Jules Verne

Our Wives Under the Sea Julia Armfield, 2022-07-12 A BEST BOOK OF THE YEAR (NPR, The Washington Post, Lit Hub, The Telegraph, Goodreads, Tor.com, them, and more) A FINALIST for the LAMBDA LITERARY AWARD and GOODREADS CHOICE AWARD “A deeply strange and haunting novel in the best possible way...An impressive and exciting debut novel that may leave you thinking about your own relationships in a new light.” —NPR “Shocking...Achingly poetic...Sharp and beautiful as coral polyps...Armfield exercises an exquisite—even sadistic—sense of suspense. —Ron Charles, The Washington Post Leah is changed. A marine biologist, she left for a routine expedition months earlier, only this time her submarine sank to the sea floor. When she finally surfaces and returns home, her wife Miri knows that something is wrong. Barely eating and lost in her thoughts, Leah rotates between rooms in their apartment, running the taps morning and night. Whatever happened in that vessel, whatever it was they were supposed to be studying before they were stranded, Leah has carried part of it with her, onto dry land and into their home. As Miri searches for answers, desperate to understand what happened below the water, she must face the possibility that the woman she loves is slipping from her grasp. By turns elegiac and furious, wry and heartbreaking, *Our Wives Under the Sea* is an exploration of the unknowable depths within each of us, and the love that compels us nevertheless toward one another.

Our Wives Under The Sea Julia Armfield, 2022-03-08 Miri thinks she has got her wife back, when Leah finally returns after a deep sea mission that ended in catastrophe. It soon becomes clear, though, that Leah may have come back wrong. Whatever happened in that vessel, whatever it was they were supposed to be studying before they were stranded on the ocean floor, Leah has carried part of it with her, onto dry land and into their home. To have the woman she loves back should mean a return to normal life, but Miri can feel Leah slipping from her grasp. Memories of what they had before – the jokes they shared, the films they watched, all the small things that made Leah hers – only remind Miri of what she stands to lose. Living in the same space but suddenly separate, Miri comes to realize that the life that they had might be gone. *Our Wives Under The Sea* is the debut novel from the critically acclaimed author of *salt slow*. It’s a story of falling in love, loss, grief, and what life there is in the deep, deep sea.

Salt Slow Julia Armfield, 2019-05-30 In her brilliantly inventive and haunting debut collection of stories, Julia Armfield explores the body, mapping the skin and bones of her characters through their experiences of isolation, obsession, love and

revenge. 'Wickedly clever prose and a sense of humour that seems to loom up like a character in itself' - M John Harrison, Guardian Teenagers develop ungodly appetites, a city becomes insomniac overnight, and bodies are diligently picked apart to make up better ones. The mundane worlds of schools and sleepy sea-side towns are invaded and transformed, creating a landscape which is constantly shifting to hold on to its inhabitants. Blurring the mythic and the gothic with the everyday, Salt Slow considers characters in motion - turning away, turning back or simply turning into something new entirely. Winner of The White Review Short Story Prize, Armfield is a writer of sharp, lyrical prose and tilting dark humour. 'Salt Slow is exemplary. A distinct new gothic, melancholy, powerful and poised.' - China Miéville, author of The City & The City 'The stories in this collection look at women's bodies and their experiences in society with an eerie, otherworldly lense . . . For fans of Carmen Maria Machado, Sophie Mackintosh and Megan Hunter' -Elle

salt slow Julia Armfield,2019-10-08 Shortlisted for the Sunday Times Young Writer of the Year Award From White Review Short Story Prize winner Julia Armfield, a brilliant, provocative debut story collection for fans of Carmen Maria Machado and Kelly Link. In her electrifying debut, Julia Armfield explores women's experiences in contemporary society, mapped through their bodies. As urban dwellers' sleeps become disassociated from them, like Peter Pan's shadow, a city turns insomniac. A teenager entering puberty finds her body transforming in ways very different than her classmates'. As a popular band gathers momentum, the fangirls following their tour turn into something monstrous. After their parents remarry, two step-sisters, one a girl and one a wolf, develop a dangerously close bond. And in an apocalyptic landscape, a pregnant woman begins to realize that the creature in her belly is not what she expected. Blending elements of horror, science fiction, mythology, and feminism, salt slow is an utterly original collection of short stories that are sure to dazzle and shock, heralding the arrival of a daring new voice.

Twenty Thousand Leagues Under the Sea Jules Verne,1994 After a mysterious sea monster damages an ocean liner, the US government assembles a team in New York City to track down the creature and destroy it. French marine biologist Pierre Aronnax receives a last-minute invitation, as does Canadian harpoonist Ned Land. They leave aboard the Abraham Lincoln, bound for Cape Horn and then the Pacific Ocean. But all is not as it seems. When they find the monster and attack, the Abraham Lincoln is damaged and Aronnax and Land end up thrown onto the monster's hide. Except where there should be flesh there is metal. The monster is in fact a submarine called the Nautilus, captained by a mysterious renegade named Nemo, who swiftly takes his former pursuers captive aboard his impossible vessel and then dives deep beneath the waves. So begins the adventure of a lifetime for Aronnax and Land, as Nemo refuses to ever let them leave in case they reveal the truth about the Nautilus. Nemo is on a mission to seek out scientific knowledge and wreak revenge on the civilisation that destroyed his family, a mission that sees the Nautilus explore shipwrecks, hunt sharks, visit the real Atlantis, get attacked by a giant squid and end up stuck in a terrible whirlpool. With *20,000 Leagues Under the Sea*, Jules Verne can rightly be considered one of the founding fathers of science fiction. This special edition is based on the original translation that popularised the novel in the English-speaking world, and features brand-new maps that establish where (under the sea) the action of the novel was meant to take place.
