

El Significado De Hbitat

Alberto Silva Aristeguieta

Hábitat. Descripción y análisis ecológico Rafael Chávez López,Rocha Ramírez Arturo,2023-03-28 Este libro propone el estudio del hábitat como una entidad dimensional delimitada espacialmente, en la que se pueden incluir factores biológicos como la vegetación y las interacciones entre organismos. Por ello, en el primer capítulo se presenta una revisión de las definiciones de este término toral en la ecología, se establece un comparativo entre los diferentes usos que se han empleado; también se ofrece la terminología derivada como uso, preferencia, selección y calidad; y, además, se ejemplifica la aplicación de los estudios del hábitat.

Revista geográfica ,1963

Urbanismo Regenerativo Landlab,Paisaje Transversal,2024-01-23 We are living in a critical moment, a reality marked by environmental and socio-economic limits that requires innovative and realistic forms of action and planning. This is what regenerative urbanism proposes, a new approach based on utopian pragmatism that seeks to restore balance to the urban territory by designing systems that allow it to adapt and transform. It is a methodology that defines models that do not consume available resources, but rather generate new ones that ensure compatibility between economic and social prosperity and nature. Santander, Hábitat Futuro (Santander, Future Habitat) is the city model created from this methodology, a proposal for the transformation of this city for the year 2055. It is an open model based on innovation and citizen participation that prepares and adapts the territory for the different scenarios to come. Santander, Habitat Futuro is a guide that directs the commitment of the different social, economic and political agents towards a common goal: to achieve a circular, sustainable, resilient, vertebrate, prosperous, vital and inclusive city. A model that, due to its innovative nature, can serve as an example to other intermediate cities around the world.

Hábitat popular Guillermo Marzioni,2021-08-12 La conciencia de métodos y propósitos entre las acciones de asistencia al mejoramiento del hábitat en asentamientos espontáneos y el enfoque de la Educación Popular en la particular concepción del educador Paulo Freire, es el tema de este libro. Con este objetivo, el autor desarrolla los ejes de la Educación Popular en un recorte vinculado al interés de este estudio, da cuenta de experiencias de Hábitat Popular en el mejoramiento habitacional de asentamientos espontáneos, entrevista a distintos referentes disciplinarios e ideológicos, indaga en materiales teóricos precedentes y aborda el estudio de casos que fueron objeto de la intervención del Estado a través de sus

Programas Nacionales.

La terminología en el siglo XXI Simposio Iberoamericano de Terminología ((9th :), Maria Teresa Cabré, Rosa Estopà, 2006
La IX edición del Simposio Iberoamericano de Terminología, que se celebró en la sede del Institut d'Estudis Catalans los días 29 y 30 de noviembre y 1 y 2 de diciembre de 2004, se acogió a las iniciativas del Fòrum de les Cultures Barcelona 2004, primera edición de un nuevo acontecimiento internacional que se proponía -y se sigue proponiendo en su continuación- promover el diálogo entre las diferentes culturas del mundo para articular una cultura de la paz, respetuosa con la diversidad y funcionalmente sostenible, que fuera capaz de impulsar un proceso de globalización basado en criterios éticos, igualitarios y solidarios compartidos. Los principios del Fòrum de les Cultures Barcelona 2004, basados en la Declaración Universal de los Derechos Humanos y en los principios programáticos de las Naciones Unidas, asumen el compromiso de fomentar los valores democráticos, la defensa de las libertades y derechos individuales, el respeto por la diversidad étnica, cultural, lingüística y religiosa, el impulso del diálogo y la creatividad, el respeto por la biodiversidad, el fomento de la responsabilidad social mediante el diálogo y la promoción del desarrollo sostenible. La Red Iberoamericana de Terminología (RITerm) cooperó en estos principios dedicando el IX Simposio al papel que desempeña la terminología en los tres ejes temáticos del Fòrum: la paz, la diversidad y la sostenibilidad. La terminología puede tener un papel importante en este diálogo, desde una doble vertiente: por un lado, porque puede participar en la delimitación de conceptos fuertemente ideologizados y polisémicos que están en la base de muchos conflictos desencadenados; por otro lado, porque es un elemento clave en la transmisión de ideas y conocimientos en un marco de plurilingüismo y especialización.\n
