Find us online at www.frommers.com

Collected Works Whitney Balliett, 2002-04-15 Jazz critic for The New Yorker since 1957 and the author of some fifteen books, Whitney Balliett has spent a lifetime listening to and writing about jazz. All first-rate criticism, he once wrote in a review, first defines what we are confronting. He could as easily have been describing his own work. For nearly half a century, Balliett has been telling us, in his widely acclaimed pitch-perfect prose, what we are confronting when we listen to America's greatest—and perhaps only original—musical form. *Collected Works: A Journal of Jazz 1954-2001* is a monumental achievement, capturing the full range and register of the jazz scene, from the very first Newport Jazz Festival to recent performances (in clubs and on CDs) by a rising generation of musicians. Here are definitive portraits of such major figures as Duke Ellington, Dizzy Gillespie, Django Reinhardt, Martha Raye, Buddy Rich, Charles Mingus, Louis Armstrong, Billie Holliday, Art Tatum, Bessie Smith, and Earl Hines—a list that barely scratches the surface. Generations of readers have learned to listen to the music with Balliett's graceful guidance. For five decades he has captured those moments during which jazz history is made. Though Balliett's knowledge is an encyclopedic treasure, he has always written as if he were listening for the first time. Since its beginnings in New Orleans at the turn of the century, jazz has been restlessly and relentlessly evolving. This is an art form based on improvising, experimenting, shapeshifting—a constant work in progress of sounds and tonal shades, from swing and Dixieland, through boogie-woogie, bebop, and hard bop, to the new thing, free jazz, abstract jazz, and atonal jazz. Yet, in all its forms, the music is forever sustained by what Balliett calls a secret emotional center, an aural elixir that reveals itself when an improvised phrase or an entire solo or even a complete number catches you by surprise. Balliett's celebrated essays invariably capture the so-called sound of surprise—and then share this sound with general readers, music students, jazz lovers, and popular American culture buffs everywhere. As The Los Angeles Times Book Review has observed, Few people can write as well about anything as Balliett writes about jazz.

The Name You Can Trust. Find us online at www.frommers.com

American R & B Aaron Mendelson, 2012-11-01 A singer calls out to the crowd. An electric bass thumps out a beat. Horns blare and strings swirl. These are the sounds of R & B. Rhythm and blues music evolved from all sorts of sounds: swinging jazz, gritty blues, and African American spiritual songs. The music's smooth mix of styles made it unique, and its passionate performers made it a sensation. Ever since Ray Charles hit the charts in the 1950s, R & B fans have held it down on dance floors. And R & B singers have belted out messages of love and calls for social change. Find out what drove R & B's earliest performers to stand up and sing. Follow the music's path from gospel choirs to wild funk bands. And learn more about legends such as James Brown, Aretha Franklin, Michael Jackson, and Beyoncé.
