *The Kingdom of Copper*, and *The Empire of Gold*, all from the perspective of characters both beloved and hated, and even those without a voice in the novels. *The River of Silver* gathers material both seen and new—including a special coda fans will need to read—making this the perfect complement to those incredible novels. Now together in one place, these stories of Daevabad enrich a world already teeming with magic and wonder. Explore this magical kingdom, hidden from human eyes. A place where djinn live and thrive, fight and love. A world where princes question their power, and powerful demons can help you...or destroy you. A prospective new queen joins a court whose lethal history may overwhelm her own political savvy... An imprisoned royal from a fallen dynasty and a young woman wrenched from her home cross paths in an enchanted garden... A pair of scouts stumble upon a secret in a cursed winter wood that will turn over their world... From Manizheh's first steps towards rebellion to adventures that take place after *The Empire of Gold*, this is a must-have collection for those who can't get enough of Nahri, Ali, and Dara and all that unfolded around them.
