The Five Negro Presidents J. A. Rogers, 1965-05-15 Maybe Barack Obama was not the first

The Five Negro Presidents According to What White People Said They Were J. A. Rogers, 2016-05-03 This book has created a great sensation. It has been sold in the street by street-vendors. Tens of thousands were sold, possible even millions. Nobody kept track of how many were sold. Although it has been dismissed by White critics as wishful thinking, none of it has been refuted. The belief that President Harding was part Black was widespread while Harding was alive and he never denied it. It is still often mentioned by the press. More interesting is the case of President Thomas Jefferson and the book, *The Slave Children of Thomas Jefferson*, ISBN 1881373029 Joel Augustus Rogers was born in Negril, Westmoreland Parish, Jamaica, West Indies. He was a Jamaican-American author, journalist and historian who contributed to the history of Africa and the African diaspora, especially the history of African Americans in the United States. His research spanned the academic fields of history, sociology and anthropology.

The 1619 Project: A Visual Experience Nikole Hannah-Jones, *The New York Times Magazine*, 2024-10-22 An illustrated edition of *The 1619 Project*, with newly commissioned artwork and archival images, *The New York Times Magazine's* award-winning reframing of the American founding and its contemporary echoes, placing slavery and resistance at the center of the American story. Here, in these pages, Black art provides refuge. The marriage of beautiful, haunting and profound words and imagery creates an experience for the reader, a wanting to reflect, to sit in both the discomfort and the joy, to contemplate what a nation owes a people who have contributed so much and yet received so little, and maybe even, to act.—Nikole Hannah-Jones, from the Preface Curated by the editors of *The New York Times Magazine*, led by Pulitzer Prize-winning journalist Nikole Hannah-Jones, this illustrated edition of *The 1619 Project* features seven chapters from the original book that lend themselves to beautiful, engaging visuals, deepening the experience of the content. *The 1619 Project: A Visual Experience* offers the same revolutionary idea as the original book, an argument for a new national origin story that begins in late August of 1619, when a cargo ship of people stolen from Africa arrived on the shores of Point Comfort, Virginia. Only by reckoning with this difficult history and understanding its powerful influence on our present can we prepare ourselves for a

more just future. Filled with original art by thirteen Black artists like Carrie Mae Weems, Calida Rawles, Vitus Shell, Xaviera Simmons, on the themes of resistance and freedom, a brand-new photo essay about slave auction sites, vivid photos of Black Americans celebrating their own forms of patriotism, and a collection of archival images of Black families by Black photographers, this gorgeous volume offers readers a dynamic new way of experiencing the impact of The 1619 Project. Complete with many of the powerful essays and vignettes from the original edition, written by some of the most brilliant journalists, scholars, and thinkers of our time, The 1619 Project: A Visual Experience brings to life a fuller, more comprehensive understanding of American history and culture.
