**William Abbotts Snaith**

**When Lightning Strikes** Brenda Novak, 2020-08-10 "It's steamy, it's poignant, it's perfectly paced—it's When Lightning Strikes and you don't want to miss it!"—USA TODAY Welcome to Whiskey Creek—Heart of the Gold Country Gail DeMarco left Whiskey Creek, California, to make a name for herself in Los Angeles. Her PR firm has accumulated a roster of A-list clients, including the biggest box office hit of all—sexy and unpredictable Simon O'Neal. But Simon, who's just been through a turbulent divorce, is so busy self-destructing he won't listen to anything she says. She drops him from her list—and he retaliates by taking the rest of her clients with him. Desperate to save her company, Gail has to humble herself by making a deal with Simon. The one thing he wants is custody of his son, but that's going to require a whole new image. He needs to marry some squeaky-clean girl who'll drag him off to some small, obscure place like Whiskey Creek.... Previously published Don't miss Brenda Novak's latest book, When I Found You!

**When Lightning Strikes** Ryan Nagelhout, 2015-07-15 Lightning can strike in the same place twice. It's for this reason that readers need to learn how to avoid being in dangerous places during a storm with lightning! While a spectacular weather phenomenon to witness, lightning can cause destruction and even death. Readers learn what causes lightning and other science content regarding the occurrence of lightning, including its connection to rain and thunder. Succinct sidebars add even more detail about specific, real-life lightning events complete with full-color photographs of amazing lightning strikes.

**When Lightning Strikes** Meg Cabot, 2012-10-25 When lightning strikes there can only be trouble - as Jessica Mastriani finds out when she and best friend Ruth get caught in a thunderstorm. Not that Jess has ever really avoided trouble before. Instead of cheerleading there are fistfights with the football team and monthlong stints in detention - not that detention doesn't have its good points - like sitting next to Rob - the cutest senior around! But this is trouble with a capital T - this trouble is serious. Because somehow on that long walk home in the thunderstorm, Jess acquired a new found talent. An amazing power that can be used for good. . . or for evil.

**When Lightning Strikes** Kristin Hannah, 1994-10-01 When a romance writer discovers that she's magically entered her own novel, she must team up with the gruff, alluring protagonist to find her way back home—from the #1 New York Times bestselling author of *The Women*. "Hannah is superb at delving into her main characters' psyches and delineating nuances of feeling."—The Washington Post Book World Romance writer Alaina Costanza has given up on dreams and fairy tales. Then one storm-tossed, enchanted night she is plunged back in time to the wild, Western world of her newest novel. Disoriented and disbelieving, she is kidnapped by her own character, a ruthless outlaw only known as Killian. At first Alaina is not afraid. After all, she wrote this story, invented the notoriously sexy Killian. Now she's matching him hard-bitten word for word . . . until she's hit with the shock of her life: this is all too real. Once wisecracking and invincible, she is now a mother desperate to return to the child she left behind—one hundred years in the future. Thrown together by fate, Alaina and Killian will discover a love too magnificent to last a single lifetime. But even magic has a price, and time is running out. For the sake of Alaina's child, they must risk it all and fight for a future that depends on lightning striking . . . twice.

**Fire as an Agent in Human Culture** Walter Hough, 1926 This work undertakes the presentation of salient features of an encyclopedic subject in a more or less condensed fashion. The importance of the study of heating and illumination is thought to be its contribution to the history of culture as connected with the inventiveness displayed by man in the adaptation of the primary natural key force nearest to his needs in all the earlier stages of progress. The history also suggests the intellectual, esthetic, and religious reactions marking the several stages of culture gradually attained by man.
