Cornfields to Gold Medals Don Showalter,2023-06-27 Blending personal narrative with practical guidance, *Cornfields to Gold Medals* delivers well-traveled leadership principles for on and off the court. Coach Don Showalter's rise to international recognition as a coach can be traced to his time at the helm of USA Basketball's Junior National Team, where he went 62-0 and brought home 10 gold medals. Yet, for all his international success he remains grounded in the Midwestern values that shaped his character; principles have made him a passionate ambassador for the sport of basketball and one of its great teachers. *Cornfields to Gold Medals* is an all-American story that takes the reader on Showalter's life journey through the sport he has coached for nearly half a century. It begins humbly, on a family farm perched atop the rolling hills of southeastern Iowa, and extends to gymnasiums in every corner of the world. Interspersed in this compelling personal narrative are 10 lessons in leadership, strategies Showalter employed throughout his 44-years coaching young athletes. Each is accompanied by key points in how to teach the lesson, and shares effective strategies for readers to implement in daily practice. Rooted in heartland principles of community, hard work, and service, this essential book offers leaders insight into guiding others and time to reflect on what is truly important.

Indigenous Prosperity and American Conquest Susan Sleeper-Smith,2018-05-11 Indigenous Prosperity and American Conquest recovers the agrarian village world Indian women created in the lush lands of the Ohio Valley. Algonquian-speaking Indians living in a crescent of towns along the Wabash tributary of the Ohio were able to evade and survive the Iroquois onslaught of the seventeenth century, to absorb French traders and Indigenous refugees, to export peltry, and to harvest riparian, wetland, and terrestrial resources of every description and breathtaking richness. These prosperous Native communities frustrated French and British imperial designs, controlled the Ohio Valley, and confederated when faced with the challenge of American invasion. By the late eighteenth century, Montreal silversmiths were sending their best work to Wabash Indian villages, Ohio Indian women were setting the fashions for Indigenous clothing, and European visitors were marveling at the sturdy homes and generous hospitality of trading entrepôts such as Miamitown. Confederacy, agrarian abundance, and nascent urbanity were, however, both too much and not enough. Kentucky settlers and American leaders—like George Washington and Henry Knox—coveted Indian lands and targeted the Indian women who worked them. Americans took women and children hostage to coerce male warriors to come to the treaty table to cede their homelands. Appalachian squatters, aspiring land barons, and ambitious generals invaded this settled agrarian world, burned crops, looted towns, and erased evidence of Ohio Indian achievement. This book restores the Ohio River valley as Native space.
