Basement Songs Scott Malchus, 2012-11-29 One song. One moment in a lifetime of music. Basement songs hold a special place in our hearts. Decades may pass when suddenly one of these melodies begins playing, instantly reminding you of the time and place it first sank its hooks into your heart or into your soul. It doesn't matter if it was at work, in a car, on your friend's radio, or in your parents' basement. What does matter is the music and how it still affects you. In this unique collection of essays, Scott Malchus explores the songs that influenced and guided him throughout the years: from his discovery of popular music as performed by a green felt puppet to the rock anthems played by a Journey cover band. In between, life-long friendships are forged, true love is found and adversity is met head-on. Each defining moment in his life married to a song and each song an anchor to an everlasting memory. *Basement Songs* is a journey full of heart, humor and above all, a love of music.

The Rush for Second Place William Gaddis, 2002-10-01 An essential collection of nonfiction essays by the National Book Award winning author of *J R* and *A Frolic of His Own* William Gaddis published only four novels during his lifetime, but with those works he earned himself a reputation as one of America's greatest novelists. Less well known is Gaddis's body of excellent critical writings. Here is a wide range of his original essays, some published for the first time. From 'Stop Player. Joke No. 4,' Gaddis's first national publication and the basis for his projected history of the player piano, to the title essay about missed opportunities in America during the past fifty years, to *Old Foes with New Faces*, an examination of the relationship between the writer and the problem of religion-this diverse collection displays the power of an autonomous literary intelligence in an age increasingly dominated by political and religious conservatism.

This play-by-play memoir transports readers into the heart of the studio to witness the making of some of music's most memorable moments, from the Buggles' ground-breaking 'Video Killed the Radio Star' to

Band Aid's perennial 'Do They Know It's Christmas?', via hits such as 'Relax', 'Poison Arrow', 'Owner of a Lonely Heart' and 'Crazy'. Pop Music Timothy Warner, 2018-01-18 This title was first published in 2003. This highly original and accessible book draws on the author's personal experience as a musician, producer and teacher of popular music to discuss the ways in which audio technology and musical creativity in pop music are inextricably bound together. This relationship, the book argues, is exemplified by the work of Trevor Horn, who is widely acknowledged as the most important, innovative and successful British pop record producer of the early 1980s. In the first part of the book, Timothy Warner presents a definition of pop as distinct from rock music, and goes on to consider the ways technological developments, such as the transition from analogue to digital, transform working practices and, as a result, impact on the creative process of producing pop.
